Tennessee State Conrad 30 J-1 Visa Waiver Program

This is an incentive program that offers foreign physicians a visa waiver, allowing them to work in the U.S.

Purpose
The Tennessee State Conrad 30 J-1 Visa Waiver Program offers a J-1 Visa waiver to foreign physicians who commit to serving for 3 years in an underserved area of Tennessee, waiving the foreign medical residency requirement and allowing them to remain in the United States. The program is intended to provide physician services in areas that typically have difficulty attracting and retaining physicians.

Eligibility
Primary care physicians, psychiatrists, and sub-specialty trained physicians are eligible to apply. A detailed list of specialty areas may be found in the policies and procedures.
