I. Reading Comprehension

Direction: from question 1- 7 Read the following passage carefully and choose the correct answer from the given alternatives.

Traditional Games versus Modern Games

Traditional game plays an important role in children's health and development whereas modern games help just to pass your time while sitting at home and computer games. **They** just make you lazy. I totally agree that traditional games are far better than modern games. In this world, where children are facing competition in schools, **entertainmen**t is needed with studies. These traditional games give **them** some relief from their studies and also help in increasing a winning attitude in children as well as helping to increase cooperation, which plays an important role in communicating with other people in future.

They also make our mind fresh and ready to face any competition. It many benefits, but some drawbacks, too. Traditional games are usually the same. Children need changes today; playing the same games makes them dull. In this changing world, where fashion changes every day, old games should bring changes so children start playing these games again. Modern games are unlimited and **they** help in learning new technologies. Children learn about computers but these machines make children's minds more notorious and little bit criminal.
