AMU

The Autumn equinox :- Sun crosses equator giving approximately equal length b/n day & night.

Part I: Say "TRUE" for the correct statement and "FALSE" for incorrect one (1pt each).

1. Vital registration is the total process of collecting and publishing socioeconomic & demographic population data. F
2. Indian Ocean is the major source of summer rainfall in Ethiopia. F
3. When we move from peripheral to central part of Ethiopia, temperature generally decreases. T
4. Sloppy terrain is the major problem related to the use of Ethiopian rivers for the Hydro Electric power generation. T
5. Cushitic has the largest number of speakers and the widest spatial coverage in Ethiopia. T

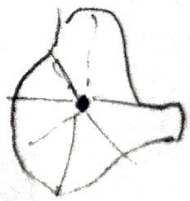
Part II: Matching the following items listed under column "A" with items under column "B" (1 point each).

- Alluvial soils are soils deposited by surface water.

"A"	"B"
E 6. Soil found in Highland regions	A. Fluvisols
D 7. Soil found in Rift valley escarpment	B. Vertisols
C 8. Desert soil with low organic content	C. Xerosols
A 9. Soil associated with river and lake regions	D. Lithosols
B 10. Clay rich soil	E. Nitosols
	F. Alisols

Part III: Choose the best answer from the given alternatives (1 point each).

11. Shape of a given country is said to be not compact when
    A. Area and Area Prime ratio (A /A') is smaller
    B. Area-Boundary ratio is close to one
    C. Boundary-circumstance ratio is close to one
    D. Area-Circumstance ratio is high
12. It is Autumn and Spring rainfall region?
    A. Arsi B. Gojjam C. Wellega D. Wollo



13. In Ethiopia south easterly wind is:
    A. Originate from Atlantic Ocean
    B. Continental wind
    C. Responsible for autumn and spring rainfall
    D. Bearings summer rainfall
14. It is the day when the point of verticality of sun's rays crosses the equator northwards?
    A. Autumn equinox B. Summer solstice (C) Spring equinox (Vernal) D. winter solsti
15. Of the following which one is not true about *Weyna Dega* ecological zone?
    A. It has moderate temperature and rainfall
    B. It is zone of two growing seasons
    C. It includes most of the agricultural land
    (D) Transitional zone b/n Dega and wirch

27. Which one is not among soil forming factors?

A. Time B. Topography C. Water D. Parent materials

28. A fertility measure which considers total number of live births per women of reproductive age is?

A. Crude Birth Rate B. General Fertility Rate

C. Total Fertility Rate D. Infant Mortality Rate

29. Ethiopia has _____types of population pyramid?

A. Uniform B. Regressive C. Progressive D. Stationary

30. Identify the odd one regarding language family?

A. Kembatigna B. Gamogna C. Hadiyigna D. Agawigna

31. Which regions of Ethiopia possess the highest and lowest mortality rate respectively?

A. Gambela & Addis Ababa B. SNNP & Addis Ababa
