LECTURE THREE

OUR MANNER OF APPROACH

Do you know that when you lack manner of approach, you may not easily win peoples heart that is why as a Christian we need to learn humility endurance, and love

If you approach someone to share good news but the person attack you heavily, arrogantly and rejecting your offer as in the case of other religion what can you do in such situation

If you approach someone and the fellow is criticizing Christianity and your entire attempt to explain it leads to argument what can you do in such situation.

If you approach someone and the fellow is criticizing Christianity and all your attempt to explain leads to argument what can you do to such situation

If other religion begin to quote the scriptures and interpreted it in a wrong way, your attempt to correct and defend faith leads to argument what can you do

If you approach someone and the fellow tells you we are serving the same God what will be your response and how can you defend it.

HOW SHOULD OUR APPROACH BE?

We should introduce Christ not religion or modesty or your church

We should avoid argument mostly with other religion rather make your point and leave

We should always learn tolerance not arrogance

We should learn not to condemn but preach Christ as the only way to the Father

Let the scripture be your central

ABOUT MODESTY

You need to understand the fact that sometimes our appearance matters in preaching the gospel of Christ Jesus what does the scriptures says We should let our appearance be moderate and presentable

Our body is the temple of living God and we should not allow anything to defile it.

Our dressing should be moderate

NOTE: Don’t dress like people of the world that you may be distinguish from them.

THE POINT OF AGREEMENT

You need to understand the fact that the point of agreement matters in evangelism because it determines the final decision and conclusion of the fellow you are ministering to what are those points of agreements. Ask if the person want to surrender all unto Christ and confess Christ as Lord and Savior it the answer is yes pray to lead such to Christ if the answer is no then still pray and commit the fellow unto Holy Spirit to perfect the work. Ask or try to notice if the person is ready to accept Christianity mostly when they are of other religion and it it is about to lead to argument or the answer

HOW DO I CONCLUDE MY MESSAGE

God still love you because tomorrow may be too late for you to decide Christ is at the door knocking whoever open the door of his heart he will enter Opportunities comes but ones in a life time take a wise decision now
What can profit a man to gain the entire world and loses his own soul One day it will all be over for every one think about where you will

BE A GOOD LISTENER
Do you know that it yield more dividend to be a good listener then you will be able to observe and know what to do next

ISSUES

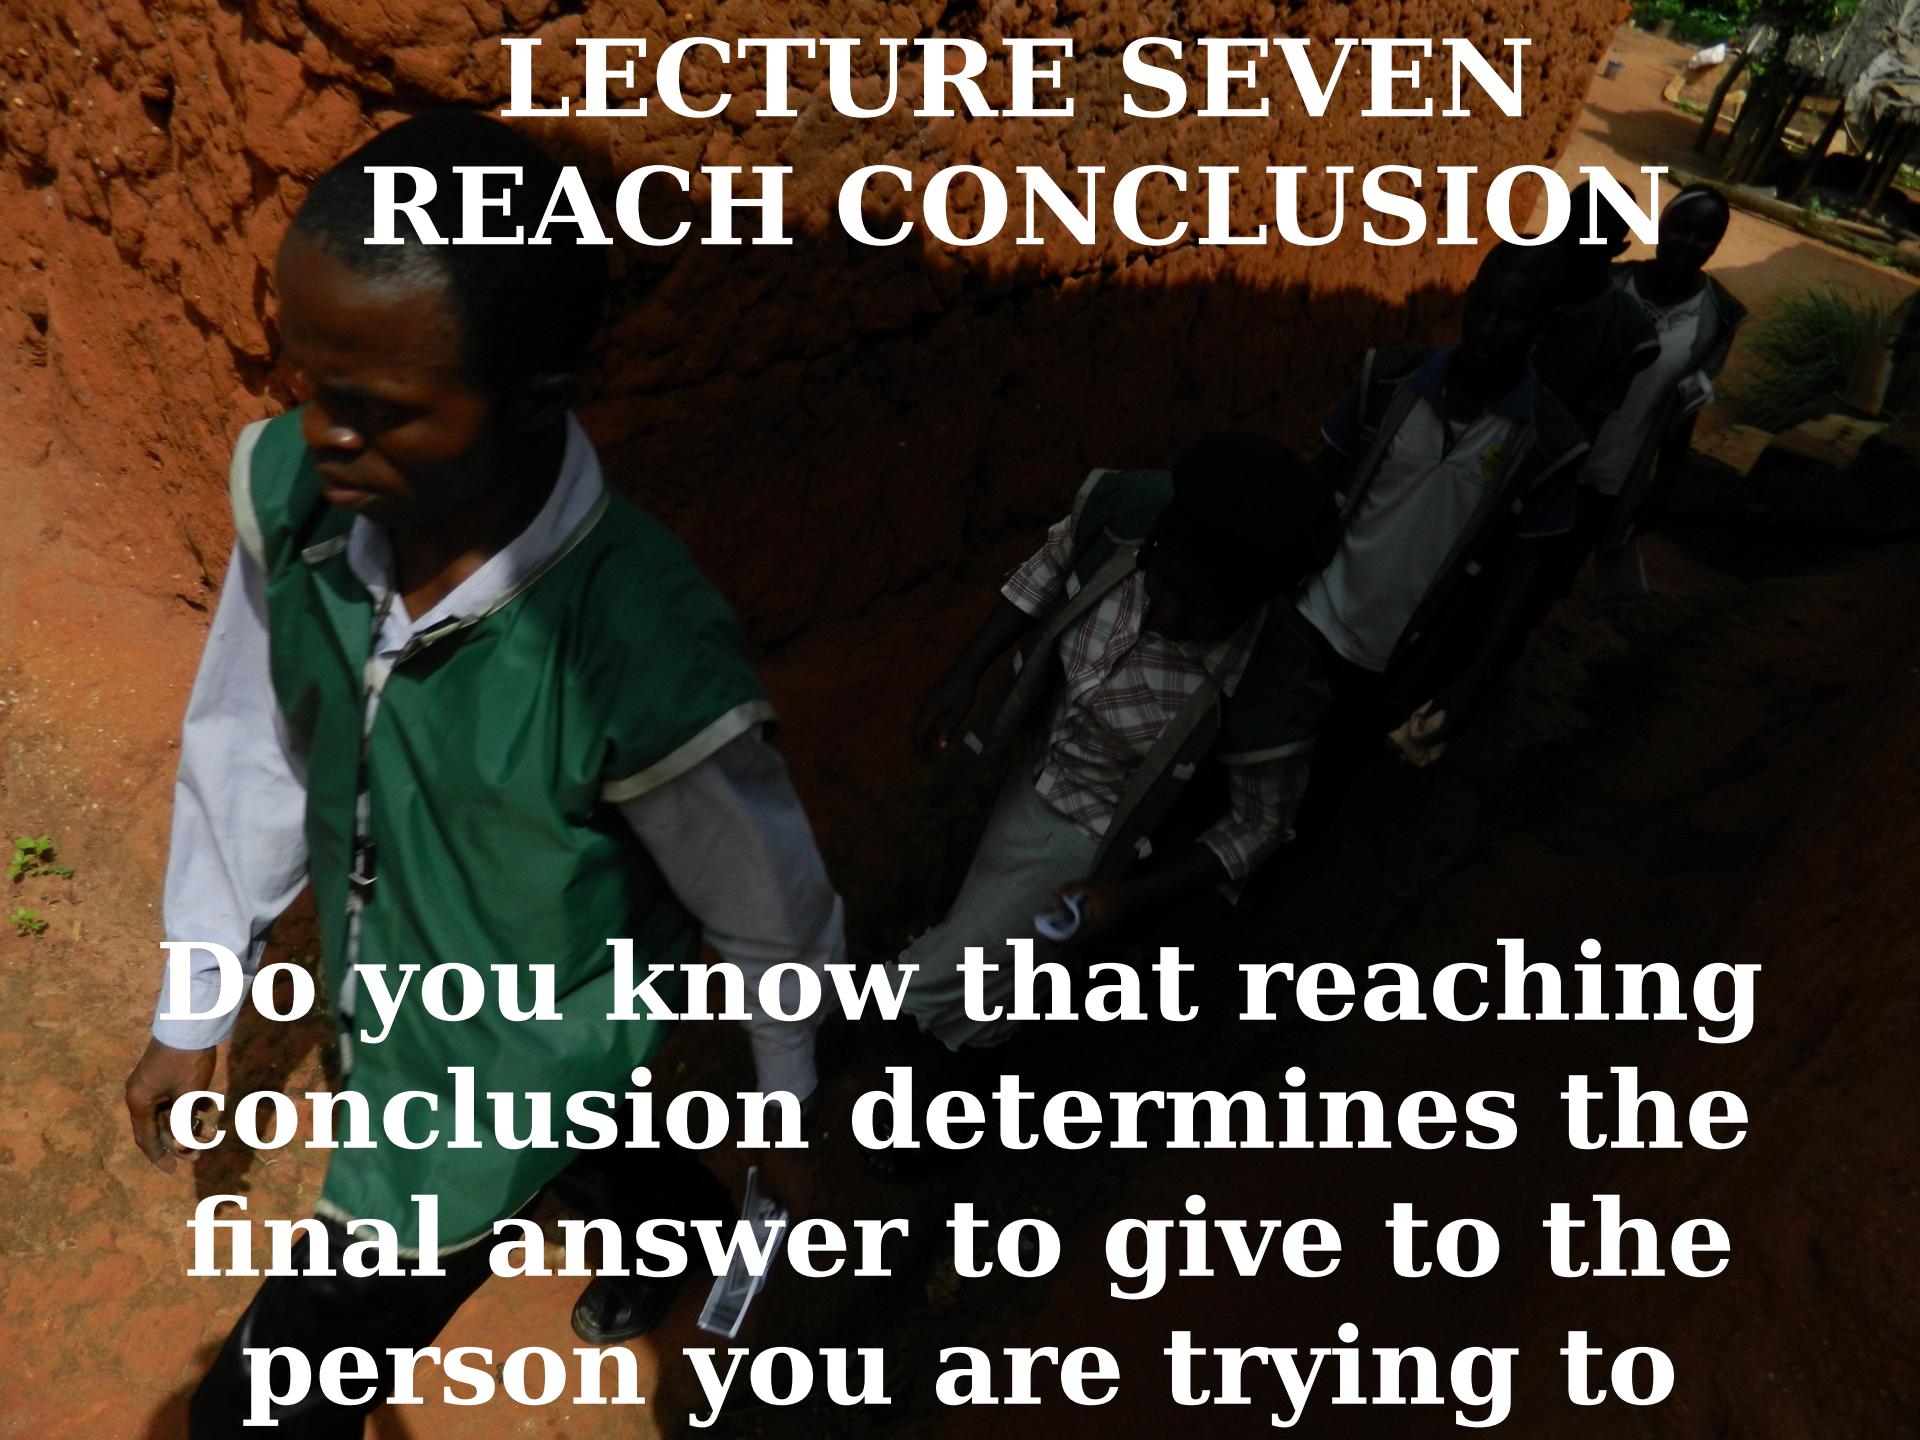
We observed that there are many issues arising in the body of Christ, society and the nation that requires answer

1. Where do people go after death?
2. Why do people died?
3. What is life after death?
4. Why do people suffer and struggle in life?
5. Is there any hope that this world, society and nation will soon be better again
6. Who is behind predicaments of this life?
7. Why do Adam sinned and it affected the entire human race
8. Can man leave without committing sin daily?
9. How can one leave without sin?
10. Are we really in the end time.

confused in this journey of life they will therefore love to ask question and see how you can give them solution to those questions

1. Learn to listen to others that you may know peoples mind to know the appropriate answer to give
2. There is need for effective communication between the sender and receiver that is why Holy Spirit should be the ultimate personality behind evangelism to do the work of perfection.

LECTURE SEVEN
REACH CONCLUSION



Do you know that reaching conclusion determines the final answer to give to the person you are trying to

WHAT SHOULD BE OUR CONCLUSION

In concluding any message of evangelism, your listener should be examined if the message is to be received or rejected

Introduce new life in Christ Jesus and lay emphasis on the need for Christ in their lives

Open their eyes to the benefit of having Christ and accepting him as Lord and Savior

Tell them the consequences of sin and the punishment of sin

Tell them how dangerous it is for a life without Christ and a life in Christ Tell them the joy of accepting Christ as Savior

Tell them despite all sins Christ still forgives all

Tell them there is life after death some to eternal damnation and some to eternal joy

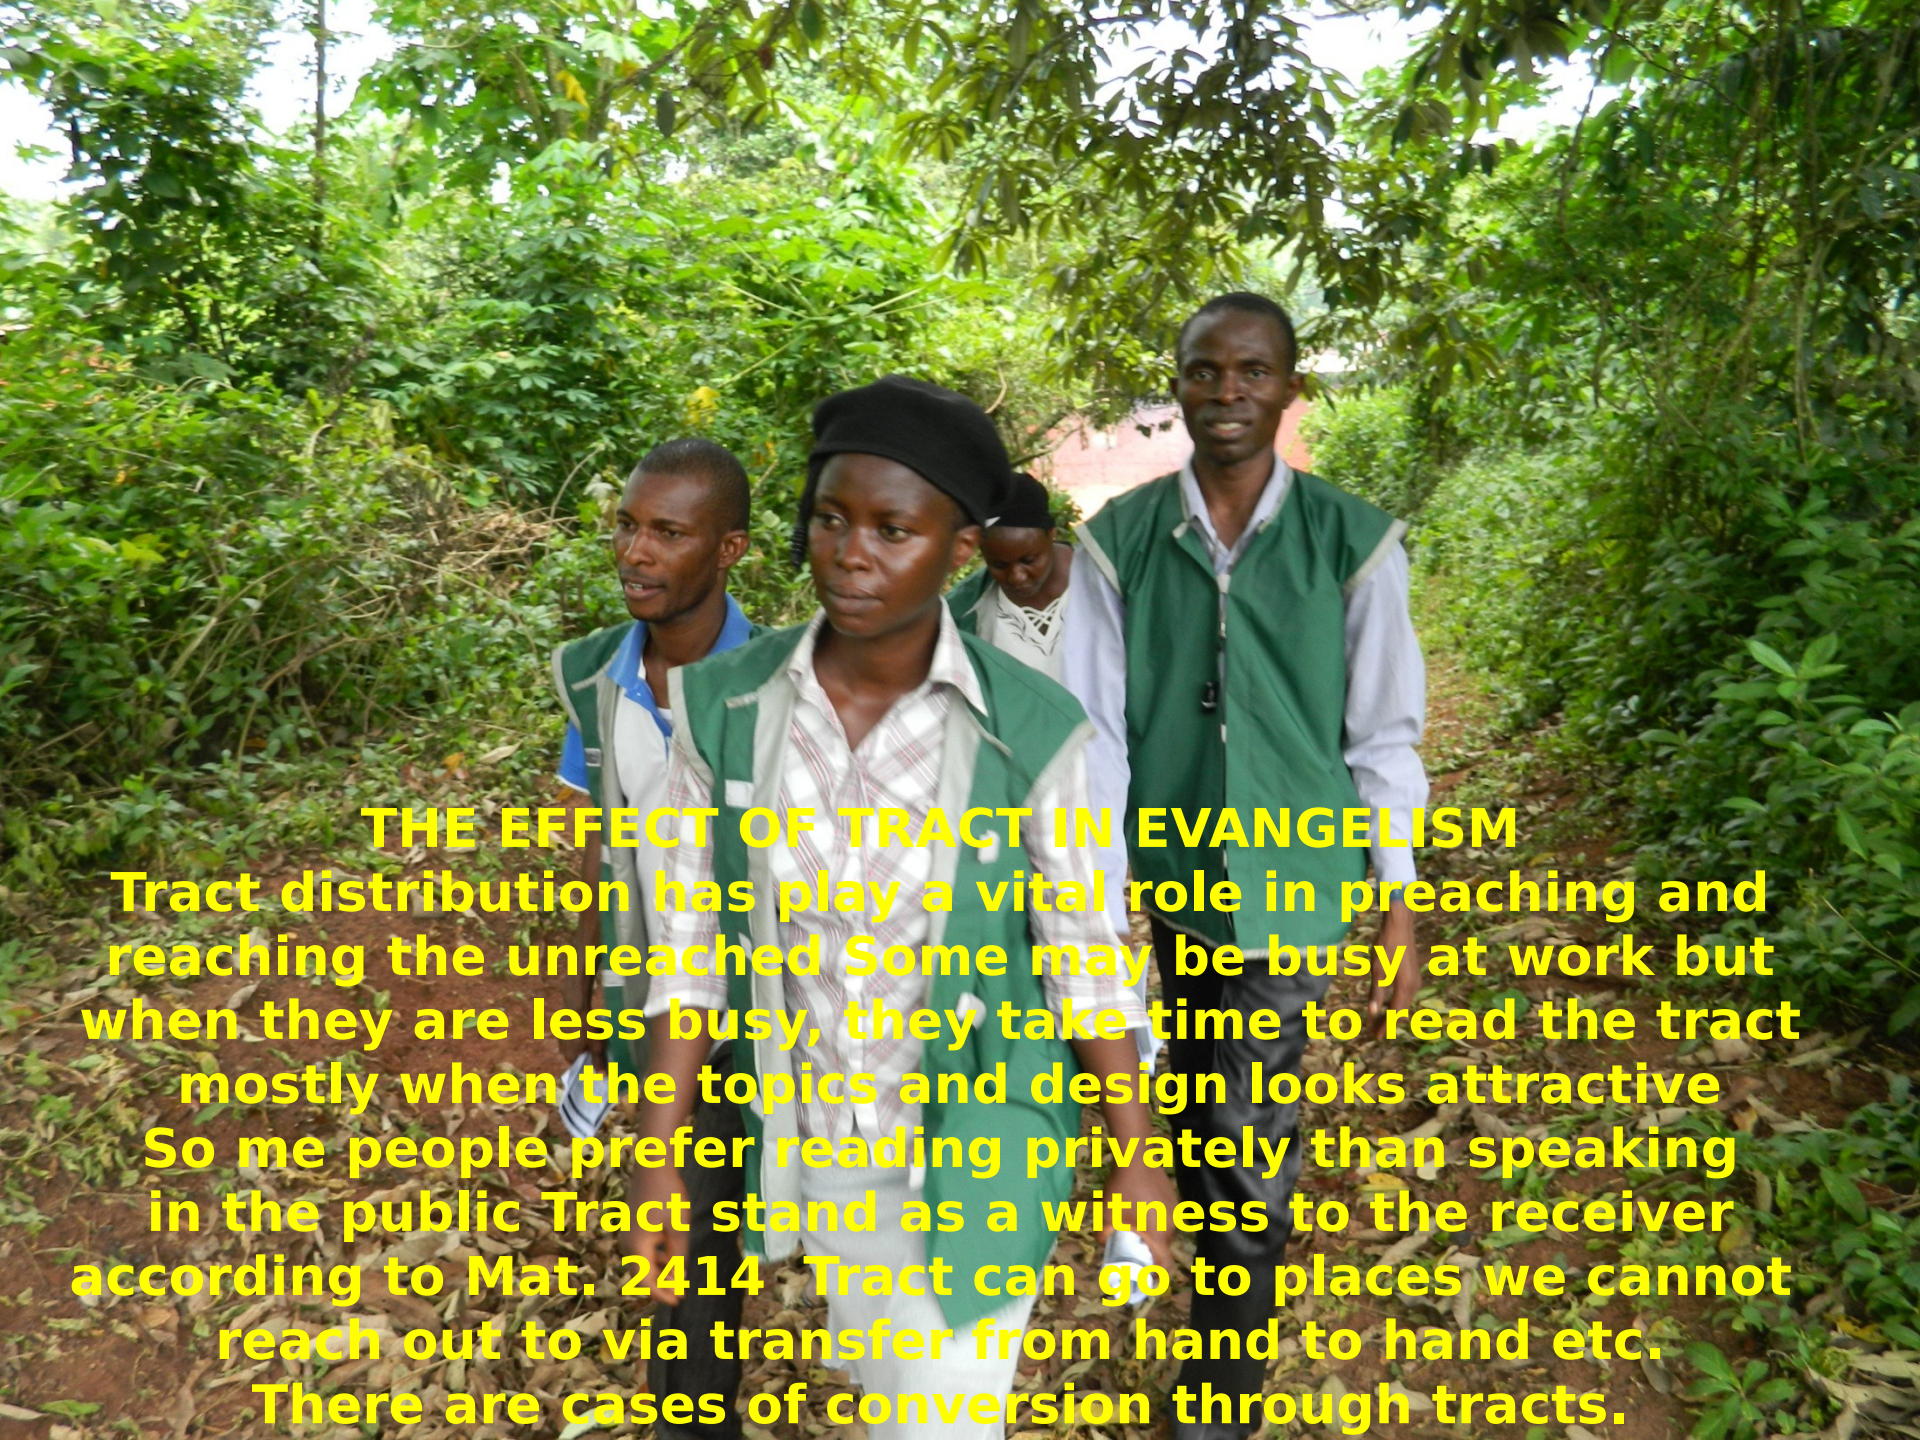
Tell them is is not too late for them to turn back from their sins Tell them the difference between religious person, Christian (faithful believer) and

OTHERS TO GOD

Always learn to pray for people’s salvation of soul and allow God to do the real work No one can do anything except it is given from heaven, God is really waiting for our faithfulness in the assignment he has given to us which is the business of soul winning.

LECTURE EIGHT
DROP A TRACTS FOR CONTINUITY

Do you know that the work of evangelism
ke a planted seed that need to be monito



THE EFFECT OF TRACT IN EVANGELISM

Tract distribution has play a vital role in preaching and reaching the unreached Some may be busy at work but when they are less busy, they take time to read the tract mostly when the topics and design looks attractive So me people prefer reading privately than speaking in the public Tract stand as a witness to the receiver according to Mat. 2414 Tract can go to places we cannot reach out to via transfer from hand to hand etc. There are cases of conversion through tracts.

LECTURE NINE
AVOID ARGUMENT

Do you know that there are many religious fanatics on the field who is ready to attack you both physically and spiritually, not only that they have their own doctrine that is against the scripture bible call them the anti-Christ.

WHY DO PEOPLE ARGUE

Do you know that every one look at the same direction but what they see is different the question is why people argue with the truth. Knowing the truth and failing to allow the truth to set them free.

Because people love darkness rather than light because their deeds were of evil..

Because some people’s eyes are blind to the truth

Because people’s view over issues differ

Because many come to the knowledge of truth but they deny its power thereof

Because many has embraced religion rather than understanding religion that it takes us no where in life and life to come

WHY MUST YOU AVOID ARGUMENT?

Do you know that Christ doesn’t force anyone to accept him because man is an agent of free will, choice, decision making that is why everyone will bear his own consequence

There is a choice of if you are willing and obedience you shall eat the fruit of the land

There is a choice of I am at the door knocking if anyone should open the door of his heart Christ is ready to come in.

Avoid argument mostly on the field of evangelism learn to close the chapter and leave them with the peace of God.

DO PRAYER EVANGELISM

Do you know that over 80% people on the field will love to be prayed for, that is why prayer evangelism is also one of the effective means of winning people’s heart mostly when your prayer brings solution to their problems

WHAT IS PRAYER EVANGELISM?

It is an act of praying for people and inviting them for open Air Crusade

It is when you prayed for people from house to house before preaching the gospel,

It is a means of praying for people on the mission field to attract communication.

PRAYER EVANGELISM BRINGS OPPORTUNITY

When you lunch operation prayer evangelism
it opens doors to win people's heart because
80% people will want to be prayed for mostly
when Holy Spirit help you and you prayed for
the sick and they are healed, you see people
willing to know your God that has done it for them.
Prayer Evangelism is part of Christ strategies
of gaining people's attention he was going about
doing good with signs and wonders
The Apostles use the same method to command
attention from people like the case of the man
at the beautiful gate. If people don't see signs and
wonders they will not believe and that is why
miracles can happen at the cause of your prayers
Prayer evangelism start on your kneel at home
before the manifestation on the field.
You need to increase your prayer life that it may
be effective on the mission field.

For I am not ashamed of the gospel, for it is the power of God for salvation to everyone who believes, to the Jew first and also to the Greek. For in it the righteousness of God is revealed from.

Rom 1:16-17

Don't waste another minute dealing with a toxic, negative, energy-draining person. Some people are wired for negativity. They love being argumentative, combative and abusive. Run for your life as quickly as possible.
