Get A Vision for Your Life NOW by Jeremy Lopez

Let's look at your vision, your future, your destiny and how to make it work, how to accomplish it, and create it. A lot of us have ideas and dreams of what we want in our future. What we think or feel should happen. It's time we come to the realization it is time for us to create our future. The Bible talks about the Kingdom of God being on the inside of us, *"If you seek ye first the Kingdom of God and His righteousness will be added unto you."* We have to come to the realization that everything in life we need we already possess. So what we have to do is create it from the inside and bring it on the outside. The Bible says, *"all these THINGS will be added unto you,"* which basically means you have the things in life you need. The Bible says, *"Out of your belly shall flow rivers of living waters."* You've got rivers on the inside of your belly. The Bible says, *"Choose you this day whom you will serve,"* which means you have the right and the power today. God is not going to do it for you. The Holy Spirit is not going to do it for you.

Your Chose

Today you have the power inside of you to choose this day whom you will serve. You have the choice to think positive and to create a future for you to be positive. Or you have the choice today to create your future to be negative. You have a choice today to create something out of nothing or you have the choice to continue to create void. The Bible talks about out of the mouth spring issues of life or death. Therefore out of your mouth there are issues of life that can go forth and be a creative force to speak something into being. Or it has the power to create death, doom and gloom and negativity in your atmosphere and you will never accomplish anything.

Grab A Hold of the Reigns

Even though you might have a vision and a dream in your life you will never accomplish anything because you don't grab the reigns of life and make it your own. If you don't grab hold of the reigns of your life someone else will. I'm not talking about the Spirit of the Lord not leading you; that is already a done deal in your life. The Bible says, *"The path of the righteous gets brighter and brighter."* Your path is ordained by God. But He wants you to make it work and make it happen. If you don't grab a hold of your own life and master your destiny someone else around you will with their own ideologies of how they perceive or see you.

Write the Vision Down

First and foremost you need to get a notebook and write down what you want to accomplish and achieve in your life. The bible says that God *"writes upon the tablets of our hearts."* Writing is very important to God. So you need to write down what you believe the Holy Spirit has put inside of you to accomplish. Write things down about your job, your finances, and your relationships; write down things you want physically, and mentally, and spiritually. What are the things you choose to create? What are the things inside of you that if someone said, *"you are the master of your own life and therefore you are going to create your own life; what would you create?"* What would you begin to write down? You need to say, believe and visualize, *"I want to see this happen in my life." "I want to have a better home." "I want to have a closer family." "I want a different job." "I want to be financially equipped to be able to travel." "I want to be able to give to missionaries." "I want to be able to have the finer things of life."*

A False Balance

Now here's the thing that a lot of us as Christians never face and realize: True humility says that obedience is better than sacrifice. God knows what is in your heart and in your spirit. God knows the number of hairs on your head so He knows what is in your heart. Paul said, *"I wish above all things you would prosper and be in good health even as your soul prospers."* The bible also says, *"a false balance is an abomination before the Lord,"* which means if you are not balanced out and prospering spiritually like you are naturally you are a false balance.

Let's take and put the shoe on the other foot. If you are prospering spiritually by going to the 3rd heaven all the time, if you are having visions and dreams, and angelic visitations that is wonderful, but if you are not prospering naturally like your soul is prospering you're still a false balance which is an abomination. So we have to realize that God wants us to have encounters with Him and prosper spiritually, but He also wants the natural to be balanced as well by prospering with financial blessings. Are you creating in the natural what you need to create? Are you creating a better life for yourself? Or are you creating something of a void? The Bible says, *"As long as the Earth remains there will be seed time and harvest,"* which means you are always creating something 24 hours a day, 7 days a week by sowing and reaping. You are always giving or receiving of your life, money, time or energy. If you don't create your day and end up saying, *"I'm not going to worry about it, it's all in God's hands,"* you open up your life for somebody else to control it since God's nature is not in the "controlling business" but in the "empowering business." God is not going to control your life. He's not a master that treats us like robots. God doesn't function that way. The Holy Spirit leads you through your decision making and then says, "Create it how I showed you."

What Color Do You Want The Light to Be?

A pastor once told me "the light is always green for you, not red." Therefore if you are led by the Holy Spirit when God needs to stop you He will put the red light up for you. Your life is not a red light, but green. We are used to thinking negative and not positive. We are use to focusing on the red and not the green but the glass is half full, not half empty. If you see it half empty, change your perception of how you view your life and creation. If you are always thinking negative and it's always a red light, and that God will nudge you when the green light comes on then you will never succeed in life. You will always be broke and

be ‘diseased’ or ‘dis-eased.’ In other words, not comfortable in your life with an over flow. You don’t just give up the reigns to God to control you.

Your Own Place of Influence

The word says, “ *Choose you this day whom you will serve.”* The power of life and death is in YOUR tongue, not God’s. He has called us to be kings and priests. Kings make decisions for their kingdom. You have a metron for your own life. The word ‘metron’ is a Greek word, which means, “sphere of influence.” You have been given your own domain to influence.

The bible says, *“He has given us all things that pertain to life and godliness.”* Therefore God has already given us everything. The problem with us is that we are scared to run our own lives. We are afraid to say, *“This is the direction I want to go. This is what I want to accomplish in my life. These are the things I want to achieve.”* We are scared to do that because we don’t trust ourselves. We want God to run our lives because we do not trust the treasure God has given us in our earthen body.

treasure God has given us in our earthen body. *“But we have this treasure in earthen vessels….”*

God does not want to decrease who you are. He wants the sin nature in you, the beastly nature, on the inside of you that leads you down the wrong path to decrease, not you as a person. God has created us, wonderfully and fearfully in His own image and likeness. God wants us to discover our identity in Him and achieve what we want in life. He will give us ideas and things in our lives that He wants us to do. He has a path for us and He wants us to blaze that trail of our life. He wants us to accomplish, achieve, reach for the goal, and press toward the mark of the high call. He is not going to do it for you; you have to press towards the mark yourself. In God there is a high call but for so many there is a low call.

call but for so many there is a low call. *“I press toward the mark for the prize of the high calling of God in Christ Jesus.”*

If you do not choose the path of the high call then you’re going to choose the low call. God is not going to run it for you. If you do not run your own life your life will be on autopilot and run itself and take you places you really don’t want to go.

The bible says, *"In Christ we live, and move, and have our being,"* which means you are always moving. You will never stand still. You will either go forward or backward. You are going to move positively or negatively. You have to press towards the mark of the high call of Christ Jesus, press towards the prize, press towards being the cocreator in God you were created to be.

You are the Elohim of God

'Elohim,' which is a name of God, means 'co-creators.' We are co-creators with God and He has given us the power to co-create our lives with Him. If you do not create it, it will create something for you of void and chaos. And you will wake up one day saying *"But Lord I left my life in your hands to lead, guide, and direct."* But that is not scriptural. The word says, *"God has given us everything that pertains to life and godliness."* He has given you not just the power to *"choose this day whom you will serve,"* but also what you will create to produce the life you want and desire and the godliness to manifest His kingdom on earth. What kind of life do you want to produce? God is going to ask us one day, *"What did you mold in and for your life?"* What you have right now in your life is what you have molded consciously or unconsciously, knowingly or unknowingly. Jesus said, *"I've come to give you life and give it more abundantly."*

What you need to do is stop putting the blame on the devil because the devil is not your problem, the way you think is your problem. The devil is not omnipresent therefore he cannot be everywhere at one time. So do not focus on the devil because he has no effect on you unless you allow him to or give him an avenue. You have the power to open up the door for the enemy, if not he cannot affect you.

God says, *"I've given you your life, now you choose what you want in your life and create it like I did in the beginning of time by saying, Let there be….."* You have to be the master and creator of your own life. What is it that you want to "Let there be" in your life? If you don't answer that question by the uniqueness and character God has given you, the canvas of your life will never be colorful with creativity. God says by the leading of the Holy Spirit He wants you to create your own life. As a visionary take a pen and paper and write down, not what you think you can get by the natural, but rather what you would dare to dream if you knew anything was possible. Begin to dare to dream and write down those things that you use to say, *"I can't do that"* or *"I could never*

achieve that in my life."

I Am That I Am

The Bible says, *"I can do all things in Christ who gives me strength."* you have to come to the place of "I am." You have to come to the place of realization to say, *"I am that I am like God,"* which means, "I am a creator like my God." The things I see my Father do He wants me to do and greater. He said, *"Greater works shall you do."* Works does not just mean spiritually, but also means naturally. You have to dare to dream to say, *"I want this in my life and I'm going to achieve it and accomplish it."* You have to place yourself as the "I am" in your life to say, *"I am and that settles it!"* You can't say, *"I can't. It's too big for me. I'm just a small person. I can never accomplish it."* What happens is you will begin prophesying into your atmosphere creating your destiny for you *of "I can't and I won't."* The rest of the days of your life will be lived in doom and gloom. You should live in the "I can and I will" mentality. If not, your life begins to master itself through the soulish part of you that tends to be out of control and everything in your life will be desolate and destructive. You will never accomplish anything. Every time you touch something it will just disintegrate because of the fact you don't position yourself in God as the "I am," you position yourself as the "I can't." Anything opposite from the "I am" of God is an anti-Christ mentality. The word 'anti' does not mean against, it means "instead of." Therefore you set yourself up as the anti-Christ which is against the "I am" that God created you to be. Therefore you never accomplish and master anything in your life. You have to change and reverse the curse by saying, *"I am that I am."*

The Bible says, *"Your life is but a vapor."* Your life is only a short period of time on this earth and it's time for you to take control of it by getting a visual of what it should be and become in the future. Don't live in the "it is what it is" life but live in the realm of more abundant life by painting the canvas with the power of the mind of Christ in you!

Awaken the Spirit NOW!

I want you to begin to write down things that you dare to dream and not what you think is already in your reach. Bypass your subconscious mind of all the images and photographs your mind has taken up until this point of your life and upload some new data to the memory bank of your mind with things you WILL

see in your future, not what you have PREVIOUSLY seen. Did you know that your spirit knows it can do anything and everything? The problem is your flesh and soul. Your flesh and soulish man only sees the limited things of this life, while your spirit man sees the unlimited and a world without borders. Your soulish man says, *"I can't."* Get out of the limited and step over into the unlimited by awakening to your REAL self, which is unlimited spirit! You have to bypass your soulish man and come to the realization that the spirit inside of you is eternal. It always has been and it always will be. The spirit is boundless, full of life, strength, power and color. Your spirit knows what God wants. Your spirit knows that it can accomplish anything because it is used to being in the realm of *"I am, I can and I will because I already have that, and I already am that."* But your soulish man says, *"It's too hard to accomplish, I can't accomplish it, and no way can I ever do that."* So your soulish man just thinks with borders and boundaries and doesn't accomplish anything because your soulish man will never live in the realm of "I am."
So in Christ we live and move and have our being. Your soulish man will never know what it is like to "be," It only wants to work hard to maybe one day, "become." In other words, the soul, which is the mind, will and emotions only think of becoming something one day, but it never really achieves becoming anything because it does not live in the "I AM," it only wants to live in the "I MIGHT BE ONE DAY." Your soulish man will always live in the realm of thinking, *"One day I hope I can have that car. I hope one day I can accomplish that goal. I want this in my life but it usually never happens for me."* Even to the point of thinking positive that one day it will happen, but it will never happen for you and never come to pass because you're not living in the present "nowness" of God which is "I am." You're just always thinking of how it could be but you are never living in the realm of being in Him. "Being" is present tense, not "one day" tense. We have our being in Him now, which is present tense, living in the power of now.

Do You Want To Prosper in Your Future?

So I want you to write down what you want to accomplish in your life. At first you can keep it short and simple and later go into more detail. But now commit to answer the following questions to access your financial wealth:

- **What is your ideal annual income?**
- **What do you desire to make in your life?**
- **What is your dream net worth?**

• **How much do you want in your financial freedom**

account?

Now begin to write down what you want in your life, for instance, *"I want to pay off my bills. I want to get out of debt. This is how much money I desire to have in my bank account."* You have to think logically. What I mean is this, not to shoot down your goals, it's the natural human instinct to say, *"I want to be a multi millionaire and have everything in life."* No, that is not realistically thinking in the Kingdom of God. Being realistic in the Kingdom of God is discovering what your goal is and what you want to achieve in your life that you know is already inside of you, it just needs to awaken to consciousness first. What has God set into motion in your spirit? Does God want you to be a millionaire? Is that something you have sensed all your life because you have a vision for that money? If so then write it down. It's not actually that hard to be a millionaire.

How Much Do You Want to Make?

With today's economy we are making more money than we used to. Having a million dollars is not that big of an accomplishment, it's not that hard. If you could get $50,000 then $100,000 then $500,000 then $1,000,000 then you realize the accomplishment to become a millionaire is not that difficult. God wants you to prosper so you can't look at life and say, *"multi millionaire… wow… that's a lot of money."* In reality having a $1,000,000 is really not that big of an accomplishment. You have to realize it's not like you are shooting for the stars. Being a millionaire is not that difficult for you.

When I began to make "millions" in my spirit (Here I am talking about spiritual things, moving in angelic realms of God, seeing dreams and visions and prophesying to people), I realized all of that stuff is wonderful because my soul was prospering but God said, *"You will never master anything in life in the natural because your goal is not big enough in this plane of existence like your spirit is."* Your spirit man always says, *"I'm going to achieve all I can and grab a hold of all I need in God."* When you begin to align the natural with THAT mentality that you have in the spirit, you will begin to make the "millions" in the natural too. And then you will also begin to see manifestations of signs and wonders in the natural as well. You have faith to believe in God for "spiritual things" but you must come into full alignment body, soul and spirit to be

complete and not lacking in anything.

Faith Really Does Work!

But the problem is we do not have that kind of faith for natural things like we do spiritual things. We do not think we have that faith to accomplish all these things in the natural because we think money is not spiritual and can't be anointed. We think having a great job or reaching goals is not spiritual. Having a nice car, nice home, money in our account is not spiritual. I beg to differ. It is spiritual.

Money Answers All Things

The Bible says, *"Money answers all things."* I've got news for you. If you can move in the Holy Ghost, if you can prophesy, if you are having angelic visitations, that is all great and wonderful but in this life, these things do not answer anything. Money answers things in this life! The Bible never says, *"Angelic visitations answers all things."* It never said, *"Speaking in tongues answers all things."* It doesn't say, *"Living in the realm of the anointing answers all things."* The anointing breaks the yolk over your life, but it doesn't answer things. The anointing breaks spiritual yolks not natural yolks.

God said He has already given you all things and He wants you to master all things so you are going to have to reach towards the goal of the high call to achieve and accomplish that thing you are looking for in your life. Therefore, you've got to realize that it is time for you to be the "I am" in the natural like you have been the "I am," "I will," and "I can" in the spirit realm.

You have to live in the realm of the "I am" in the physical now and manifest. Ask yourself this question, *"What is my dream net worth? What do I want my annual income to be? How much money do I want in my financial freedom account?"* You have to create it, speak it, and start living it as if you already have those things.

Relational Wealth

Let's access your relational wealth. Do you spend quality time by yourself? Look at your identity because your identity will make you or break you. Have you had angelic visitations and been to meetings where you see signs and wonders and your faith begins to rise to a higher level? You begin to identify and find your identity in the spirit realm to say *"Wow… I can accomplish that too.*

This is who I really am." And your identity begins to identify with that because your faith level begins to rise.

But what happens in the natural when you are at home by yourself and there is not a big name prophet, apostle, evangelist, preacher, or teacher around you? All of a sudden you begin to face reality and your soulish man kicks in because it didn't decrease and you say, *"I wish I was in an anointed place like a conference right now. I wish I had angelic visitations."* And you will stir it up and get yourself worked up into that spiritual realm of the anointing of the presence of God because you begin to identify with it again. Your faith levels are built in the spirit realm and not in the natural and you begin to have a spiritual high in God and you love it.

You're Not Lost! You're Right Here!

There comes a time in life that you must recognize that you live in a natural realm and a physical realm that has got to prosper as well. Therefore you have to bring the faith level you have in the spirit realm into the natural realm and say, *"I have to learn to have quality time by myself to learn to love myself and realize my power, creativity and passion is not found in a conference, but it is found within me."* Your identity is not over here or over there. When preachers say, *"You need to find your identity,"* that is a lie. Where did your identity ever go? Did it walk away from you? No, who you are right now is your identity. You already have your identity. You have to get out of the realm of *"I have to get, I want, I need and I have to find."* All that stuff is not of God. He doesn't want you to try to look and seek and find your identity. Who you are right now IS your identity.

It's All Inside of You Already

The scripture says, *"Ask and it shall be given. Seek and you shall find. Knock and it shall be opened."* Those are not outward projections. If you study the Greek, where it says "ask and seek," you will find that asking and seeking is an inward thing. You can't outwardly project that everything you are looking for spiritually and naturally is the outside because that is not true. Everything in life you are looking for is already inside of you. The Bible says, *"there is a hidden treasure in these earthen vessels."* There is a treasure already on the inside of you so you have to seek inwardly to awaken that treasure. You have to seek on the inside of you to realize, *"I already have my identity. It's been here the whole*

time." Religion will tell you that you don't have. The devil comes to steal, kill, and destroy. He comes to falsely steal from you, but the devil cannot truly steal from you. The Bible says, *"He has already given you everything that pertains to life and godliness."* The devil can never steal from you because you already have it. It's just a facade and a lie. That's why the Bible says, *"Yea, though I walk through the valley of the **shadow** of death, I will fear no evil."* It's just a shadow, it's not the real thing. Therefore when he comes to you to try to steal, kill, and destroy, you have to realize it's all just a "shadow affect" he's trying to make you come into agreement with him that it's real. He wants you to believe that he has taken something from but you already have everything in life you need, so just ignore his "shadows," it's not real. The devil can never steal it from you. He can think that he has taken it from you but he can never truly take it.

Who you are right now is exactly who God created you to be. When you are born a certain way, black, white, or Asian, your identity is the fact that you are that. My identity is the fact that I am white and I can never escape that. I cannot escape from having blue eyes. I can never escape from my hair color. I can never escape from the identity of who I am on the inside because that is who I really am. Therefore you have to have quality time by yourself and you have to learn to enjoy your company in order to truly understand who you are and what you really already have. If you don't spend time with your best friend, which should be you, you will never know what you have to give or offer someone else from the riches of your own uniqueness. It's time to "Know thyself."

So my next question is, do you enjoy your own company? Do you treat yourself the way you want other people to treat you? What things do you do that contribute to a feeling of being joyful and fulfilled? Whatever in life you feel joyful about you need to go ahead and accomplish that thing. That is your drive; that is your prize and your destiny. You may want to be a broker, an attorney, sell insurance, be a preacher, or a home owner. Whatever brings you joy is what the Holy Spirit is telling you to go after. What fulfills you? What brings a smile to your face? Find out and go after that thing. This is the realm of "unspeakable joy and full of glory" for you.
Bring the faith you have had in the spirit realm into the natural realm and accomplish and set your goals and make them happen for you. Make your life worth something. Look back on your life and be able to say, *"I accomplished this thing. I did this thing by the work of my hands because God led me to."* God says you can do it because He has set it before you. He doesn't do it for you, He sets it before you for you to grab a hold of and begin to accomplish.

Look At The Big Picture

Begin to like the YOU that God created you to be. There are always little flaws about you that you won't like. You have to learn to get over those flaws and realize the big picture is worth a lot more. Look at the big picture and begin to love who you are and enjoy your own company. You might be saying to your self right now, *"How does this relate to me getting a vision for life?"* It means EVERYTHING to getting a vision for your life! Our problem in the body of Christ is that we want to run to the seminars, conferences, or church services because we do not like ourselves since we have been told by religious people that we are low life sinners and He (Christ) is everything. You will never have a passion and a drive to push yourself if you do not see the potential, purpose and powerful person you are of how He created you to be! I love spending time with my friends and family but I also love just being by myself. You must learn to balance yourself out by giving yourself a little time to get to yourself better.

Every day you need to set time aside for prayer and meditation, but don't mix the two together. Set time aside to spend that quality time with God but also enjoy spending time being with you through meditation. Love who you are and love your own company. That is something I learned in my own life and it brought a lot of healing inside of me. I love who I am and no one can ever take that away. I am my best friend because I love who I am. It's not pride, it's not thinking more highly of myself than I should. You have to learn to love who God created you to be. If you are wonderfully and fearfully made that means there is a wonderful side of you that fears God. You have to spend time with the wonderful person God created you to be and enjoy it.

Vision For A Mate?

Ask yourself these questions. Do you give yourself enough personal time? Do you have a dream mate? If you are not married is there a certain mate that you desire? Don't compromise and don't find yourself saying, *"I like this person but there is 40% of him/her that I do not like."* You need to find yourself saying, *"I'm not going to compromise. I'm not going to give up. There is the right mate out there for me and I'm going to wait until we find each other."*

Paul made it very plain, if you are lusting and cannot control yourself then find a mate and settle down. There is nothing wrong with that. God has ordained marriage. We have to realize that not everyone is called to get married. You have

to come to the conclusion first and foremost not to live your life depressed by saying, *"If I only had a mate I would be happy."* You cannot rely on a mate to make you happy. Learn to love yourself first and be happy with you. God created us to be with other people but He also created you to be with you and Him.

There was a season for Adam where he lived alone. Then came the season where God brought him Eve. What happens is there is a season you have to learn to love yourself and to be by yourself. We do not realize how long Adam may have been by himself before Eve came on the scene. It could have been days, weeks, months, years, maybe even a thousand years. The Bible says, *"A day with the Lord is as a thousand years and a thousand years is as a day."* It could have been three or four lifetimes to you and me.

Paul loved the Lord more than anything and he died daily but he also enjoyed the company of himself. Ask yourself who your dream mate is and project what you want in a mate one day and don't compromise. In the meantime love yourself until the mate comes. Don't waste your life because you are waiting on that person to come. What if that person never comes? What if they do not come until twenty years from now? Then you will have wasted twenty years of your life waiting on that moment to come. You will be non-productive for God. Do you think God is happy when we are being non-productive and sitting back abiding by the vine waiting on Him to bring our mate to us?

Occupy and Expand In the Earth

God wants us to enjoy ourselves and the life He has given us and be productive. You have to continue living, producing, multiplying and expanding who God created you to be within the earth. The Bible says, *"to occupy until He comes."* You have to occupy until your mate comes or whatever it is you are visualizing for your life. You have to occupy until your business comes. You have to occupy until things come into being. In other words, you have to live in the realm of "I am" and the realm of "being" until it manifests in the natural. What would you want in your dream mate if you met him/her? When you meet them one day you will say *"I recognize those traits in you because I prophesied and prayed about those traits to come about in my dream mate."* You need to be specific about what you want in your life. Be specific in every area of life about what you want and what you are looking for.

Mental Wealth

Now let's access your mental wealth. How many books do you read per month or per year about financial miracles; about learning to move in the realm of having a lot of money, moving in the realm of having a perfect spouse, having your own business, living in the realm of having your home, your car, or anything in life you need? How much are you willing to sacrifice to read books about the subject you are looking for in your life? If you want to be an attorney God is not just going to make you an attorney. God will never make you anything. He has already given you all things. You are going to have to read some books, go to school, and become an attorney. The real, authentic you, which is spirit, knows you are already an attorney but your flesh needs to be awaken with some facts and knowledge. So study up! You can already be an attorney before you become an attorney because you have to live the part by acting like it, dressing like it, talking like it, and walking like it. You have to dress the part of who you are because you already are "being" an attorney on the inside of you. But yet you have to put your mind and your soulish man to the test by reading, by studying, and by going to school so in the natural you can see the results finally manifest outwardly.

You Were Spirit First

Before the foundation of the world, you were already that attorney because God gave you the rivers of living waters on the inside of you. You came to the earth realm because you were a spirit having a human experience first. You were a spirit that already had rivers inside of you, gifts and talents that are without repentance; God has already given you these things before you came to your mother's womb.

Jeremiah said, *"Before you were ever in your mother's womb I knew you."* If you take the word "knew" back to Adam and Eve you find out it is when a man knows a woman intimately. God was intimate with you before he put you in your mother's womb, which means He gave you purpose, destiny, life, and the power to choose. He gave you a destiny already programmed inside of your DNA. When you come out of your mother's womb you are already what you are called to be, you just have to find that and awaken that part of you inside to say, *"Wow, I find joy in doing this or that in my life. My joy comes in owning a beauty shop. My joy comes from selling insurance. Something in me begins to leap."* Why? Because the real you who has always been before time began just woke up! Because we live in a natural world, it takes time for it to awaken within.

Time To Wake Up!

It's like when Mary met Elizabeth, something began to leap on the inside of them. Something begins to leap inside of you wherever your joy takes you. Whenever something begins to leap inside of you or the butterflies in your stomach begin to flutter about having your own business or your own company; that is your destiny. It begins to awaken inside of you so you run after it, accomplish it, and make it happen. How many books do you plan on reading about your future? Are you going to discipline your flesh to begin to do that? How many seminars are you willing to attend to invest in your life? If you don't invest in your life, then someone else around you will begin to invest in you negatively or knock you off course of your awakening. They will begin to redefine you by their own ideologies, opinions and their own vision.

Even though your identity is still there they will begin to cover it up and smother it. What happens is they begin to knock you off course and knock you off your axis of what God has for you in your life. It will try to re-identify you but your identity is still there. They just knock you off course by covering up and putting a smoke screen up and begin to prophesy to you about another course. You cannot allow others to take your life away from you. You have to mentally, physically, and spiritually say *"This is the life God's given me. I am wonderfully and fearfully made. I'm going to discipline myself. I'm going to read books, go to seminars, and accomplish what I need to in my life because I am focused."*

Put Some Action Behind Your Faith

Discipline yourself, go to seminars, read books, and take a course if necessary to get your life where it needs to be. Are you the master of your own emotions or do they master you? Do you control your own emotions? I cannot tell you the times I have been in conferences where people will calmly come up to me and begin to become so emotional hyped throughout their conversation with me because one of their bills did not get paid or their tends to be a devil everywhere they turn. As they are speaking to me their emotions begin to get even more intense. I'm thinking, *"What happened to the person that calmly approached me at the beginning?"* One minute they are talking about one bill they have to pay off and all of a sudden only minutes later they are an emotional wreck. They are crying, shaking, and shouting as if their life is over. You have to master your emotions and you have to control them and not let them control you. Get control of your own life. Say to your self, *"I control my own life. I control my emotions.*

I control my finances. I control what house I'm going to have. I am the priest and a creator under God of my home because God put me in charge of it."

If you are a king you are a master. If you are a priest you are a master. If you are a lord you are a master. You are the master of your own destiny.

the master of your own destiny.

"And hath made us kings and priests unto God and his Father; to him be glory and dominion for ever and ever. Amen." and ever. Amen." *"Folly is an unruly woman; she is simple and knows nothing."*

Whether you are a man of a woman, God does not want you to be unruly (out of control). He says you are simple and knows nothing.

Put To Death The False Idols

If you do not have a lot of money you have mastered your life to not have a lot of money. If you do not have anything spiritually or naturally you were the master of 'inventing' the 'nothing' you have. You have in life what you have mastered. That may sound harsh but you have to realize that God has already given you all things. You are a king, a priest, and a lord. A king in a kingdom runs his own life. The people under the king do not run the king. If one person tried to change something without the king's approval the king would have them put to death. Therefore you have to put to death every false idol in your life that tries to raise its ugly head against you. Your mind will take every ones opinions and ideas and formulate an idol of confusion. If it's not taken down, it will control you. As a master and a king you have to put to death every false idol, false thinking, and every false thing that comes in your mind. The Bible says, "E*very vain imagination that would exalt itself against the knowledge of Christ (the mind of Christ in you),*" not the glory, not against Christ Himself, but "against the knowledge of Christ." This means there is knowledge, wisdom, and a level inside of you that God has given you that he says you can master by this knowledge.

Deal with The Heavens of Your Mind First

Any vain imagination, any false principalities, and any spiritual wickedness in heavenly places in your mind you have to cast down. Do not let it exalt itself against the vision, the knowledge, and the destiny that God has placed inside of

you, which Christ has ordained for you to walk. Don't allow it to, cast it down, kill it and destroy it.

People around you will bring to you good ideas and good ideas are not always God ideas. If you do not have a God idea then good ideas, with good intentions, can lead you down a path of confusion. So you have to separate good ideas, good intentions, from Godly ideas and Godly intentions from your life. You have to be the master and have control of your life under the reigns of the King of kings and Lord of lords.

Physical Wealth

Now let's access your physical wealth. What is your dream weight? What is your dream dress or suit size? What do you desire for your body to look like? Whatever it is, master it. Control what you eat. As a diabetic you do not have an option. The king and master in you has no choice but to kick into the mode to say, *"I have to control my life and I cannot eat this way anymore."* All of a sudden it begins to control and kick in. As a result, you're motivated by fear and by anxiety and God never called us to be motivated by those things.

If the doctor told you today that you have cancer then all of a sudden the king in you begins to kick in and say, *"Wait a minute! I resist that in Jesus name! I do not have cancer."* And you would begin to change your eating habit and everything about your life. You don't ask it to, you tell it to. Because you have been motivated by fear and the king in you begins to rise up and say "*hold on a minute.*" It begins to kick in and take over and control what needs to change to get rid of the cancer in your life. You cannot be motivated by fear or your life is going to go down a road that is devastation. You won't have any money, you won't prosper, you'll never have a nice home, and you will never be a blessing. Because this is what the natural has been sent to do to you. I'm not saying this over you as a decree, but life itself has already decreed this over you. You have to proclaim, decree, and reverse the curse and say, *"This is what I will have in my life because I am the king. This is what I will have in my life because I am a priest. This is what I will master in my life because I am the one who has control of my life."*

You have to override all the negativity in this physical realm and change all the things that have already been pronounced about you and change and reverse that over your life by speaking into your life and saying, *"This is fact. This is truth.*

This is what will take place because I take control this day. I will not be moved by fear." Don't wait until fear comes to you for the master in you to kick in. That is not what God has for you. We are not moved and motivated by fear, but we are moved and motivated by faith. And you already have faith inside of you so be motivated by faith to say, *"I can. I will. I am."* And start from this moment in the great "I am" as the "I am" you are called to be for you so you can accomplish and achieve what you want in your life. How many days a week are you going to work out to get in the shape and size you desire? Whatever shape and size you want your body to be. How many times are you willing to go to the gym? How far are you willing to jog? Are you willing to say, *"I'm going to be this ideal size because I am the master of my life? I am going to accomplish it."* Set yourself a goal and master it.

The Bible says, *"Faith comes by hearing and hearing by the word of God"* and *"Faith without works is dead."* Faith without corresponding action is dead. You have to do something. You have to put corresponding action behind your faith and make it happen.

Spiritual Wealth

Let's look at the spiritual wealth. Have you discovered that one-on-one connection with your heavenly Father? Can you define what you are looking for? What do you want your spiritual life to be like between you and God? A lot of people do not do that, we just look for God, seek God, feel a goose bump or two and all of a sudden that's God. No, we need to find a connection or communion with God as our creator and say, *"This is the lifestyle I want with You and me. This is the kind of communication I want with you and me."* And then begin to build it.

How do you build it? You begin to spend time being one with Him. You begin to pray. You begin to spend time in God's presence. And that relationship begins to be built up. Whatever you want in your physical life you have to spend time with that thing you are looking for. For example, if you need a nice home, go to open houses and walk through saying, *"I like this. This is what I want to live in."* Get a feel for the finer things in life. Get a feel for what it is like to drive a nice car. If you have always driven a "hand-me-down" and you're always having to pray over it, then go to a car lot and say, *"I want to test drive a car I want to test drive a BMW. I want to test drive a Lexus."*

Whatever you desire, it's not about how expensive the car is or how expensive the house is, it is about the quality of life you want for yourself. That is not true prosperity for you. True prosperity does not speak about how much it is. It speaks about the quality of what you want in your life. If you want a Honda then it's a Honda. If you want a Cadillac then it's a Cadillac. I drove Honda's for about 15 years of my life because I knew the resale value of a Honda was good. This is true prosperity for me. I not only saw the 'now' moment but I also saw the end result of when I wanted to sell it. And I knew the resaIe value would still put money back into my pocket. True prosperity says that a Honda never depreciated in value, that's a fact. People may say that it's getting a Cadillac. Well you might get your Cadillac but when it breaks down one day you and you try to resell it, while probably want get a whole lot for it, but for a Honda you will. That is true prosperity. That is true wisdom in the realm of prosperity.

Visualize What You Want

For years I drove a Honda but recently I decided to buy an BMW because that is what I desired. I love the feel of it, the look of it, and I feel good in it. That's what I spoke into my imagination through visuals. The bible says, *"Without a vision the people perish."* The word, "vision" in the Hebrew means, "visualization" or to 'visualize." You have to get a mental picture in your spirit and create it, color it and see it on the canvas of your imagination so you can material it in the natural world. The law of attraction says, "like attracts like," which means you think it, believe it, put faith behind it, and it manifests.

Proverbs 23:7- *"For as he thinketh in his heart, so is he."*

You have to look at life and say it's not all about money, it's not all about prosperity, it's about what you desire in your life. You may be tired of hearing all the prosperity messages but that is not what this is. This is about the things you desire in life. If you don't want to hear about prosperity you will never have it. If you don't want to hear about wealth you will never have it. If you don't like prosperity, don't worry about it, it will never like you. What you like will be attracted to you.

The law of attraction in the spiritual realm says, like attracts like. Whatever you like will be attracted to you.

The Bible says *"What a man thinketh in his heart so is he."* Whatever you like

in your heart is what you are going to be and what you are going to become. If you don't like something it will not like you and will never be attracted to you. It will be attracted to a person who likes it and who entertains it and wants it in their life. Whatever you like will be attracted to you and whatever you don't like will be your enemy. Your enemy should be poverty, sickness, and death and what you should like is prosperity, wealth, happiness, grace, joy, peace, love, and hope. And all those things will say *"Hey did you call me? Let me come into your life."* Like attracts like.

What Inspires You?

Continuing with spiritual wealth, what inspires you? Inspiration comes from the Latin word "inspirita," meaning "divinely breathed into." Are you inspired by great music? Reading a classic book? Taking a walk in nature or the beach? Taking long baths? What would you want the heavenly Father to breathe into your life right now? What do you desire? What do you want God to inspire in you? You may say, *"God I want to travel. I would love to go to Hawaii. I would love to go to Australia. I would love to see the rain forests."* You begin to say all of the things you want to do. All of a sudden that likeness in you begins to attract the likeness of what you are calling for.

God wants to give you the desires of your heart. Desire it. Let God inspire you which means to let Him divinely breathe it into you. He put that desire in you before the foundation of the earth anyway. That desire and inspiration is already there. You just have to wake it up. You have to put corresponding action behind your faith and make it happen. Become that thing and make it work for you. Make life work for you, think big, don't censor yourself and count yourself out. The only person in life that can ever count you out is you.

Reshape your future, get strategic with your thinking, and get around people that are on a higher scale of life that think big and operate big. Find yourself going to seminars with millionaires, business owners, or where the Holy Ghost is being poured out like never before and be in the atmosphere of prosperity whether it's physically, naturally, or spiritually. Go to what you are looking for and get familiar with being in an atmosphere of people living on a higher plane than you. All of a sudden you will begin to think like that, talk like that, and walk like that. Walk in a higher scale of what you are looking for in your life. You can accomplish the things you have written down. You have to look at life and say, *"I will accomplish these things God has given me to accomplish financially,*

spiritually, relationally, mentally, and physically." You have to find the secret to what you want in life and accomplish it. Decide right now and choose you this day to say, "This is what I want in my life. Today I'm going to begin to accomplish all that I want in my life right now. I'm going to work for it and accomplish it." Accomplish the goals you have set and then set more.

Creativity

Never stop being creative. Always be creating and living in a dimension and force of God and go higher and further and deeper. Whatever you do in your life, never stop; you need to continue to go from glory to glory, from faith to faith, from realm to realm, and from dimension to dimension. Go and achieve all that God has sent you out to do.

The Seed of God

The Bible says that, *"God's word will not return back to Him void but it will go and accomplish all that God has sent it out to do."* You are the seed. God sent you to the earth realm to accomplish things. You will accomplish and achieve these things if you project to say, *"I am the word of God and cannot return back to God void but I will accomplish all that God has sent me out to do."* Be successful in your life in Jesus name.
