MAXIMIZING YOUR TIME

BEFORE YOU START, PLEASE READ THESE...

MAKING THE MOST OF YOUR LIFE is one of the books to both own and consume. You need this book to add meaning to your life and generation. I recommend it for all.

Pst Chinedu Wisdom Orji

Abia State, Nigeria

Making the Most of Your Life is a life formatting book, taking you back to the default settings but still showing you trails to walk in it. I strongly recommend it for every youth, single and the married!

Nenyenwa Augustine

Rivers State, Nigeria

MAXIMIZING YOUR TIME

Making the Most of Your Life is not just an inspiring book, but a spirited book. That book didn't just inspire me but it fan the embers of my spiritual coal ablaze! I cherish every choice of words and grammatical conventions you adopted. Although it's not voluminous but concise, it conveyed the intent of the message. I believe this is not just a book but an operational manual for Destiny realization and actualization! SHALOM!

Pst Victor Ibenne

Rivers State, Nigeria

The book “Making the Most of Your Life” awakens a sleeping talent and it's a clarion call to those who have neglected God's gifts upon their lives to go back and put buried talents into use. The book spurs one into becoming a STAR PLAYER by breaking crowd and fan mentalities. I am tremendously blessed by the book and will encourage everyone to get a copy!

Augustine Sunday (Da Sword), Ph.D.

Abuja, Nigeria

Making The Most of Your Life, a really inspiring piece, well-written, simple to understand, short and captivating (filled with nuggets). Kudos!

I wish you every blessing and may this book be a source of light and motivation to many. Bravo.

Regards,

Dr. Mark Godwin MD

United Kingdom

Hello sir, I just finished reading your book "THE WORLD IS WAITING FOR YOU", and if I must confess, it is one of the most aggressive and thought provoking piece I've read in recent times. May God bless and enrich you greatly for this accurate dose of motivation, inspiration and impartation. Regards.

Jerry Agada

Abuja, Nigeria

1. 21 Key Thoughts on Time

2. 6 Major Areas to Invest Time

3. 6 Time Wasters to Avoid

4. Keys to Maximizing Your Time

MAXIMIZING YOUR TIME

INTRODUCTION

It has been established that one key factor in fulfilling destiny is the profitable use of time. Time is the measured or measurable period during which an action, process or condition exists or continues.

It has been confirmed that in order to maximize your life, there must be a profitable use of time.

I have discovered that a major difference between successful people and unsuccessful people, the rich and the poor, is in their use of time (what they use their time on).

There is a purpose for your life, and according to Ecclesiastes 3:1, time is given to fulfill that purpose. Time is given to you as a gift from God, what you do with yours is your gift to your world.

In my book, Making The Most of Your Life, I made it clear that there is an assignment for your life, and you do not have forever to fulfill it.

No wonder, Ephesians 5:14 says, "Awake, O sleeper, (because it's possible to live your whole life sleeping), and arise from the dead…" AMP

In Job 14:5, the Bible says, 'Seeing his days are determined, the number of his months is with thee, thou hast appointed his bounds that he cannot pass.'

In addition, we are told in Psalm 90:10 that the days of our years are threescore years and ten; and if by reason of strength they be fourscore years, yet is their strength labour and sorrow; for it is soon cut off, and we fly away.

This is to say that you and I have limited time on earth. We do not have eternity to fulfill destiny, therefore, wake up and maximize the one you have left. This means that we do not even have time to waste!

Get ready to be taught how to make the remaining days of your life count.

Welcome on board. Fasten your seat belt as we get ready to soar!

MAXIMIZING YOUR TIME

Chapter One
21 KEY THOUGHTS ON TIME

In this chapter, I want to focus on things we need to know about time. Each of them is very important. Do not rush through them, read them meditatively.

Now, what are those key thoughts on time to note?

1. All humans on earth have one common thing, and that is time. All of us have different height, weight, colours, economic status, and ethnic background except TIME.

2. What you are and what you become depends on how you use your time.

3. Everybody has the same amount of time. Every day, we all are given the same amount of time. Time is the only commodity on earth given equally to each human being. It is the only commodity every human possesses. We don't possess the same amount of money. 4. Time is the currency of life. You become whatever you spend your time buying. If you succeed, you used your time to succeed.

5. You are a sum total of what you use your time on. What you become in life is determined by how you use your 24hours.

6. Just like money, time can be stolen, abused, lost and squandered. This means that there are abusers, squanderers and thieves of time. Beware of them!

7. You can never Resist, Repossess or Buy Time.

8. You can never Slow Time Down.

9. You can never Speed Time up.

10. Time cannot be stopped, but humans can control how it will be used. You cannot stop a day, but you can control it. This means that though TIME is not stoppable, it is controllable. In other words, you are the pilot of your time.

11. The loss of time is an eternal loss. When you lose friends, you can make new friends. If you lose money, you can make more money, but when you lose time, it is lost forever.

12. Where you are today is a product of what you did with your time yesterday; and where you will be tomorrow is being determined by what you are doing with your time now.

13. When time is passing and it is not engaged in profitable and productive activity, it is life that is wasting. That's because we measure life in terms of time. Therefore, the passing of time is the passing of life.

MAXIMIZING YOUR TIME

14. Time is measured in seconds, minutes, hours, days, weeks, months, years, decades, centuries and millennia.

15. “Anyone who does not value seconds will not value minutes; and if you do not value minutes, you will not value hours. Similarly, if you do not value hours, you will not value the day, and if you do not value the day, you will not value the week. If you do not value the week, you will not value the month, and valueless months will result in a useless year; a combination of valueless years will culminate in a wasted life.” - Dr. Paul Enenche

16. A life is made up of years, and a year is made up of months; a month is made up of weeks; a week is made up of days; a day is made up of hours; an hour is made up of minutes, and a minute is made up of seconds.

So, maximizing your time is maximizing your life. Failure to maximize your time is failure to maximize your days on earth!

17. A year is made up of only 52 weeks, and a week is made up of 168 hours.

So in a year, you have only 8736 hours if you multiply it by 52 weeks. If you sleep for 8 hours, that's one third of your life. By the time you are 75years, like Bishop David Oyedepo used to say, you have slept for 25years. You do not even have up to a million hour of productive engagement on earth, going by the fact that 100 years is only 873,600 hours.

18. A major proof that you are living well is spending your time well. Until time is well spent, life is not well lived. Hence to manage time effectively is to live profitably and productively.

19. Time wastage is a confirmation of the absence of wisdom. One who has no control of his time is unwise and irresponsible.

20. If you cannot control your time, you cannot control your life too, because your life is made up of time. 21. Life stops when time stops, because time is life. Death simply means TIME UP, that is, your time on the earth is up. This point in particular reminds us of what Job 14:5says,

“Seeing HIS DAYS ARE DETERMINED, the NUMBER OF HIS MONTHS is with THEE, thou hast APPOINTED HIS BOUNDS THAT HE CANNOT PASS.” (emphasis added)

When your time is up, there's nothing you can do about it. That is why you must make sense on time when you have the stage, because you won't be there forever!

With these key thoughts, am sure you are now convinced beyond confusion on the need to understand time management. Having gone through these key thoughts on time, and have also seen the necessity of time, my questions now are:

What should you do with time? Where should you put in your time to see maximum output? That takes us to the next chapter.

MAXIMIZING YOUR TIME

Chapter Two
6 MAJOR AREAS TO INVEST TIME

In this chapter, I want to share with you major areas to put in your time, and if you make up your mind to invest your time in these areas, your life will be more profitable and productive than it has ever been. Time well invested in these areas must yield dividends. Now, what are these 6 major areas?

1. Spend Quality Time with God in Personal Relationship, Fellowship and Communion. Let your life literally revolve around this. Any time you invest in your walk with God is never a waste. Quality time spent in Prayer, Fasting, Study of the Word of God, Worship, church service or fellowship, and Kingdom Advancement Service, are never wasted time.

Time spent in God's Presence is always a plus, not a minus.

Why is this necessary? Man was never created to exist independent of his Source (God). God is both our Source and Sustainer. Distance from God is distance from good. The best of man comes out in the atmosphere of God (in His Presence), while the worst of man (heartlessness, wickedness, etc.) comes out when we are far from God. Get established in His Presence, you will be glad you did.

Every day of your life, before you go to bed, ask yourself: Have I read my Holy Bible today? Have I prayed today? If yes, for how long and how well? Have I listened to at least one anointed message today? Did I spend time with God today? If yes, what was the quality of time spent?

2. Invest Quality Time in Personal and Professional (or Career Development).

This includes all the things you do to make your life better career-wise or professionally. It involves the sharpening of your talent, investment into your potential, investment into your expertise, making yourself better in what you do.

MAXIMIZING YOUR TIME

Jim Rohn had once said, “Formal education will make you a living, only self education will make you a fortune.”

Fortune is better than earning a living.

Any time you invest to upgrade yourself mentally and professionally time invested in self education, development and improvement, and being the best at what you do, is never a waste.

I heard a story from Papa David Oyedepo about two young men that grew up in the same environment, went to school same period and graduated same year from the high school. One of these boys was said to have read over 600 books within a year or two, covering areas such as human development, psychology, success, etc., while the other was working in a restaurant and fast food related platforms.

19 years after, these two young men met at the home coming of their Alma Mata, and at this point, they were continents apart. While the latter was worth 6.75 dollars per hour, the other one who invested his time in developing himself in his area of Interest was said to be worth over 100,000 dollars per hour.

What a world! Friend, be a smart investor of your time.

Here are some questions that will help you assess your level of progress: How many hours did I invest into developing myself today? Have I read any book today or even this week? What's the quality of books I read? What's the quality of my favourite authors?

How did I improve on myself mentally, professionally or career wise today, this week or month? When last did I go for a refresher's course? When last did I go for a training to improve on myself? 3. Spend Time with Your Family, Quality Friends and Mentors. This is time invested in profitable relationships. Any time you spend with your spouse, children, people who have something to add to your life, and people at higher realms(mentors), are never wasted time.

Learn to spend quality time with your family in fasting, studying of the Word of God, praying and planning together.

Who is your mentor? Who are your friends? What's the quality of people in your life? This is because association brings assimilation and can either assist or resist acceleration. Also, who has your ears has your life!

Time with quality friends and mentors is time for inspiration, motivation, correction, instruction, observation and impartation.

4. Invest Your Time in Thinking and Planning. But before I go to town with this point, you need to understand that there is a difference between creative thinking and worrying. Worry is a total waste of time. It doesn't change anything.

All it does is steal your joy and keep you busy doing nothing.

But not so with creative thinking. In creative thinking, you are using your mind to arrive at better solutions in life and identifying ways to do your work better(more efficiently). Here you sit down and ask yourself questions like: How can I become better in what I do? Why are things not working in my family? How do I move my business from where it is to another level of success? And lots more. Time spent in this area is not a waste; it will enhance the quality of your life.

Bishop David Oyedepo once said, 'Not to think is to stink.' The destiny of the prodigal son in the Bible was stinking until he came to his senses (started

MAXIMIZING YOUR TIME

thinking). It was not prayer and fasting that changed his situation, but creative thinking.

Do not be a hard worker, rather, be a smart worker! That is, do not work with your hands without the engagement of your head.

5. Take Time to Both Rest and Recreate. Scriptures has admonished us on the importance of refreshing our lives with rest. The need to spend time in exercise, relaxation and rest cannot be over-emphasized. God worked for six days and rested for one day. We are not holier and wiser than God when we refuse to take time to rest and recreate.

6. Invest Time in Reviewing Personal Life's Vision and Goals. Take time to review your life in order to re-fire and refocus. Review what you are doing well and what you have to discard in order to become better at what you do; strategize on how to be more efficient and productive.

Here you ask yourself questions like: Am I still on track? Am getting closer to my target? At this point I must let you know that every day, you are either getting closer to your vision or farther away from it! That is why from time to time, you need to pause and recheck before you continue.

MAXIMIZING YOUR TIME

Chapter Three
6 TIME WASTERS TO AVOID

Time is an indispensable element of life. That is why to waste time is to waste life. In other words, time wasted is life wasted. Anything that wastes your time is on a mission to waste your life.

If you do not want your life to be wasted, the following are time wasters (or time wasting activities) to avoid like plague:

1. Aimless Socialization with Aimless and Unserious People. Anyone who encroaches on your time is encroaching on your life. Do not respect anyone enough to allow them take or waste your time. Allowing people to waste your time is a pathway to wasteful living. Any association without clear definition has no colourful destination. Anybody whose destination is not your direction is not worthy of your association.

2. A Visionless, Aimless or Plan-less Living. This is a situation of having no plan for one's life. Imagine a person who wakes up in the morning and has no plan or schedule of what to do for the day, week, month or year.

Such a person's life is wasting away.

Beloved, if you do not engage time, time will engage you in ways that can only bring regrets and pain to you.

If you do not have a plan for your day, you will end up running another person's plan. To live without a goal is to live like a goat. To live a plan-less life is to be a victim of social vices like campus cultism, prostitution, smoking, drinks, fornicating, etc.

When there is nothing to do, time becomes a burden. Until a man keeps something in front of him, he will exist in an unusual dimension of time wastage.

Nothing sponsors stagnation in life like visionless living. The absence of vision is the absence of motion and acceleration in life. People do not leave where they are until they see beyond where they are.

MAXIMIZING YOUR TIME

A wise man once said, 'Those who fail to plan have planned to fail.'

3. Idle Living. Ecclesiastes 10:18 says, “By much slothfulness the building decays; and through idleness of the hands the house drops through.”

Idle living is simply non-engagement of time. The easiest way to get a destiny rotten is by being inactive. Idleness is a major time waster to avoid.

A house that is not occupied would begin to crack; lizards and flies would occupy it.

Laziness and idleness sponsors uselessness in life. Avoid such a life!

4. Procrastination. This is putting off something that should be done today till tomorrow. You do not have a spare life, and the life you are living now is nota rehearsal for another life; it is the real life. Procrastination is a major thief of time. No wonder, a wise man said, 'Delay is decay.' Avoid procrastination.

5. Focusing on the Past. Focusing on the past failure, hurts, break-ups and mistakes kills time, and eventually before you know what's happening a destiny is gone. In one of my books, THE WORLD IS WAITING FOR YOU, I said in it that in case you suffered a break-up in your relationship; thank God that it was not a breakdown. So, get up and move on with your life. Don't let your irreparable past to get your ATTENTION because its INTENSION is to keep you in DETENTION.

Those who dwell in the past leave their place in the future. Focusing on the past ruins the present; focusing on your past mistakes and errors ruins today and frustrates tomorrow. Anything that isin the past has passed, so let it pass.

MAXIMIZING YOUR TIME

Stop focusing on your past mistakes and errors, because falling down is an accident, but staying down is a choice.

You cannot change your past, but you can learn from it to change your present.

This was one of the secrets of Apostle Paul, according to Philippians 3:13-14 "Brethren, I count not myself to have apprehended: but this one thing I do, forgetting those things which are behind, and reaching forth unto those things which are before, I press toward the mark for the prize of the high calling of God in Christ Jesus."

Also, Prophet Isaiah warned us in Isaiah 43:18, "Remember ye not the former things, neither consider the things of old." Do not waste your time focusing on what you do not have the power to change.

MAXIMIZING YOUR TIME

6. The Intake of Poison and Garbage. This is another major time waster. Do you want to live profitably? Then you must avoid the intake of morally poisonous things like the reading or watching of pornographic materials(immoral movies or books), tobacco smoking, drinking of alcohol, etc.

When you sit down to take in garbage (junks, things that does not edify you like, aimless watching of the television), it is not just time that is wasting away, but a life.

God's servant, Dr. Pastor Paul Enenche, once said statistics shows that aimless watching of programs on television has the potential to reduce the intelligence quotients of people drastically; it destroys learning activities like reading, studying and listening.

For instance, if you are a male and you are addicted to watching immoral movies (pornography to be precise), one of the secrets to your freedom is your eyes. You must discipline your eyes. This is because your eyes is the opening through which sinful thoughts and actions begin to take hold. While men are moved by what they see, women are moved by what they hear(words) and feel(touch). The problem of Samson & David began when they allowed their eyes to control them (Judges 16:1, 2 Samuel 11:2). What you see or watch affects what you think, and how you think determines how you behave. You cannot change your actions or behaviors until you change your thoughts, and you cannot change your thoughts until you change what you watch! If you can control what you watch, you can control your thoughts; a controlled thought equals a controlled life.

Garbage intake is detrimental to life and destiny.

Now, we have seen time wasting activities to avoid, the last but not the least, which is the peak of the matter is how to make the very most of your time. Let's move to the next chapter.

MAXIMIZING YOUR TIME

Chapter Four
KEYS TO MAXIMIZING YOUR TIME

So far, we've talked about key thoughts on time, areas to invest our time for profitable and productive life, and time wasting activities to avoid so as to prevent wasted life. For this chapter, we begin from Ephesians 5:16, "Making the very most of the time (buying up each opportunity), because the days are evil." AMP

Another version of the Holy Bible says, "Making the best use of the time…"

Now, David prayed a prayer in Psalm 90:12,"Soteach us to number our days, so that we may apply our hearts unto wisdom."

How do I maximize (make the best use of) my time? How do I make every day, moment, hour, week, month and year to count? What are these keys?

1. Write a Daily To Do List. Document a plan. Habakkuk 2:2 "And the LORD answered me, and said, Write the vision, and make it plain upon tables, that he may run that reads it."

Put a plan of what you want to accomplish on a paper. In other words, you have to plan your day or your day will be planned by someone else. Plan your life by breaking it into yearly, quarterly, monthly, weekly and daily achievable goals. Organize each day of your life and follow the schedule strictly. You are the architect of your time; therefore, design your days to create value in life.

At this point, I want to ask you: What is your vision for living? What are your goals? Where do you aim to be in 5years from now? Where do you see yourself in the nearest future? What are your plans to actualize your dreams? Do not forget that those who fail to plan have planned to fail.

And when am talking about vision, dreams or goals, am not referring to mere wishes (wishful thinking), because if wishes were horses, even beggars will ride.

2. Differentiate the lawful from the expedient. The Bible says in 1 Corinthians6:12, "Everything is permissible (allowable and lawful) for me; but not all things are helpful (good for me to do, expedient and profitable when considered with other things). Everything is lawful for me, but I will not become the slave of anything or be brought under its power." AMP

MAXIMIZING YOUR TIME

Identify and establish your priorities based on your plan. Don't waste time on unimportant things. For instance, you don't have to attend every occasion and meeting in life, because not all of them are necessary. Some of the things we do in life are not necessary. Example, some people borrow the money they don't have to buy the things they don't need to impress people who don't like them. That's not necessary. Your real worth is not in what you wear.
Like my father in the Lord will say, 'Nothing is compulsory in life except to make Heaven.'
Do what is necessary and profitable.

3. Set Deadlines(or target dates). This will compel you to do things speedily. It will help you with a sense of mission and urgency. It will put you under positive pressure.
One day, my father in the Lord shared a story with us while ministering. According to him, during his courtship, he returned home one day and his mother asked him, 'When are you people planning to get married?' He replied, 'I am not sure yet,' because he was looking at a few factors. Then his mother said, 'Give it a date because anything that does not have a date has no right to come to pass.' That is, you don't expect it to happen if it is not scheduled.
A goal without a deadline is not really a goal, it is a wish. Give it a date.
A dream written down with a date becomes a GOAL. A goal broken down into steps becomes a PLAN. A plan backed by ACTION makes your dreams come true.

MAXIMIZING YOUR TIME

4. Do not Attempt to do everything at once, you will end up achieving nothing.
Pursuing many things at the same time leaves you with nothing. Wisdom demands that you focus on one thing at a time, that is, Follow One Course Until Successful (FOCUS). The devil's greatest weapon against a disciplined person is distraction. Therefore, what is not your intention is not worth your attention.

5. Forget the Past, Design the Future and Pursue it. The Bible says in Isaiah43:18, “Remember ye not the former things, neither consider the things of old.”
You can't go back and start a new beginning, but you can start where you are and change the ending.

Those who look backward end up moving backward, only those who look ahead move ahead in life. Therefore, refuse to live in the past; forgive and forget every negative past.
Become the architect of your time (days on earth). Failure to design your time is to end up living another person's life.

6. Do Not Try to Please Everyone. The truth is, you cannot make every body happy. So, stop trying to get everyone's approval because not everyone will like you or what you do.
At this point, I must tell you this: if you cultivate this attitude of time consciousness, many people will both misunderstand and misinterpret you, saying that you are too serious for their liking. However, you need such leve lof seriousness to actualize your glorious destiny.

7. Inventory Your Association. Who are your friends? This is important because those not going your direction will hinder your acceleration. Therefore, do not company with those who are not facing where you are facing.
The quality of your friends determines the quality of your life. I can predict your future if I see the people you spend bulk of your time with. Your friends can affect your vision, conviction, focus and fire.
Mind the people you surround yourself with, because they are prophecies (pictures) of your future. If you want to know where you will end tomorrow, look at your friends. If you surround yourself with successful people, and do what they do, you will be successful. If you surround yourself with people who are going nowhere, am sorry, you won't like the outcome of your life.

8. Review Your Time Usage. From time to time, ask yourself how and what you are using your time on. What are you exchanging your time for? What are you spending bulk of your time on? This will serve like a refueling and refocusing moment. If you cannot give an account of what you do with your time, you will not be able to maximize it.

9. Do It Now! In other words, avoid procrastination. This is the time to act.
A year from now you will wish you had started today.
Don't postpone it, do it NOW! Procrastination is a thief of time, by all means avoid it. It comes disguised as the idea of the future. It tells you, you will DO IT TOMORROW that you will make that call tomorrow; take that step tomorrow; do that visit tomorrow; apply for that opening tomorrow. And sadly, that tomorrow never comes. It keeps dragging one month is gone, one year is gone and before you know it, LIFE IS GONE! Take a stand for your life now.

MAXIMIZING YOUR TIME

NOTE THE FOLLOWING KEY THOUGHTS

A. **A wise man has said, 'Yesterday would have been the best time to do what you are still trying to do today.' Move NOW.**

b. **You'll never get ahead if you don't get started. There has never been a better time to start than TODAY.**

c. **Our world is filled with tomorrow people: those who will get started tomorrow. It is always easier to act tomorrow. No perfect condition for anything. NOW is your chance.**

d. **Taking steps is what takes you from where you are to where you want to be. If you are fed up with where you are, take steps. Stop waiting for the "perfect" time to pursue your dreams; you have just what you need to begin right now. Do not wait for the perfect moment, take the moment and make it perfect.**

e. **The only dreams that come through are the ones you chase. If you do nothing, you get nothing.**

f. **If you don't build your dream, someone else will hire you to help them build theirs.**

g. **Your future is created by what you do today, not tomorrow.**

DO YOU WANT TO BE SUCCESSFUL?

Do you want to want to have a successful week, month, year or life? Here are the keys (a summary of everything I have been saying in this book):

DECIDE exactly what you want. It begins with a quality decision.

SET a DEADLINE.

TAKE ACTION every day. Routine is the road to where you want to go. You will never change your life until you change something you do daily.

PERSIST until you succeed.

PARTING CHARGE

According to Psalm 90:10, the average age of every human is 70-80years. This does not mean you cannot live beyond that age bracket if God permits. If you are 40years now, guess what you have left!

You've been told in this book that time is the currency of life. Let me ask you: What consumes bulk of your time? Is it social media (non-profitable chatting and browsing),

MAXIMIZING YOUR TIME

What are you buying with your time? Do not answer in a hurry, take your time. Tomorrow will tell what you've been doing with your time.

No matter your age now, you will not be here forever. Never assume you still have enough time. You are already running out of time, what are you going to do with the time you have left?

GO AND APPLY WHAT YOU HAVE LEARNT!

If you correctly engage the things you learnt from this book, you will move from a poor performer to a peak performer. Am convinced beyond confusion that if you play your part well (correctly engaging the outlined keys in this book), your life will be more profitable and productive. It's a new day for you!

MAXIMIZING YOUR TIME

TRUE SATISFACTION!

In case you are in search of true satisfaction in life, I want to show you where to get it. You cannot find true satisfaction any where in the world outside Jesus Christ. No amount of sex, fame, drugs, money, alcohol or success can satisfy you. Life is empty without Jesus. He is the only One that can satisfy your heart, nothing would.

IF YOU ARE NOT SAVED, YOU ARE NOT SAFE!

Success on earth and failure in eternity is a useless success. Eternity is real.
There is life after death, and you choose where you will spend your eternity:
Heaven or hell. Who you live for and how you live on earth determines where you end in eternity. Those who miss Heaven won't miss hell. Accept Jesus Christ NOW, because time is running out. Tomorrow might be too late. Life is short;
Death is sure;
Sin the cause, and
Christ is the cure.
The choice is yours.

MAXIMIZING YOUR TIME

At this moment, if you have not given your life to Jesus Christ or you did it before but returned to your vomit, you are encouraged to do so NOW.
Pray the following prayer meaning every word of it in your heart: "Lord Jesus, I know I am a sinner and I cannot help myself. I have lived independent of you.
Come into my life and change my life and destiny. I receive the grace to live for you by faith, serve you all the days of my life and to say NO to sin. I thank You Lord for saving me. Amen.
Now that you are born again, I would like you to be planted in a Bible believing Church near you, where you can be properly fed and nurtured in the Word of God. Congratulations and God bless you!

IF YOU HAVE BEEN INSPIRED AND BLESSED BY THIS BOOK, I WOULD LIKE TO HEAR FROM YOU. SEND YOUR COMMENTS ABOUT THIS BOOK & MATERIALS OF THE AUTHOR THAT HAS INSPIRED YOU.

Send a text to Or call these lines: +234 (0) 803 706 5691, +234 (0) 909 623 9150.
God bless you Beyond Measure as you do so!

About the Author

GOSPEL ORJI is a full time minister of the Gospel with Dunamis International Gospel Centre, Abuja, under the leadership of Dr. Pastor Paul &Dr. Mrs. Becky Enenche (the Senior Pastors). He has authored 3 books: MAKING THE MOST OF YOUR LIFE, THE WORLD IS WAITING FOR YOU, and MAXIMIZING YOUR TIME.
He is happily married to his ever supportive wife and name sake, GOSPEL ORJI, and together they have a blessed child.

MAXIMIZING YOUR TIME
