WEEKLY FOCUS

TOPIC: Your “Why"

Hello guys & girls,

Hope you’ve all had a great week!

This week's "*weekly focus*" topic discusses ***your "why"***.

A great thing to do is to reflect and focus on what your “why” is in trading - what made you want to pursue trading in the first place, and why?

For many the financial gain or time freedom is the main reason, and for others it may be neither of those. Each person has their individual reason, but what is most important is that you stay focused on your "why" because you can use it to propel you forwards in difficult periods and **when you're achieving your goals you will always remember where you started from and how far you've progressed**.

We firmly believe that what makes a great trader is not just being proficient at technical analysis, but it is **several aspects of your life becoming congruent with each other; health, wellbeing, having the right people in your social circle and more**, and this is our "why" - the vision behind Falcon is and always will be to guide you to becoming consistently profitable whilst also improving other important areas of your life so that you can move forwards knowing that you've taken hold of your future.

I hope you enjoyed the read, and also took away value from this Sunday Market Breakdown episode!

Warm regards,

Mark and The Falcon FX Team
