C.COMPREHENSION

Read the passage below and answer the questions that follow (10mks)

Chief Ullini's daughter.

Every dark cloud were gathering in the late afternoon sky. There was stillness in the air, a stillness that threatened a storm.

The boatman who rowed people across the lake was making fast his boat when a young man and a woman approached him in a great hurry. They were desperate to cross the lake, they said, and urged him to take them. He shook his head and pointed to the sky he told them that the storm was soon calming and that they should wait until it blew over. It would be dangerous to take his small rowing boat out to the lake.

All the time he was talking, the young couple were nervously looking behind them. Simon, the young man pleaded with the batman to take them and offered him purse of silver coins. He told the boatman that he and the Elizabeth, the young woman, were in love and were determine to marry. Her father was chief ullini and he wanted to marry Elizabeth off to a neighboring chief, a man she did not love. The chief was at that moment pursuing them. They must cross the lake to be safe.

The boatman knew of chief ullini fiery temper and how he would kill the young man if he caught him he could also see how very much in love the young couples were .Just then the boatman son Eric came. He was strucking young man who helps his father , he was told the story of the

young couple and sympathized with the plight. The young man spoke up. She would rather, she said, face the turbulent water than meet the wrath of the angry father. Tears weld up n her eyes, never, she protested, would she marry a man she didn't love.

The boatman was touched by her a appeal and told her son he had decided to row the couple across not for money, but because he admired their talent and love Eric looked anxiously at his father. A storm was certainly coming , he warned .it will be far too risky.

However, his father was already herding his passenger into his boat. when they were both seated he untied the rope and made to get in himself. Suddenly , Eric pulled his father away and leapt into the boat took up the 0ars and began to row away.

His father ,when he had recovered his breath ,shouted for his son to come back .His wife, on hearing the shout went down to the lakes edge .seeing her son rowing away over the stormy water, she screamed for him to return .The threatening wind whipped her words away.

Towards the lake a group of armed men came. It was the chief with his warriors. He was angry, but when he saw his daughter on the lake being tossed by angry waves he was terribly afraid .He bellowed that he forgive them and that they should return.

Changamoto kubwa inayowakabili watu wengi katika mataifa yanayoendelea ni suala la chakula. Suala hili linaweza kuangaliwa katika sawia mbili tofauti. Kuna tatizo linalofungamana na uhaba wa chakula chenyewe. Uhaba huu unaweza kutokana na utegemezi mkubwa kwa zaraa kama nyenzo kuu ya uzalishaji wa chakula.

Zaraa katika mataifa mengi hususan yanayoendelea, hutegemea mvua. Kupatikana kwa mvua huathiriwa na mabadiliko ya tabianchi

ulimwnguni. Matendo na amali za watu kama ukataji wa miti na uchafuzi wa mazingira huwa na athari hasi kwenye tabianchi hiyo. Mabadiliko ya tabianchi huweza kuvyaza ukama kutokana na **ngambi ya mvua**.

Kibinimethali kutokea wakati mafuriko yanapotokea na labda kuyasomba mazao mashambani na kusababisha baa la njaa. Hali hizi mbili husababisha matatizo makubwa ya chakula na kuathiri pakubwa suala zima la usalama wa chakula. Ili kuzuia uwezokano wa kuwepo kwa shida hii, pana haja ya kuwepo kwa mikakati na sera za kuhakikisha kuna usalama wa chakula. Kwa mfano, pana haja ya kukuza kilimo cha umwagiliaji ili kuepuka **adha** inayosababishwa na ukosefu wa mvua. Kwa upande mwingine, sharti zichukuliwe hatua mufidi za kuzuia na kupambana na athari za gharika.

Changamoto nyingine inahusiana na usalama wa chakula chenyewe. Chakula kilichosibikwa na vijasumu au kwa njia nyingine ile huweza kumdhuru anayehusika. Msibiko wa chakula unatokana na vyanzo tofauti. Mathalan uandalizi wa chakula kilichochafuliwa na choo, kutozingatia mbeko za usafi, uandaaji wa chakula na kukiweka katika hali ya uvuguvugu kabla ya kukipakua – hali inayochochea ukuaji wa viini na ulaji wa chakula kisichoandaliwa vyema.
