QUESTION 1

Read the email. Choose the true statements.

Hi Hana,

How do you celebrate New Year's Day? We do quite a few things on New Year's Eve, which is the 31st of December. In the morning, my friends and I sing special songs to our neighbors. The songs wish everyone a healthy and very happy new year. The neighbors give us money or sweets.

We also make a delicious cake called vasilopita - it's a special tradition. We put a coin in it when we cook it. We invite family for dinner. My cousins always come and we have a very good time. My mom cooks really delicious food, and we all eat just before midnight. At midnight, we eat the vasilopita and we try to find who has the coin in their piece. I won the coin last year. I still have it. We also exchange gifts at midnight after dinner. Last year, I gave my sister a watch, and she gave me a diary. It was really pretty.

I love New Year's because I have a really good time with my family. What do you do for New Year's?

Write soon,
Elena.

- [x] Elena has a very good time with her family on New Year's Eve. ✓
- [ ] The neighbours exchange gifts with Elena's family.
- [x] Elena celebrates New Year's Eve by singing songs. ✓
