TOPIC: Systemisation

Hello guys & girls,

Hope you've all had a great week!

This week's "*weekly focus*" topic discusses ***systemisation*** in your trading.

With the release of Quick Tips Season Four, we wanted to place emphasis on utilising a more systemised routine in your trading.

The important thing to note is that you don't want your process to be 100% robotic, as this leaves us no room for flexibility as the market is forever evolving. But what we can do is have, as much as needed, a systemised process.

The rule of three is a great example of this, you know what you need to do, why you need to do it and how to do it. On top of that, you have the option to put your personality in to the mix which **longer term promotes consistent results**.

I hope you enjoyed the read, and also took away value from this Sunday Market Breakdown episode!

Warm regards,

Mark and The Falcon FX Team
