9 Types of Witchcraft - Reference on Roqya

The Prophet عليه الصلاة والسلام said:

“Whoever goes to a fortuneteller or a magician, and asks him something, then believes in what he says, will then have disbelieved in what was revealed to Muhammad (PBUH)”

Reported by Ahmed.

Sorcerers need 4 steps to do their black magic:

1. Information about the person: mother's name, photos, hair, clothes, body hair...
2. They will perform satanic rituals with symbols: knots, padlocks, dolls, needles...
3 At night, they will make offerings, to make a pact with the devils and thus strengthen witchcraft.
4 They will ask the person who orders the witchcraft to do specific actions to support the witchcraft: incantations, lighting candles, making a sacrifice...

In this article, I will talk about step 2, the symbols and their meanings.

The meaning of the symbols

In Surah 113 Al Falaq, Allah the Most High speaks to us about knots:

وَمِن شَرِّ النَّفَّاثَاتِ فِي الْعُقَدِ

(Against the evil of those who blow [the witches] on the knots.)

Why does Allah the Most High speak to us about knots? If Allah mentions that we must seek protection against it, it is because there is really a real evil.

For us, a knot is used to tie, tighten, hold... something. But for sorcerers, it is a symbol that allows blockages to be made.

They first try to get information about the person to hurt, then they proceed to satanic incantations accompanied by symbols. (Knots, padlocks, eggs, cemeteries, tree, water, doll, hair, clothes...), the symbols vary depending on the country, the region, the imagination of the sorcerer and the type of witchcraft ordered.

For example, - a person wanting to block the intimacy of the couple will use underwear; - to attack the health of the person, they will use the symbol of the cemetery: bury things in the cemetery, collect water from a mortuary wash.

The following paragraphs will present the most well-known symbols.

Knots and padlocks

One of the main witchcraft found in all cultures, it is often done with odd number of knots (7, 9, 11... knots). Its objective is to block the person in their relationship, studies, fertility.

The sorcerer prepares the knots before or just after the request, using satanic supplications, to be in disbelief and thus have the support of devils and bad djinns.

The person observes abnormal blockages in his life, during his job interviews, everything goes well, he is promised the position; and then by an improbable scenario, he is told that he was not selected, when the person asks for explanations, the recruiter himself does not understand.

For the blockage to marriage, it's the same... The person meets a good person to share their life and at the time of marriage, blockage!

The future groom or bride, turns around, he or she no longer wants to commit, problems in the organization in a recurring way, families argue without real causes.

Some, even before meeting a good person, cannot commit, always find excuses not to invest in marriage or the search for a spouse. And as soon as they are motivated, witchcraft will attract them only to people who will make them unhappy or complex cases.

The knots do not only represent blockages for marriage, but also to have a child, to be blocked in studies, work ...

Often the affected person can dream in his sleep of being pursued.

If you have found this kind of knots at home, do not hesitate to untie the knot by reciting the Quran and in particular Surah 113 Al Falaq.

The Prophet (peace and blessings of Allaah be upon him) sent Ali ra, Amar Ibn Yasir and Zubayr to remove the spell that was in a well. The water was removed and they discovered: his comb (pbuh), his hair (pbuh), a rope with 11 knots and a wax figure pierced with pins.

Cemetery, mortuary products
