ADDIS ABABA UNIVERSITY
Academic Preference Instructions and Schedule
For the 2015 E.C. First-Year Students

On the portal.aau.edu.et after logging on to your homepage, you will find the various disciplines in each college and institute. You are required to indicate your choices, **in rank order**, by choosing the number (1, 2, 3 …) in front of each discipline/program in the preference form. Make sure you put the correct number of your choice in front of every program.

Note:

1. You have to submit your preferences yourself through our online system, by using portal.aau.edu.et.
2. Or else, you can go to your nearest registrar's office and request a clerk to assist you in submitting this request online. You must have a username and password to enter into the portal.
3. If you fail to submit your preference before the set **deadline (June 01 - June 02, 2023)**, you would have lost the opportunity for the placement system to take your preference into consideration and the placement system will automatically place you in a discipline of its choice.

A. Possible colleges/schools/departments for Choice for Natural Science students

1. Dental Medicine (There will be an entrance examination by the College)
2. Medicine (There will be an entrance examination by the College)
3. Pharmacy (There will be an entrance examination by the College)
