Feeding High Forage Diets to Lactating on Dairy Cows
Impact of Nutrients Management on Dairy Forage Systems
Dairy Waste Treatment and Utilization in Louisiana
Potential Environmental Impact of Handling, Storage and Utilizations of Manure Management

EDUCATION

BSc Federal University of Agriculture, Abeokuta, Nigeria, Animal Science
April 2018
(Pasture and Range Management)
Second Class Upper Division
Thesis: AntiNutritional factors for six browse plants as affected by drying methods (oven, sun and air dry).
Supervisor: Dr. (Mrs) Akinyemi B.T
Co-Supervisor: Dr. Okunkenu O.A

RESEARCH

Undergraduate Thesis

I evaluated the antinutritional factors (tannin and saponin) of two browse plants as affected by drying methods (oven dried, sun dried and air dried) and from the result of my research, I made two recommendations which are: Daniella Olivera should be harvested dry due to its low antinutritional factors and the leaves part should be fed to ruminant animals because of its enhanced digestibility.

Honours

Adedapo Shogunle Undergraduate Scholarship
2013-2017
The award was given to me from my second year till my final year to support my academics

TEACHING

ZION ACADEMY
2019-Present
Agricultural Science teacher. I teaches the class of Junior Secondary 1 to Junior Secondary 3 in the school.

PUBLICATIONS

Nil

PRESENTATION

Undergraduate Thesis Presentation
I.T Internship Presentation

PROFESSIONAL

Member, Graduate Animal Scientist of Nigeria
2018-Present
Member, Animal Science Society of Nigeria
2013-Present
Member, Society for Grassland Research and Development in Nigeria
2014-Present
Member, Animal Science Association of Nigeria.
2012-2018

LANGUAGES

English: Native Language, Distinguished levels in Listening, Speaking, Reading and Writing.

OTHERS

Microsoft Word, Excel, PowerPoint CorelDraw

OTHERS

Mentoring students on career paths and public speaking
