

## Call for Abstracts

Posters are intended to provide authors and conference participants with the opportunity to connect with one another and build upon the foundation of knowledge exchange and collaboration.

### Eligibility

Open to all professionals in industry and medical fields consistent with the mission of AHPBCC, with the goal of addressing the increasing problem of higher incidence and mortality of hepatobiliary and pancreatic cancers in Africa, by (1) identifying and empowering emerging cancer researchers and clinicians with the most current knowledge and research skills in the field to contribute meaningfully to understanding the etiology and prognostic factors associated with these cancers; and (2) help develop sustainable, practical actions to reduce the incidence and mortality of these cancers in Africa.

### Benefit for Poster Presenters

- Select abstracts will be featured in the Poster Session
- Recognition awards for select abstracts

### Abstract Guidelines
