Subject: **Appeal against National Student Visa refusal**

To Whom It May Concern:

Greetings!

I am Abel Tesfaye Ledamo, an Ethiopian passport holder with the number EP6339295. I was born on February 15, 2001 in Hawassa. It’s known that I applied for a national student visa at the Polish Embassy in Addis Ababa on June 24, 2021.

This remonstration letter is in response to the denial of my national student visa submission. On July 8, 2021, I got my rejection note. I was discontented that my visa application was denied because you had concerns about the veracity of the comments I made about the intention of my stay in the Republic of Poland.

In my view, my submission was unduly rejected. First and foremost, I've demonstrated my willingness to return to my home country after I graduate. As a result, I am writing to appeal my visa application, and I have provided additional documents to demonstrate that I do not want to enter or remain in Poland unlawfully. Besides, I have given the required paperwork proving that my uncle (my sponsor) is an investor owning a vehicle garage reasonably can afford to my academic expenses in Poland. I'm attaching a similar license to the one I provided last time so you can take a closer look.

Secondly, as I mentioned that my uncle is a business owner. He has a vehicle garage company in which I have been working as maintenance

and purchaser. Having this responsibility in mind, as a sponsored student I must come back to homeland for the intended purpose that is after I graduate engaging myself in the expansion of the company and bringing new business ideas. This academic chance will help me achieve my objectives in helping myself and my uncle who has sponsored me. If that's the case, I don't see why I'm even staying in Poland unlawfully. Since I am the family's eldest son, I will be in charge of the garage.

In addition to that, having an international degree will have a profound impact on my academic career and the aspiration I have to take the family business to an international level.

I sincerely enquire you to reconsider the decision you made about my national student visa application. My flight is booked for Sep. 20, 2021 so I hope for a positive response to my application.

Cordially,

Abel Tesfaye Ledamo
