Agriculture MCQ Part-195

All Copyrights Is Reserved To Agrilearner App

 # What is the name of protein present in the Wheat

A. Dystrphin

B. Gluten

C. Elastin

D. Actin

E. Collagen

Correct Answer – B. Gluten

Explanation: Gluten is a composite of storage proteins termed prolamins and stored together with starch in the endosperm (which nourishes the embryonic plant during germination) of various cereal (grass) grains. It is found in wheat, barley, rye, oats, related species.

 # According to the erstwhile Planning Commission, what is the number of Agro-climatic zones in India?

A. 10

B. 17

C. 15

D. 20

E. 12

Correct Answer – C. 15

Explanation: Planning Commission has demarcated the geographical area of India into 15 Agro-climatic regions. The 15 Agro-climatic zones are: Western Himalayan, Eastern Himalayan, Lower Gangetic Plains, Middle Gangetic Plain, Upper Gangetic Plains, Trans-Gangetic Plains, Eastern Plateau and Hills, Central Plateau and Hills, Western Plateau and Hills, Southern Plateau and Hills, East Coast Plains and Hills, West Coast Plains and Ghats, Gujarat Plains and Hills, Western Dry and The Islands region.

 # Which of the following is the edible part of all the cereal crops

A. Pericarp

B. Aril

C. Mesocarp

D. Endosperm

E. Seed

Correct Answer – D. Endosperm

Explanation: Cereal crops are grown for their edible fruit (grains or caryopses), which are primarily endosperm. In the caryopsis, the thin fruit wall is fused to the seed coat. Therefore, the nutritious part of the grain is the seed and its endosperm. In some cases (e.g. wheat, rice) the endosperm is selectively retained in food processing (commonly called white flour), and the embryo (germ) and seed coat (bran) removed. The processed grain has a lower quality of nutrition. Endosperm thus has an important role within the human diet worldwide.

 # What is the average Gestation period for a buffalo?

A. 100Days

B. 310-330 Days

C. 150-180 Days

D. 280-300 Days

Correct Answer – B. 310-330 Days

Explanation: The gestational period of buffalo is longer than that of cows which is between 310 to 330 days. Murray buffalo's is around 315 days and Swamp buffalo's is around 330 days.

 # Plants grown in acidic soil are deficient in

A. Calcium and Manganese

B. Magnesium and Calcium

C. Iron and Manganese

D. Aluminium and Iron

Correct Answer – B. Magnesium and Calcium

Explanation: Plants grown in acid soils can experience a variety of stresses including aluminium (Al), hydrogen (H), and/or manganese (Mn) toxicity, as well as nutrient deficiencies of calcium (Ca) and magnesium (Mg).

 # What is the optimum temperature requirement for Germination in rice?

A. 25-30 o C

B. 30-35 o C

C. 20-35 o C

D. 15-20 o C

Correct Answer – C. 20-35 o C

Explanation: Rice grows best in areas of warm, humid climate; rice requires temperatures between 20°C and 35°C and a well-distributed rainfall of about 100 cm or irrigation facilities.

 # Generally what type of the Parliamentary government is called Coalition government in India?

A. The government which did not complete its full term of five years

B. When party ruling Union government has less than five government in states

C. When the government does not have majority in both the upper and lower houses of the parliament

All Copyrights Is Reserved To Agrilearner App

D. the government which is marred by coal scams

E. Government formed by many parties, in which no party which has won majority of parliamentary seats on its own.

Correct Answer – E. Government formed by many parties, in which no party which has won majority of parliamentary seats on its own.

Explanation: Government formed by many parties, in which no party which has won majority of parliamentary seats on its own. A coalition government is a cabinet of a parliamentary government in which many or multiple political parties cooperate, reducing the dominance of any one party within that coalition. The usual reason for this arrangement is that no party on its own can achieve a majority in the parliament.

 # Indian Farmers Fertiliser Cooperative Limited, also known as IFFCO, is a small-scale fertiliser cooperative federation based in India which is registered as a Multistate Cooperative Society. Where is its headquarters?

A. Nagpur

B. New Delhi

C. Hissar

D. Bathinda
