INTRODUCTION

It is imperative to used this medium to inform or reveals the truth about the Prophetic. I am privilege to effectively and potently of probe the relevance of Prophetic ministry. Here by ensuring the background and perspective of its possible objective biblically, taking the provisions of the Bible as the final authority. The focus of this book is to understand **of Prophetic, Thought of the matter** are discourse in simple terms.

Prophetic and Theology are both clearly similar in nature. The Prophetic is about the mind of God while Theology is the study of God. So, Prophetic Theology is about on how God reveals to His creation not only Himself, but all things He desires to (including secrets and future of event.) He also guides, teaches and disciplines through the Holy Spirit. In this book, we shall be learning about the Theology, Prophetic, God, Bible and Demons. Majority never know the differences that has occurred in this contemporary world. A lot of spirits has go to the world to deceive souls away from God including the Prophets. Acts2:29-30; 1Cor.11:4; Gal.1:6-10; 3:1-9; 1john4:1-2. People have their reasons for rejecting Prophetic ministry in this age because of confusion, heretical practice and divisions by self-acclaimed Prophets. And also the bastardization and damage have been done by the modern Prophets. And also the error and abberations in contemporary Prophetic ministry been discussed in this book on how the Jezebel hijacked the Prophetic ministry by the evil power by manipulate, control, provoke, seducing, lying, deceiving and spying through the power of witchcraft.

Bible is the measure rule of yardstick for this contemporary Prophetic ministry to follow. Any other that does not in relation to it is heresy no matter how it be to the Scriptures is an error. A Prophet who does not understand his mission and role by his calling which not identify the real purpose of his main specification and do others work is a failure. Such Prophet has to wait and patient to receive the divine assignment. Holy Spirit which was sent by Jesus Christ to continue the works He started. He is to oversee the Prophetic ministry until the Antichrist is revealed in preparation of the rapture. 2Thessalonians 2:6-7.The Prophetic role of the Holy Spirit is made in the word of Jesus in John 16:13; Acts.16:6-10.

The issue of Prophetic is becoming more and more crucial now days in which diverse kinds of methods are in ground. However, several ministries are been involved today which are not from God, you might have gone through some of them. But I need to tell you that the devil has bastardized this work which I have said earlier in this book. The Prophetic has been hijacked through this demon, jezebel. Deciet and nefarious activities are going on perpetuate in the lives of their captives. And the Bible must be the standard of this Prophetic. This is the reason why genuine Prophetic has to be practice in this age; and this is the exact purpose of this book.

(1) Before you involved in to the Prophetic, ask yourself, Am I really willing and ready to work according to the principle of God through biblically and directives of the Holy Spirit. So also to other ministries in Ephesians 4:11; Rom.12:6-8; 1Cor.12:28-30; 1Peter.4:11.

(2) You must be strongly bold and encourage to do the work assigned for you by God without looking back, where there is any issue, call upon the one who calls you. No one can do the work alone without the help of the Holy Spirit.

(3) The main focus of this book is based on the foundation, revealing through the Holy Spirit is the Spirit of Prophecy and anything been done must be through him and aligned with the Scriptures.

Here several topics are taught which are Theology, Prophetic, prophecy, Prophetic Theology, perspectives, Demon, Revelations, voice are focused here.

PROPHECY

Prophecy is the divinely inspired utterance or revelation to communicating of God's thought a yield human vessel to His people. It also a prediction of to what will happen in the future. Prophecy is a statement which someone says they strongly believe that a will happen. Prophecy is also the expressed thought of God, spoken in a language that no man in his natural gift of speech could ever articulate. It involves a process one or two or more inspiration, interpreting the prophet's social world and event's to come. So, prophecy is a truth declared about the future that was received personality from God. In its essence prophecy is a salvation message from God to all of mankind. Job 33:30.

NATURE AND SUBSTANCE OF PROPHECY The nature and substance of prophecy exceeds the limits of what the natural mind could conceive. 1Corinthians 2:9-16 analyse what the gift of prophecy is articulated through the mouth of man, but it cones from the mind of God - spiritual thoughts in spiritual words.

SOURCES OF PROPHECY

There are two sources of prophecy that holds the prophecy which help in negative and in positive which are;

(1) Holy Spirit: Holy Spirit is a third person of the trinity who was the act of revealing the truth the matter on any issues or what is to occur, present or in future. He himself is the spirit of prophecy. Revelation 22:8-9 who imparts the prophetic gift's to believers in Christ (not ordinary believers). He is the anointing arising from Christ. He manifest himself when there is a special prophetic anointing in an area, service or place. Joel 2:17; Exodus 20:19; Revelation 19:10. He comes and goes in OT. By now, he is present in the lives of the true ambassadors of Christ. He may not manifest at unpleasant places. As been a spirit, he was pour out upon every one in the church to testify about Jesus Christ. John 15:26. Through him, Prophetic impartation is occurred, and also ability to see and hear in the spirit and operate as a prophet. 1 Samuel 10:9-10; 19:21-24; Acts 2:14-18; Romans 12:6; Numbers 11:25.

(2) Evil spirit : Evil spirit is the spirit which came from the fallen angels from heaven. This spirit is hereby to gives the mind of Satan's to those who were yours to him unknowingly. The spirit receive inspiration from the counter journal of Satan, seeking to inmate as in-frustrate God's destiny archives. Interject Satan's proposals to fixed ordination of his maker. The evil spirit predicts from what receive from Satan's plans book - what he hopes to accomplish apart, true Prophecy - God's - is quite helpful to him, as he can use God's revelation to formulate his own work. Frustration and

instruction and atmosphere of unbelief is aided, do much advance to his programme. The Prophecy is a lie because only God is true. It is the sum of the devil's dark, egotistical imagination. It is error because it seeks to interject the counterfeits into God's ordinances.

HOW TO PROPHESY ACCURATELY

There is a dimensions in the realm of the spirit called Prophetic accuracy which God is elevating all believers into. To prophesy accurately the followings are the important to follow;

(1) Revelation: This may come through pictures, codes and symbols and also in diverse ways. It depends on how God choose to communicate to you. Seers usually receive revelation as pictures in the spirit. While Nabi might receives revelation as a word up-welling from which the inner sources of the spirit.

(2) Interpretation :refers to spiritual experiences of security the meaning of the revelation. After securing the revelation from the Holy Spirit, it is important that you know what it means because revelation alone without interpretation might not solve a spiritual problem.

(3) Application : This is the art apply the wisdom, on how to say it, of the message be received from God.

DO'S AND DON'T S OF PROPHECY BY APOSTLE REVELATOR

1. You must be completely rested in your spirit.

2. Every word of prophecy should be edification, exhortation and comforts. 1 cor 14:3.

3. You must prophesy according to the grace that God has given you.

4. Do not focus on the natural realm but the spiritual realm.

5. Constantly attuned in the frequency of the spirit realm.

6. Learn the art of how to move at the same pace as the spirit of prophecy that is following.

7. Listen clearly before you speak.

8. Dive deeply in to the dimension of God's word since every prophecy is based on God's word.

(2 Peter 1:19-21).

Prophetic Typology: is similar to the hermeneutics but it is the study of interpretation of the Prophetic came in forms Of TYPES, FIGURES,and SYMBOLS.

3. **PROPHETIC EXEGESIS** Prophetic exegesis is an explanation Of prophetic text of Scripture or passages that are in the Bible. It also defined as a deeply concerned critical interpretation of a prophetic text used to elicit the true meaning and importance of the reading discovering the meaning of a passage of Prophetic Scripture .

4. **PROPHETIC SYNTHESIS** is s way of emphasizes that God alone ithe author of Prophetic testimony.

5.**PROPHETIC CRITICISM**: was concerned with a strict historical aim seeking , in fact ,to reveal authentic prophetic word.

SOURCES OF PROPHETIC THEOLOGY

On this aspect, there are sources that really aid to understand the view of the prophetic theology. Those sources are entirely sufficient to whatever we need to know about of Prophetic, on how it was been done in any form.

There are criticism opposed the tendency Prophetic that is been carried out in different ways. Some have seemed reluctant to concede any source of Prophecy, lest they might jeopard the strongest ground of defense against the prophecies maybe it really come from the true source through the art of TEST.

However , there are two source of Prophetic theology. There are very contrast and well cleared of understanding the concept of Prophetic theology.

The followings are the sources of Prophetic theology include;

(1) **NATURE**

Nature is the main number One identity to know. By this, we seek to view prophecies in the terms of the traditional emphasizes and priorities. Also, by nature we here mean all things and events are distinctively revealed in any mode or degree manifest through the will or any other Truth which is properly in its content . Whether such truth (Prophecy) is the primary reason, or a product of the moral consciousnesses, It is a truth through the light of nature.

There is a sense I which all prophecies is from God. He is the source of the revelations came through the form of nature to the knowledge of the human faculty. In other its immediate communication by the divine agency.The intuitions of truth are exception. This source is valid and not available for prophetic and of relations to future enquiry. So, this source fails understanding the pure Prophetic.

In other form, it is proper positively in one case at the particular sense that Prophetic in the concept of nature can be fully known or recognized.

Finally, the nature operates it's Prophecy through it's own power by the form of flesh and demonic realm that sink sense to man when it's really brought the Prophecy out abnormally but correctly to man.

(2) **REVELATION**

The pure prophecy (ies) communicated through a supernatural agency of God which is a revelation. In this view the supernatural agency is the defining fact of revelation, and will fully answer for the present requirement. The mode of this agency in the communication is to its definitive function is by sign, or word, or immediate inspiration, the agency is equally divine revelation. It follows that revelation ,(prophecy) has no necessary biblical limitation. However, the source of the reached heathen truth . it lack no seal of a divine original, and the certainty and authority necessary to the value. The revelation of the pure prophecy (ies) is (are)one source, by all pr-eminance the source, of

Prophetic whether divine or not. Let a comparison be made with all the prophetic be relation to the sacred books that will clear light of all matters. I.e all prophecies will be tested whether it is valuable to the divine.

LIMITATIONS OF PROPHETIC THEOLOGY

Although the prophetic theology derives its Prophetic from God, revealer.We now, examine it's limitations . prophetic theology has its limitations.

a) **LANGUAGE**:This is the particular difficulty in understanding the main meaning of the prophetic. It is the medium through which Oracle is expressed and formulated through the speech. Language is s barrier when tongue of Prophecy is limited in which the Prophecy is unknown to who is not understood such.

b) **THE IMPERFECT NATURE** This is what that gives rise to mystery. God gives whatever pertains man to know according to his knowledge.

c) **THE INCOMPLENESS OF THE SCRIPTURE** since it is not the mere Scriptures that constitutes the all, Prophetic is depend upon pneumatology (Holy Spirit of God). However, the spirit of God is the origin and connections to the prediction.

d) **THE SILENCE OF GOD**: This is another aspect of the limitation of Prophetic theology. Much of things to be known are probably hidden which can not be comprehend.

e) **SPIRITUAL BLINDNESS** Sin is the cause of what that affected the Prophecy not to be accurate, perfect and valid. It is a hindrance to the proclamation of the prophetic.

The major area which prophetic deal with its interaction with philosophy is;

- Logic: is the Study in order to distinguish between true and false Prophecy. It help avoid from falling into deceiving spirits or false doctrine and false prophecy.

Psychology and Prophetic: The both are not portable together. They were different from each other. Psychology is the Study of human behavior and mental processes. The doctrine is valid and appropriate for consciously frame, scientifically revealing the whole truth from beginning to end. It is a positive science that gathered all the Prophecy have right to modify or expand that content by specification apart from revelation. Here, all the information concerning the prophetic words are now understood through the proper interpretation.

The chapter is formed by STEPHEN LANGTON one of the most prominent church man of the thirteen (13th) century who died on this day (July 9) in 1228 is the man most responsible for putting chapter division in the Bible.

In sixteen (16th) century ROBERT ESTIENNE (Robert Stephanus) was the first to number the verses which each chapters involves a lot of effort given details of information.

THE INSPIRATION OF THE PROPHETIC BOOKS

Before we involved in to the Prophetic Books, let examined the Prophetic that are in the Bible. There were a lot of Prophetic been in the Bible from beginning to end. This Prophetic is very crucial to know the reason of the message passing across to man. The Prophetic is not accidental but for the purpose. The Prophetic is to enable to get the fact of the message been inform of parable/proverb and other figurative speech, and another way round of given the message. There were some people who were not called to be a Prophet but they also Prophesied. Their Prophecy is according to the faith they have that it will be so as it been said.

Others include Isaac and Jacob.

These above are those beginning with the Prophetic before been fully established in proper winch

God begins to use it to speak to his people. God is the main source of the Prophetic. Prophetic has been exist from the foundation of the world.

MEANING OF PROPHETIC

The meaning of the Prophetic means the prediction which is derived from the Greek “Profitikos".This is discussed in chapter two of this book.

MEANING OF PROPHETIC BOOK.

Prophetic Books are the book of Prophecy that been record for its manifestation to come. It also a book that reveals the past, present and future.

(A) STRUCTURE AND DIVISIONS OF THE PROPHETIC BOOKS

In the Old Testament, several of Prophetic were spoken out directly and indirectly, it begins from the beginning. It speaks on how God chose (Genesis), how to redeemed (Exodus) to sanctified (Leviticus), guide (Numbers), and instructed (Deuteronomy) us to become his own, before and after the fall. The historical illustrate how been prepared to carry out the redemptive mission. In order to make it possible, a nation is chosen, fully prepared for the task to conquer it's land.

In the law, the foundation is laid down, the historical takes in preparation, the poetry the people look up in aspiration, the Prophetic itself forward in expectation. The Gospels of the New Testament in brings the continue of the Prophetic in OT from Mathew–Luke. Acts also speaks about the Prophetic. Some of epistles also Prophesied. The book of Revelation reveals all things out that nothing is hidden again, all is revealed.

(B) THE DESCRIPTION OF THE PROPHETIC BOOKS

BIBLICAL DESCRIPTION OF THE PROPHETIC INSPIRATION

The Biblical data: This brings the subject to the Biblical teaching itself. 2Tim.3:16-17; 2 Peter 1:19-21; john 10:34-35.

The Biblical process: The whole process of Prophetic ,“from God" begins with the divine revelation.

1. First,God spoke: this is done in many ways;

a. The nature

b. An audible voice

2. God only spoke through the Prophets through the written or oral. 2 Samuel 23:2; Jeremiah 1:9.

The Prophetic formula is borne out in particular as “Thus say the Lord", “The Lord spoke", “The word of the Lord".

THEOLOGICAL DEFINITION OF THE PROPHETIC INSPIRATION

(1) Divine causality: The primary in inspiration is God.

(2) Prophetic agency: These were the means by which God spoke. They were prepared by training, experience and gifts of grace, direct revelation to utter the God (His) word. The inspiration, the Spirit of God, flowing fluently with the providentially and graciously determined work of men, spontaneously producing under the Divine directions the writings appointed them, gives the products Divine quality unattainable by human powers alone. In this inspiration God is the primary cause, and the Prophets are the secondary causes. This is the divine influence did not restrict human activity but rather enabled the human authors to communicate the divine messages accurately.

(3) Prophetic Authority of the Scripture: God moved the Prophets in such a way as to breathe out their writings and words. God spoke through the Prophet's writings. The cause of inspiration is God, the means is the men of God, and result is the word of God in the language of men.

PROPHETIC BOOK DISCUSSED

what is the prophecy, the Prophet or word? Although, the Prophetic concept of inspiration has been outlined in general, several important questions must be discussed about the inspiration in particular. Is it Prophet, their words, or a combination of these which is inspired? As mentioned above, inspiration certainly includes the God and His ideas, it not exclude the Prophets. Prophet is the mouth piece of God. Prophecy is inspired by the Spirit of God the primarily source, held under the direction of the Holy Spirit in the process of inspiration and also held that pen to write the things of the Spirit. Properly speaking, Prophetic inspiration pertains to the Holy Spirit Himself.

The Prophetic inspiration is involved in to two reasons;

(1) Linguistically, words are necessary for the adequate expression of thought. If God in any means want to expressed himself, he had to use words.

(2) Biblically, it is repeated claim that “words" are God-given. Exodus 4:12; Ezekiel 2:7; Exodus20:1; 1cor2:3.

How does inspiration operate?

(1) God dictated the words to the Prophets.

(2) God produced much of the truth by His providential control over natural process.

PROPHETIC BOOKS

Prophetic books of the Bible are largely written in the style of Hebrew poetry. Although Prophets do not explain their choice of the poetic genre, it is likely they did so for at least three reasons;

1. poetry can speak powerfully to the will and emotions; the Prophets did not wish simply to inform their audiences, but to move then to actions as well.

2. Poetry, with its stress on symbolism and imagery is sometimes better suited than prose to convey the wonders of God and His character which are at the heart of the Prophet's messages.

3. Poetry can speak about the meaning of future events without necessarily having to describe all details literally.

BIBLICAL PROPHETIC

Biblical Prophetic can be defined as an art of which Prophecy is been received and conveyed from God as it is done by the Prophet in the Bible. It can also defined as an art of revealing the Prophecy of the Scriptures that has been said by the unction of the Holy Spirit by the Prophet in the Bible.

AREAS OF BIBLICAL PROPHETICS

(1) Mystical prediction This is what deals, Prophetic in the Bible are beyond human comprehension. It is only God that really understands all things that is happening or what happened in the entire universe.

(2) Historical Prophecy It deals with the aspect of things that occurred in the past according to the Wii of God.

(3) Incidental Prophecy This actually speaks on what that will occurred in the present without the consent of any one knows at the particular time Set to be manifested out.

(4) Future Prophecy This deals with the provision of revealing the future events that would actually happen on the last day.

FEATURES OF BIBLICAL PROPHETIC

1. The Bible is a Prophetic book.

2. The Book of Revelation is an apocalyptic one.

3. Bible is the measure rule of all prophecies I.e every Prophecy must be compatible in conformity with the Bible principles.

DIMENSIONS OF BIBLICAL PROPHETIC

1. revealing the past

2. explaining the present

3. predicting the future

BIBLE PROPHECY

Bible prophecy is the art of revealing the concept of the prophecies that are in the Bible. Bible prophecy consist of prophecies that are yet to be fulfilled, already fulfilled, and that are mysteries.

The categories of the Bible prophecy

1. Those already fulfilled: This is where by which understand the importance of the word that came out by the mouth of God through the Prophet and God Himself.

2. Those that are mysteries: These are the most critical events that cannot be known by the human faculty.

3. Those yet to be fulfilled: These are the prophecies that are sealed, prepared to be manifested at the expected time Set for it to be done.

SEVEN

DEMON AND PROPHETIC

The word Demon is derived from Greek word “Daimon"or “Daimonion" meaning breath or Spirit. Demons are Spirit beings without the body which seek body to live in.

Existence of Demons The twentieth century has witnessed almost complete turnaround in attitudes towards the reality of Demons. In the first parts of the denied; in the later part, it is much more readily and universally affirmed. Scripture unequally affirms the reality of Demons, through not all who confess Christianity admit the validity of this evidence.

Origin of Demons Demons are disembodied spirits of deceased people, especially those who were evil in life. They were involved in the rebellion with Satan who signed against God. They lost their bodies and became disembodied spirits or demons. Gen.6:1-4; Matt.12:24; Ephesians 3:10; 6:12; Matt.17:18; 2 Pet.2:4; Jude 6. Luke 8:31; Rev.9:1-3,11; 16:1-4.

NATURE OF THE DEMON

1. Personal Nature

They are genuine persons, they are not force or concept that merely exist in our minds. Demons exist, their reality does not depends on the existence and ability of human beings to conceive them. Their Personality are; (i) Intelligence Mark 1:24, Matt.8:29; James 2:19. (ii) emotions Luke 8:28 and (iii) will Luke 8:32.

Demons are spirit beings Ephesians 6:12. Nevertheless, they are localized, they are limited and not infinite as God is. They are invisible to human beings, their presence is apparent through various means. Acts.19:15; Rev.9:1-12; 16:13.

2. Intellectual Nature Demons show great intelligence, as would be expected from Such a high order of beings. They know there is only God. James 2:19. They develop and promote system of doctrine. 1Tim.4:1-3.Intelligence can be enhanced by experience. Every demon of course, has existed throughout all the span of human history. Through each one has not observed through our history, their longevity gives an added dimensions to their native intelligence. They observe human beings in almost every conceivable situation; therefore, they can accurately predict what individual will do in most circumstances.

3. Immoral Nature

1. Their beings: Luke 7:21; Matt. 10:1; Ephesians 6:12.

2. Their goals: Immorality is what ever is consistent with good, but good must ultimately be defined in relation to the will of God. Therefore, the immoral activities of demons may include anything that opposes the will of God.

4. Their powers

a) Their strength. Mark5:3; Acts19:16

b) Intelligence: Does the Demon know the future? Acts16:16 indicate they can predict the future? Evidently not for the word “foretelling", used only here in the New Testament, must be understood in a bad sense, that is, “pretending to foretell the future".

c) Their presence: Demons are not infinite, they are limited and they are creatures, albeit super human ones. They are not present everywhere, yet they are not so restricted as humans are by the normal barriers of space. Luke 8:30. The very fact that demons can enter human or animal bodies shows they can pass through barriers that would restrict human beings. The very large number of demons may make them seem to be very where present, though that is not so.

WHAT DEMON DO?

1. They demonstrate the purpose of Satan to thwart the plan of God. Ephesians 6:11-12.

2. They oppose the plan of God. Dan.10:10-14.

3. They maybe used by God to carryout His purpose.1Samuel 16:14.

4. They promote idolatry. Psalms 106:36-38; Rev.9:20.

5. They promote false religion. 1John4:1-4; 1Tim.3:16-4:3; Rev.2:20-24.

6. They involves in the affairs of the nations of the earth. Rev.16:13-16.

7. Affliction. Matt.9:33, Mark.5:4-5; Rev.9:14-19.

8. Perversion. Deut. 32:17: Lev. 18:6-30.

9. Possession. Matt. 4:24; Acts.5:16, 2Cor.12:7.

HOW DEMONS OPERATE IN THE PROPHETIC

There are many ways by which demons operate in this ministry than others in the five fold of ministries we have in the body of Christ. They operate to carry out their own mission against the will of God in the life of man, bringing confusions etc. Here we shall be able to understand the activities and mission of the Demon and the end of it, in enable us to know the truth of the Prophetic that are

practicing in this age we are from it foundation till the today that related to it for us to know and not to fall and follow their foot step. By the grace of God, I know your eyes shall be open to the truth. John 8:32. Here I want you to focus this topic very well and be able to concentrate and let the Holy Spirit to open your understanding. At the end of this chapter, you shall give glory to God Almighty.

The Beginning And Activities Of The Prophetic Ministry Of The Demon

a) The rank of the Prophetic Demon: There are ranks that backup the Prophetic working through the demon in the affairs of the Prophetic ministry. These ranks are stronger operating differently but work in hand together to achieved their aims. These ranks are through their work in which they succeed in the aspect of their mission.

Let examined the religious system of the demonic ranks on Demons who were operating in the religious system are into three among several demons working with Satan. These demons were principality, wicked spirits in heavenly places and powers. Here are discussing only eight of then in all. Two in principality and three in powers and also three in wicked spirits in heavenly places.

PRINCIPALITY

(1) APPOLYON: It also means Apollyon, it promote false religion. His main mission is to turn people away from God through the idolatry. He normally works predominantly with two - ASTAROTH and BAAL. These two powers work mostly in the area of false religion. He is one of the main spirits in operation upon the earth today before we have never had a time in history of the world when there is more false religions. He is a special servient spirits who are specialists in promoting false religion and worship. They exhibit all the characteristics of a particular religion even Christianity and polyon is responsible for causing church splits over doctrine, as well as introducing false doctrine into the churches and the doctrine of demons in 1Tim.4:1 and also responsible for jealousy, pride, arrogance and stupidity in the church

(2) BEAST: This is described as Satan's ace in hole for the end time in the dark Kingdom. He will be used on a massive scale to deceive mankind and cause blood shed, false worship and much destruction. He is extremely wicked and barely being restrained by Satan now. He will cause wide scale destruction for the human race during the end time which is almost upon us. Matthew 24:15-22 speak about him in addition with Revelation 13:1-18 and 17:8-11. This principality will terrorize the earth during the last day before the Lord return to establish millennium Kingdom. He will come forth as great master of deception into two: Ecclesiastical system and Governmental or political system. I will be only based on Ecclesiastical system which is the focus on this topic.

Ecclesiastical system: He will set up a religious system upon the earth for demonic worship. Those

who refuse to worship him will be killed. This Ecclesiastical system is already being set up around the world. From this as well as Bible prophecy, we know that the time of his appearance is near.

POWERS

(1) ASHTAROTH Ashtaroth is refers to queen of heaven in Jeremiah 7:18; 44:17-19,25. She is worshiped as a goddess, having first manifest has a female centuries ago. She works with Baal and associate with him. Together, often work with the principality Appolyon in the promotion of false religions. They are the head of religious spirits operating through out the world today. Ashtaroth is incharge of all nature religions such as Wicca and paganism. Everywhere in the world where they celebrate crop festivals (which is most countries), she is behind it. She also delight herself in crop Sacrifice from the people. She usurp God's position in want to be worshipped for providing food for human race. In Africa, she is in charge of ancestor worship. As the earth goddess, Sacrifice must be often offered to her before the Planting and harvesting of crops. She relished the Sacrifice of first born children and especially twins, the children she provides are not humans but all spirits being in human forms she also acquired from Satan the secrets of various herbs and plants upon the earth. These herbs are utilized to prepared magical potions, charms or medicines, as they are called in Africa and by first Nations people. She posses on these secrets to her hand picked servants who often become healers (called herbalist or witch-doctors in Africa; quack doctors in Asia and medicine men in native culture). These herbalist or witch-doctors use these secrets to gain income for themselves and the witches with whom they work. They also use the knowledge to enslave people and obtain more servants for the Dark Kingdom. All satanic healing originates with her. The Introduction of pagan Nature religious, astrology, divination (fortune telling) and the religious of Islam represented by Moon also come or established by her

All sun worshipers are worshiping Baal. He is the Spirit who posses Akhenaton, the husband of Nefertiti (possessed by Ashtaroth). Nefertiti was the originator of the Kesicrucians and Masons. Baal promote religious prostitution as well as shrine prostitute such as those encountered by the men of God in the Bible. It was through the power known as Baal that the occult was introduced in to the world in an attempt to pollute the spiritual worship of man. Baal also brought alcoholism into the world. This was to include man to give up control of his God-given mental faculties so that the human race. Not surprisingly, alcohol and sexual immorality often go hand in hand. He likes to use tobacco, hallucinatory drugs, sex, murder and pride to control his victims. The original use of drugs was in religious worship and still through out most of the pagan world today. A

favorite Sacrifice to Baal enjoys is done as a mockery of God and the pass over recorded in Exodus.

This power also the one who will pretend to be the will of God to fool people. He works with the white garment false churches of West Africa to provide false Prophecy. Paimon provide information to the pastor which would appear to be from God. It is counterfeit to the revelation of the Holy Spirit. These false churches also are used to export money from people and thus progress dark Kingdom. Because they know about man's innate need for God, they are able to provide false religious system which looks like the real thing. If you are not spiritually mature and you went to these churches, you would be fooled. Paimon, like Satan also masquerade as an angel of light. He will introduce himself as an Michael, the archangel. He is the Lord over soothsayers and fortune tellers.

(3) Queen of coast: This is a beautiful woman who has a mansion under the sea, she comes to the earth to enlist people for the dark Kingdom and to promote sexual immorality among the ministry. She can, of course, assume the form of man as well. She is responsible for initiating agents of darkness into witchcraft operation.

b) The Jezebelic activities on the Prophetic ministry

- who is the Jezebel?

Jezebel is a wife of King Ahab because she is a daughter of Ethbaal King of the sidonians. 1 kings 16:30-33.

DEMONIC PROPHETIC ACTIVITIES

Demonic Prophetic are the word of enticement which draw people away from the presence of God. Demonic Prophetic is the art of the proclamation of demons Prophecy that is carried out through the PAIMON, who is in charge of false Prophecy. The demon paimon was the major factor which is mentioned in the this chapter on how he operate on the false Prophecy. In this subtopic, there shall be an analysis on how the false Prophecy is done through the Demon which is the focus of this chapter.

OPERATIONS OF THE PROPHETIC

EIGHT

PROPHETIC REVELATION

Revelation is the art of which things are been show (revealed) or see the mysterious events without any obstacles, the Spirit behind it is a power that bring out Such things in form of visions or dreams. Revelation is the art of seeing beyond the ordinary (natural) to extra ordinary (supernatural), connecting out of the earth to the heaven; seeing what the heaven is also seeing.

Revelation is the major factor of experience that we can do without, especially a prophet who is sent on fulfilling God-given message to the people, and give back to God at end. Revelation facilitate revival of transformation and deliverance. How?

1. Revelation brings down the visitation of God to occurred in the life of man, in which there is transformation after the encounter of God. The transformed soul will stay within the confines of God's will, and desire to please Him always.

2. Revelation makes people to seek the face of God after several years of oppression by the enemy, persisted in calling on God; turning back to the Lord, admitting their sins and at their request through prayer.

Note: Revelation enables to earnest and persistent in bringing general turning to God. People would be willing, obedience and renewed comment to God. This is what be called Prophetic Evangelism. Prophetic Evangelism is the art of making people to seek God through Jesus Christ. Then, there would be hope for those whose their situations around them says their is no hope. God all receives man and undertakes for him when he admits his own wrongs and turns again to Him.

Prophetic Revelation: This is the art of dealings with the God of Truth who knows from beginning to the end and end itself. It also the art of which God directly revealing the truth of ancient events that are inspired written by him, to ensure people are able to get the mystery. The mind of God is what that is really revealed and act through the mind of man. The Prophetic Revelation are the word written words or spoken by God Himself. Exodus 31:18; 32:16; 24:12; Dan.5:5, 1 Chronicles.28:19 and definitely that God put into the mouths of certain men the very words they should speak and told on what to write. Exodus 4:10-15; 34:27; Num.17:2,3; Isaiah 8:1,11,12; Jeremiah 1:7; 7:27; 13:12 ; 30:1,3; 36:1,2,4,11,27-32; Ezekiel 2:7; 3:10,11; 24:12; 36:7; Hebrew 2:2, Zechariah.7:8-12; 1cor.14:37; Rev.2:1,8,12,18; 3:1; 7:14; 10:4. Also the authors were left to choose their own words in relating divine truth in which the Spirit employed the attention the investigation, the armory, the fancy, the logical, in a word all the faculties of the Writer and wrought through them. He guides the Writer to choose what narrative and materials, speeches of others, impartial decrees, general ages, official letters, state papers, or historical matters he mlght find necessary for the recording of the divine

message of salvation. He wrought in, with, and through Their spirits, so as to preserve their individuality to others. He used the men themselves, and spoke through their individualities. Prophetic Revelation deals with the insist of one be adhered to the divine information:

– **Theofitikos:** a God adherence to the mysterious truth, revealing it through general and special.

– **Biblitikos:** a legalistic adherence to biblical prediction of the mind (or thought) of God to the world.

– **Antiquatikos:** advertence to the practice of how the Prophecy is been carried out by Prophets for sake of their antiquity.

– **pragmatikos:** an advertence to practice results of the same factor according to the lead of the Spirit of truth.

Biblical Prophetic Revelation

The Bible reveals about the Prophecy on how it was been given by God. The Prophetic of the Scripture was through the directive of the power of God by the Prophets. The biblical revelation is an art of revealing the Bible prophecy that has been spoken by God through the Prophets, and documented, sealed and kept for its manifestation according to the will of God. Daniel 12:4,9. ***"But thou, o Daniel, shut up the words, and seal the books, even to the time of the end"..... "Go thy way; Daniel: for the words are closed up and sealed till the time of the end ".KJV*** What is this verse really emphasizing? According to **GNB,** it says ***"many people will waste their efforts trying to understand what is happening'.....words are to be kept secrets and hidden until the end comes".*** Biblical Prophetic Revelation means that several a lot of things are to be done - fulfilled, has been written down and sealed by the power of God (I.e nothing can change it, no matter how it was been shifted, it shall be so.)

Inspiration of the biblical Prophetic Revelation

Inspiration of the Old Testament Revelation

The Old Testament Prophetic revelation is carried out when the Spirit of God rest upon the Prophets and begins to declare the mind of God and at the particular moment. The OT Prophetic revelation is when the Lord God wants to speak to his people that he send his Mouth piece to be ready for the task. The Prophetic revelation which the Prophet received is directly from God at that moment the Spirit of God rest upon them, and when be through of speaking. The Spirit was back to God.

CONTENTS OF OT PROPHETIC

1. Redemption and salvation

2. The judgement of God.

3. The day of the Lord.

INSPIRATION OF THE NEW TESTAMENT REVELATION

The New Testament Prophetic Revelation is the continuation that reveals back to the things of the past (revealing to OT). In enable to understand the mind of God on what that has already been said, and proceed to it to the nearest future of the most critical incident that has never happened before from the foundation of the world.

CONTENTS OF NT PROPHETIC

1. forgiveness of sins by God.

2. The coming of the Lord.

3. Great tribulation.

4. Eternity – Heaven and Hell.

CONTENTS OF THE BIBLICAL PROPHETIC REVELATION

The Bible is not actually a full of Prophetic accidentally, it is through a means of authors who write down the Prophetic from Genesis-Revelation are there for the generations to know what is actually coming to happened in the future. The incidents might be long or short to be fulfilled but will actually come to pass to some generations, in which would enable them to know the past spoken words (Prophecy) would be fulfilled in their own time by God's agenda.

GOSPEL; POWER WHICH CAME THROUGH THE PROPHETIC REVELATION

Does the Gospel came down from heaven through the Prophetic revelation? Yes! The Gospel came through the power of God. The power of God is what that brought such Gospel out. The purpose of the Gospel is to proclaim the works of salvation brought by the Lord Jesus Christ. The Prophetic revelation had been occurred, revealed through the art of Prophecy accord to the Prophet.

"The sovereign Lord has filled me with his spirit. He has choose me and sent me To bring goodness to the poor, To heal the broken hearted, To announce release to the captives And freedom, to those in prison. He has sent me to proclaim That the time has come when the Lord will save his people And defeat their enemies.....' **Isaiah 61:1-2 GNB.**

This verse above is fulfilled in the time of Jesus, in which he recite it at their presence in Luke 4:18-19. The Prophetic of such verse is all about the **"*****..... Proclaim liberty to the captives, and opening***

of the prison to them that are bound.....' And these Scripture is done when Christ was put on the cross and he said **"it is finished ".** The Gospel which is done through the Apostles especially to Paul was true by the revelation of Jesus Christ. No Gospel can be done through man that would be true. The Gospel is received from heaven, teaching of the person that redeemed man from the valley of sin. It is God that seek man for Himself. The Gospel which Paul received from heaven gave him the believe it can not die and the knowledge of the freedom. Even though he was not among the disciples at beginning and did not see Jesus in the physical, Paul met the Lord Jesus after the resurrection, and he saw Him. 1Cor. 15:4-8. Acts 9:1-31.

The foundation of the Gospel is based on the plan of salvation for a person who put himself in the position of another die the death that is meant for the sinner (substitute). Jesus is the one who see the helpless state which man fell in to, he came to redeem man back through living a life of Obedience to the law of God. And he paid the dept of the penalty of the sin of disobedience. The gospel been revealed from above has to be revealed in lifestyle not in theory only as Paul said ***"To reveal His son"*** And also proceed ***"that I might preach him among the heathen.....*** **" Galatians 1:16.** The Prophetic revelation of the Gospel is to bring man unto God. The Gospel which came from Prophetic revelation must not be anything to please man, it must be the truth to Christ's preaching and heavenly instruction. Strange fire must not out in the act of the Prophetic work of God. Whosoever brought strange were calling the wrath of God upon themselves. As much as there was fire everywhere, the Son of Aaron brought fire from where they have seen it to do the work of God, it was that day they died. No one can escape the wrath of God that is coming. It is better not to be involved than to regret at the end.

IMPORTANCE OF THE GOSPEL IN THE PERSPECTIVE OF PROPHETIC REVELATION

The gospel is to point the one who has been talking about by the mouth of the prophet which says ***".....And they shall look upon me who they pierced....."*** **(Zechariah 12:10)** which indicating ***"..... everyone that looketh upon it (bronze serpent) shall live."*** **(Numbers 21:18)** which is refers to ***".....have eternal life."*** **John 3:14-15.** The one that has been in pre-existence . **John 1:1-3; 6:38; 8:56-58; 17:4-5, Galatians 4:4-5, Philippians 2:5-7; Revelation 22:12,13,16.** To fulfilled the work of redemption for man, who came in human form. **Acts 2:23, Romans 1:2-3; 3:25; 5:10; 2cor 5:18-19, Galatians 3:13, Hebrew 2:17-18; 4:15, Philippians 2:5-11.** The gospel is all about the works of salvation that has been done all in all. **Hebrew 10:1-10, Ephesians 5:2, Colossians 1:19-20, 1 Peter 2:24, Revelation 5:9.**

THE VOICE OF THE PROPHETIC

There are alot of Voices are now existing in the work of the prophetic. These Voices are came from the demonic world to deceive alot of lives.
