Objetivo do recurso: fazer que a criança relacione as figuras que começam com as mesmas letras, a partir da análise visual.

Objetivos didáticos:
-Nomear as letras do alfabeto(exceto K, W, Y).
-Visualizar os seus traçados.
-Perceber que as letras se repetem em diferentes palavras.

Público-alvo: Crianças que estejam no nível pré-silábico.

No início da alfabetização é importante que as crianças tenham muitos momentos para analisar palavras e verificar: as letras iniciais, as letras finais, as quantidades de letras, as palavras que dividem as mesmas letras, etc.

Através dessas explorações, elas poderão adquirir conhecimentos necessários para que avancem no seu processo de leitura e escrita.

INSTRUÇÕES:

- O jogo possui apenas 10 cartelas para não ficar muito longo e fazer que as crianças percam o interesse durante o seu desenvolvimento.

- Divida as crianças em duplas ou trios. Reúna crianças que estejam em níveis diferentes de escrita, para que as que já possuem mais conhecimentos sobre as letras, possam ajudar os seus colegas a avançarem também. Isso é o que chamamos de agrupamentos produtivos.

- Divida as cartelas de bingos entre as crianças. Organize as fichas de sorteio em um monte, viradas de cabeça para baixo.

- Ao pegar a ficha, cubra a letra e faça as crianças dizerem com que letra começa os nomes das duas figuras.

- Para ficar mais significativo, escreva as duas palavras no quadro e pergunte se alguém da turma possui o nome com aquela letra inicial. Se houver, escreva no lado das outras palavras.

- Quem possuir na sua cartela uma palavra que inicia com a letra sorteada, faz a marcação.

- Ganha quem primeiro completar todas as palavras da sua cartela.

Em outros momentos, você pode usar as fichas para propor a escrita de listas de palavras, em um ditado com imagens.

HABILIDADES DA BNCC

EF01LP03 – Observar escritas convencionais, comparando-as às suas produções escritas, percebendo semelhanças e diferenças.

EF01LP05 – Reconhecer o sistema de escrita alfabética como representação dos sons da fala.

EF01LP07 – Identificar fonemas e sua representação por letras.

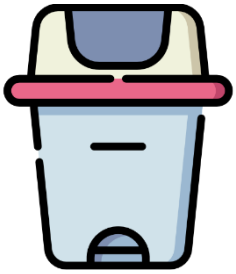

EF01LP08 - Relacionar elementos sonoros (sílabas, fonemas, partes das palavras) com sua representação escrita.

EF01LP09 – Comparar palavras, identificando semelhanças entres sons de sílabas iniciais.
