CHAPTER ONE

IMPORTANCE OF DREAMS

One good way you can know what is going on in your life is through your dreams. Your dream represents your spiritual monitor. It tells you what is going on in your life. It is therefore a tragedy when somebody says that he or she does not dream. Such a person actually does, but the problem is that he or she fails to remember. His or her ability to recall has been removed by the enemy. **Job 33: 14 says,** "For God speaketh once, yea twice, yet man perceiveth it not." God is talking to people but many of them do not understand. Verses 15-16 say. "In a dream, in a vision of the night, when deep sleep falleth upon men, in slumbering upon the bed. Then he opened the ears of men, and sealeth their instruction." All these happen in the dream. Why? The reasons are clearly indicated in verses 17-18: "That he may withdraw man from his purpose, and hide pride from man. He keepeth back his soul from the pit, and his life from perishing by the sword." So, your dream life is your spiritual monitor.

If we could interpret a little bit of what God shows us in our dreams, we would be able to prevent many bad things that befall us from happening. Surely it is not everything that God shows, but He shows enough to save us from all kinds of dangers and troubles. The Bible says that the secret things belong unto the Lord our God, and those things, which are shown are shown unto our children, and us that we may obey God and prosper (Deuteronomy 29: 29). **Numbers 12: 6 says,** "And he said, Hear now my words: If there be a prophet among you, I the Lord will make myself known unto him in a vision, and will speak unto him in a dream." This means that the Lord God of hosts can speak to you in a dream. **Genesis 40:8 says,** "And they said unto him, We have dreamed a dream, and there is no interpreter of it. And Joseph said unto them, Do not interpretations belong to God? Tell me them, I pray you." So, correct

interpretation of dream belongs to God. God is the one that interprets dreams.

Through the ministry of dreams, the Lord sometimes tells a person what is about to happen. Sometimes, a man is about to fall into an open pit but cannot see it, but the Lord will show it to him and so prevent him from falling into the pit. Sometimes, a man is about to perish but a simple revelation he gets from a dream will save him from perishing. **Acts 2: 17 says,** "And it shall come to pass in the last days, saith God, I will pour out of my Spirit upon all flesh: and your sons and your daughters shall prophesy, and your young men shall see visions, and your old men shall dream dreams."

Sometime ago, a very big man had a dream in which he found himself in his own church and they were conducting a funeral service and were saying, "We shall gather at the river, beautiful river. We shall gather with other saints at the river." He sang joyfully with them but at a time something said to him, "Excuse me, who died?" When he heard that question, he did what was most important: He turned to the back of the pamphlet and there he saw his own picture. When he saw this picture, he started screaming: "Stop singing this song. I am not dead. Stop it." But to his amazement they continued, saying, "You already sang with us, it is finished." When he woke up, because of spiritual ignorance he did not know what to do. Somebody with a little bit of knowledge would have known that that could not have been a congregation of Christians. What he saw as a church was not a church but a gathering of witches. The fact that he asked them to stop and they did not stop shows that they had already concluded their agenda. The man did not know what to do because he was going to a religious church every Sunday. Somebody with a little bit of knowledge would have commanded that congregation to scatter. He would have roasted that pamphlet with fire. He would have declared, "I shall not die but live to declare the works of the Lord." And that would have taken care of that revelation. Before that week ran out, his wife and five children had an accident in the family car and all of them died. While they were busy preparing how to bury these six persons, this man also had an accident and died. So, the whole family was wiped out in one. week. Why? This man's inability to interpret a simple spiritual message that God showed him.

That is why it is often said that every man's mountain is his ignorance and that the enemy will play on you according to the level of your ignorance. That is why the Bible says: "You shall know the truth and the truth (that you know) will set you free." For the truth you don't know, it is just too bad.

When I was in England studying for a doctorate degree, I was saving money as I thought that after two years, I would visit home, spend two weeks and go back. The course was for three years. As I prayed one night and slept, I had a dream that I was at the Ikeja airport and they announced that those travelling to so and so place should go and board the plane. I went to the tarmac and saw the plane taking off. I was there looking at it and it took off. I ran all over the place asking, "How can I go, how can I go?" Nobody answered me. Somebody said, "If you ask me that question again, I will give you a dirty slap," and I woke up. The interpretation was very clear. It simply meant that if I went home that year, I might have difficulty coming back. So, although I had gathered the money, I did not go. All my fellow students who went home that time eventually lost a semester because after they came in, there was a coup and the airport was closed up. That dream saved me a lot of stress.

Many years ago, we prayed with a sister, who lived in America, married and with four children. One day in a dream, a white woman walked into her home and said, "Woman, give me your wedding gown." She went to her box and brought it out and the white woman collected it. The white woman gave another command: "Madam, give me your wedding ring." She removed it from her finger, gave it to the woman and woke up. When she and her husband were having their breakfast at the dinning table, she said: "Darling, I had a funny dream" and told him the dream. The man said, "Forget it, forget it." But within two weeks, a strange white woman had taken away her husband and few weeks after, she was deported to Nigeria. The white woman took over the home and took over the care of her four children. It is dangerous to be ignorant of what God is showing you. God is a good and kind God; He will always want to give useful information.

This topic is very important now because the time is getting more dangerous. It is not good for somebody to go out in the morning, and something terrible happens and he says, "Ah I had seen it in the dream."

Many years ago, a commuter bus driver knocked a fellow into the gutter at a bus stop. Fortunately, he did not die. When they brought him out, he was not angry at all. He said, "I saw it, I saw it. But something told me not to stay at this bus-stop."

The confusion that many people are experiencing now will be over if they can check their dream life. The place where some people are working now and are not happy, something in their dream life would have told them that it is a wrong place.

Sometime ago, a sister had a dream, she did not understand. While they were still courting, she found herself and her husband-to-be at the altar and a priest wearing cassock was there joining them together. What was surprising to her was that in the dream, the husband-to-be, that was taller than her, was a pigmy. She had to be bending down to hold his hand. He was so short that he was below her knee. She did not understand. However. two weeks after the wedding, she understood because of the one blow the man gave to her right eye. She now realized that what God was trying to say was. "My daughter, you are marrying a spiritual baby, so whatever he does to you is your own lookout." The position of the pastor is very clear. If you bring a cockroach or serpent to the altar, he would only ask if it is your husband. and if you say yes, he would ask the man if you were his wife. If he also says yes, the pastor would pronounce you husband and wife. Even if it was not a pastor that made the pronouncement, but a herbalist or an imam, That was it. It is binding.

CHAPTER TWO

WHAT IS A DREAM?

It is a series of thoughts, images and pictures that occur during sleep. Dreams are spiritual monitors telling you what is going on in the spirit world. They are dark sayings and parables that are transmitted during sleep. They are vehicles of communication of information during sleep. They are images that occur in definite sequence in your sleep. They are messages from your spiritual life and your inner being. They represent viewing of images on the screen within your mind.

Note carefully the following important statements:

- Every dream has at least one message to convey to the dreamer.
- We have no power to control the contact of our dream.
- Every dream has a meaning, even if it appeared as a disorganized nonsense.
- Dreams are reliable messages.
- Dreams reveal the condition of the heart as well as the voice of God within your heart. Since most people live a noisy life, the only time God speaks to them is when they are asleep.
- The Bible contains symbols for dream interpretation.
- Looking at dreams scientifically will not yield any result because you cannot scientifically explain what is going on.
- The moment you are born, you begin to dream. So, babies do dream, and children too, do dream. Sometimes, you find them screaming from their sleep. And this is part of the reason you need to be careful what toys you buy for them, because for most of them, those toys become living things in their dreams and may become their spiritual friends.

- When the Holy Spirit interprets your dreams, it can be used as a map for your journey through life.
- An un-interpreted dream is like an unread letter.

When you begin to read your Bible carefully, you will find that there are over 50 references to dreams therein. Joseph the son of Jacob dreamt. Joseph, the father of Jesus dreamt. Solomon got his wisdom from a dream. Pharaoh dreamt. Daniel dreamt. Nebuchadnezzar dreamt. **Daniel 1: 17 says,** "As for these four children, God gave them knowledge and skill in all learning and wisdom: and Daniel had understanding in all visions and dreams."

Dreams can sometimes be a variation of prophecies and God uses them to communicate with us. By the time you gather together all the dreams and visions in the Bible and all the things that follow them, one third of the Bible is already written.

WHAT ARE THE SOURCES OF DREAMS?

They are:

- From God. - From satan. - From man.

All the three sources need interpretations.

CHAPTER THREE

FACTORS THAT CAN INFLUENCE YOUR DREAMS

There are factors that can influence your dream either positively or negatively.

FACTORS THAT CAN INFLUENCE YOUR DREAMS POSITIVELY

There are seven factors that can influence your dreams positively:

1. Prayer and fasting: Anyone who lives a regular life of prayer and fasting will not be a candidate of nightmares.

2. Purity: When your life is pure, there are some things the enemy cannot bring to your life.

3. Knowledge of the word of God: When you read your Bible and meditate upon it, it has a positive effect on your dream life. There are some videos that the enemy will not slot into your spiritual machine if you have the knowledge of the word.

4. Regular anointing of yourself: Some clever sisters put anointing oil in their cream, pomade, or soap, so that there is no way it won't touch them on a daily basis. Anointing yourself regularly has a positive effect on your dream life.

5. Baptism of the Holy Ghost: Being filled with the Holy Ghost has a positive effect on your dream life.

6. Regular self-deliverance: When you carry out regular self-deliverance, it has positive effect on your dream life.

7. Good company: When you move with good company, it has

positive effect on your dream life.

When you consistently do these seven things, they will impact on your dream life positively.

FACTORS THAT CAN INFLUENCE YOUR DREAM LIFE NEGATIVELY

What are the factors that influence your dream life negatively? There are nine of them:

1. The flesh: When the flesh is in control of your life, your dream life will be terrible. Drinking, smoking, committing fornication, going to all kinds of places, improper dressing, etc. will influence your dream life negatively.

2. Careless eating and drinking: What you eat and drink will negatively affect your dream life. For example, alligator pepper or bitter kola will negatively affect your dream life. When you eat food from anywhere, it will negatively affect your dream life.

3. Environmental factors: If somebody has just committed fornication in a room where you are going to sleep or you are living in a house where the foundation is demonic, this will affect your dream life. Or if you are in a place where pregnancies are being aborted, of course, that will negatively affect your dream life.

4. Bad company: If you live with the foolish you become foolish. There is no way somebody who wants to have an "A" in mathematics can make it if he is always moving with his friends who always get zero. The Bible says that if you move with the wise, you will be wise; if you move with the foolish, you will be foolish. If your friend is a fool, then you will soon become one. Bad company will have negative impact on your dream life.

5. Cultural orientation: There are many people, who clamour for culture. But our forefathers practised culture and still became slaves. Some people are still practising it. They set Christianity one side and demonic culture one side. Don't get me wrong: many of our cultures are very good and scriptural, For example respect for elders. But with others

such as "Every woman stay in your house, don't come out today because one masquerade is coming," is another thing entirely.

6. Sickness, illness and poor feeding: Any dream you have when you have malaria, will not make sense. If you are not feeding well, it will also negatively affect your dream life.

7. Demonic oppression: When demons are oppressing a person, it will manifest in his dream life.

8. Prayerlessness: A person could stay at a vigil and pray from 10 pm to 5 am but in the record of heaven, what is written down for him is two minutes, because those two minutes were the only time he concentrated and prayed. Although he prayed for seven hours, they say it is two minutes.

9. Lack of scriptural knowledge: This will impact on your dream life negatively.

CHAPTER FOUR

DREAM ERASERS

There are some powers that reduce your ability to recall your dreams. We call them dream erasers. They erase your dream so that you won't take any action when you wake up.

What are these dream erasers? There are 13 of them:

1. Incisions: The number one dream eraser in this environment is incision in any part of the body, particularly the head.

2. Enchantment or bewitchment to blindfold: That is, a person is charmed not to see and he won't see.

3. Demonic dwelling place: Of course, if you are living in a demonic house, you won't remember your dreams.

4. Polluted foods: You have to be very careful where you eat Before you go somewhere to eat, check the signboard. Look at the name of the place. When somebody says, "Hot Head Restaurant" or "Mermaid Cafeteria," and you go inside there and eat, well, you asked for it. You have been told what they do there. You have to be very careful. A certain brother saw somebody roasting only three plantains on the fire, and the peel of the plantains were not there, nor were there any other plantains on the ground. Yet the brother bought all three plantains and began to eat almost immediately. He crossed to the other side of the street, but as he looked back, both the woman and the fireplace she was using had disappeared. He stuck his fingers into his throat, trying to vomit the plantain.

5. Superstition: It is a dream eraser.

6. Worry and anxiety: Worry and anxiety will rub off every useful information that God is giving to you.

7. Demonic attack: Demonic attack on your memory will erase your dreams.

8. Pity party: Celebrating a pity party, sympathizing with yourself will erase your dreams.

9. Household stronghold: Once a spirit is assigned against you for a destructive purpose, it will be rubbing off any dream that will give you information.

10. Sudden waking of a person or disturbance: These can erase his dream.

11. Incomplete deliverance.

12. Aggressive spirit husband or spirit wife: They operate jealously and will not allow the victim to recall any dream.

13. Covenant of backwardness: Once a person has entered into a covenant of backwardness, he will not remember all the dreams that will make him progress. The enemy will completely erase them.

WHY WE SHOULD PAY ATTENTION TO OUR DREAMS, WHY WE SHOULD NOT IGNORE THEM.

Reason number one is that God can bring assurance, encouragement, comfort and direction to you in your dream. God can bring instruction, guidance, correction and exhortation to you in your dream.

The second reason is that dreams can bring us a revelation of the plans and purposes of God for our lives, because He has declared that He will speak to us through dreams and visions. Meaning that God uses dreams as vehicles of divine communication.

Reason number three is that God does significant things with dreams. For example, the Abrahamic covenant in Genesis 15 was given to Abraham in the dream. The supernatural gift of Solomon was given to him in the dream.

CHAPTER FIVE

THE PRINCIPLES FOR INTERPRETING DREAMS

Note the following two scriptures: **Genesis 40:9-13:** "And the chief butler told his dream to Joseph, and said to him, In my dream, behold, a vine was before me. And in the vine were three branches: and it was as though it budded, and her blossoms shot forth; and the clusters thereof brought forth ripe grapes. And Pharaoh's cup was in my hand: and I took the grapes, and pressed them into Pharaoh's cup, and I gave the cup into Pharaoh'sh and. And Joseph said unto him, This is the interpretation of it: The three branches are three days. Yet within three days shall Pharaoh lift up thine head, and restore thee unto thy place: and thou shalt deliver Pharaoh's cup into his hand, after the former manner when thou wast his butler." **Verses 16-22:** "When the chief baker saw that the interpretation was good, he said unto Joseph, I also was in my dream, and, behold, I had three white baskets on my head. And in the uppermost basket there was of all manner of bakemeats for Pharaoh; and the birds did eat them out of the basket upon my head. And Joseph answered and said, This is the interpretation thereof: The three baskets are three days. Yet within three days shall Pharaoh lift up thy head from off thee, and shall hang thee on a tree; and the birds shall eat thy flesh from off thee. And it came to pass the third day, which was Pharaoh's birthday, that he made a feast unto all his servants: and he lifted up the head of the chief butler and of the chief baker among his servants. And he restored the chief butler unto his butlership again; and he gave the cup into Pharaoh's hand. But he hanged the chief baker: as Joseph had interpreted to them."

You can see these dreams and the way the man of God interpreted them. **Genesis 41:1-4 says,** "And it came to pass at the end of two full years, that Pharaoh dreamed: and, behold, he stood by the river. And, behold, there came up out of the river seven well favoured

kine and fatfleshed; and they fed in a meadow. And, behold, seven other kine cameup after them out of the river, ill favoured and leanfleshed; and stood by the other kine upon the brink of the river. And the ill favoured and leanfleshed kine did eat up the seven well-favoured and fat kine. So Pharaoh awoke."

There was a river. Seven cows came out of it, very lean and hungry, and seven other cows came out, well favoured. Then something strange happened: the lean cows ate up the fat ones. Pharaoh woke up and did not know what to do. He was troubled, so, they called Joseph, who began to interpret the dream. Look at **Genesis 41: 15-30:** "And Pharaoh said unto Joseph, I have dreamed a dream, and there is none that can interpret it: and I have heard say of thee, that thou canst understand a dream to interpret it. And Joseph answered Pharaoh, saying, It is not in me: God shall give Pharaoh an answer of peace. And Pharaoh said unto Joseph, In my dream, behold. I stood upon the bank of the river. And, behold, there came up out of the river seven kine. fatfleshed and well favoured; and they fed in a meadow. And, behold, seven other kine came up after them, poor and very ill favoured and leanfleshed, such as I never saw in all the land of Egypt for badness. And the lean and the ill-favoured kine did eat up the first seven fat kine. And when they had eaten them up, it could not be known that they had eaten them; but they were still ill favoured, as at the beginning. So I awoke. And I saw in my dream. and, behold, seven ears came up in one stalk, full and good. And. behold, seven ears, withered, thin, and blasted with the east wind, sprung up after them. And the thin ears devoured the seven good ears: and I told this unto the magicians; but there was none that could declare it to me. And Joseph said unto Pharaoh, The dream of Pharaoh is one: God hath shewed Pharaoh what he is about to do. The seven good kine are seven years; and the seven good ears are seven years: the dream is one. And the seven thin and ill favoured kine that came up after them are seven years; and the seven empty ears blasted with the east wind shall be seven years of famine. This is the thing, which I have spoken unto Pharaoh: What God is about to do he sheweth unto Pharaoh. Behold, there come seven years of great plenty throughout all the land of Egypt. And there shall arise after them seven years of famine; and all the plenty shall be forgotten in the land of Egypt; and the famine shall consume the land. And the plenty shall not be known in the land by

reason of that famine following; for it shall be very grievous."

You can see the interpretation that Joseph gave the dreams. The river from which the cows came out represents the River Nile used in Egypt for agriculture and other things.

So, what are the principles for interpreting dreams biblically?

1. Make a note of it so that you won't forget. It is not a bad idea to have a dream diary, because the longer you wait, the more you will forget and once you've forgotten a dream, you cannot work on it anymore. If you find that writing is more cumbersome for you, get a cassette player/recorder and record it. It is often said that the faintest ink is better than the best brain.

2. Understand that most dreams are symbolic. That is, they are parables, dark sayings. That is why it is wrong to run into action on the basis of a dream that has not been interpreted. For example, do not say, "I saw myself at the back of the Mercedes Benz car with a brother and somebody was driving us somewhere, therefore, I have to marry him." No, you need to first of all find out what the car represents. You have to find out from the Lord whether what He is telling you is that the person you will marry will be as gifted, or as prayerful as that person. Dreams are symbolic.

3. Pray and ask God to reveal the meaning to you.

Daniel 1:17 says, "As for these four children, God gave them knowledge and skill in all learning and wisdom: and Daniel had understanding in all visions and dreams." Look at what is written in **Daniel 5:11-12:** "There is a man in thy kingdom, in whom is the spirit of the holy gods; and in the days of thy father light and understanding and wisdom, like the wisdom of the gods, was found in him; whom the king Nebuchadnezzar thy father, the king, I say, thy father, made master of the magicians, astrologers, Chaldeans, and soothsayers. Forasmuch as an excellent spirit, and knowledge, and understanding, interpreting of dreams, and shewing of hard sentences, and dissolving of doubts, were found in the same Daniel, whom the king named Belteshazzar: now let Daniel be called, and he will shew the interpretation."

4. Most dreams can be understood If you break them into pieces. Although some dreams can be understood by revelation, most

dreams can be understood if you break them into pieces, symbols by symbols, and noting what each symbol means. If you pray for revelation, don't give up. A person may have a dream on January 1 and may really not get the meaning till may be in February. So he has to keep on waiting.

5. Identify the main theme or concept of the dream. Immediately you have a dream, identify its main theme or concept. If you cannot arrive at an answer to what the dream is all about, the possibility is that you had two or multiple dreams together and you do not know how to separate them. One stopped and another one started, but it now looks like a single one, whereas they are different. You should be able to break them.

6. Find out the outcome of the dream. Somebody had a dream that some people were pursuing him. They pursued and pursued, he jumped up, they jumped up, he bowed down, they bowed down, he ran into the river, they followed him; he came out; they came after him; then he woke up. What was the final outcome of that dream? It was that they were pursuing him, but they did not catch him. Another person had a dream, where somebody asked him to prostrate and brought out a horsewhip and said, "I will start by giving you 40 strokes, and if after 40 strokes, you are still alive, I will add 30 more," and the whipping started. By the time he got to number three, he screamed and woke up. What was the outcome of that dream? The man was under punishment and was unable to set himself free.

So when you have a dream, check the outcome. Was it victory, uncertainty or defeat? By the time you know the outcome, how it ended, half of the dream is interpreted. When you don't understand the end and it is uncertain, you are still in confusion. When it is negative, you have to pray it out and deal with it. If you cannot interpret what the whole dream means, check how it ended. If the ending is bad, the dream is bad.

A sister had a dream, where she was flying inside a mat and the mat was flying like an airplane. There was a woman at the front of the airplane holding a steering wheel and directing the mat. The sister asked the driver, where they were going and she refused to answer but was just going. The sister then said, "In the name of Jesus, I will not travel by this transport," and then fell down from the mat, landed on the floor and woke

up. What was the outcome? She was delivered, although with some injury.

Somebody had a dream that a spirit husband was following her. She now gained power and started beating the man, and beat him so much that he turned the white side of his eye out and fell down and gave up. Instead of this person running away, she said, "Ah, I am now a murderer; I did not know that he would die. Don't die." And she woke up. What was the outcome? It was that she was feeling sorry for her enemy. The content of a dream may not be clear but note the outcome.

7. Locate your initial impression about the dream when you wake up. Are you afraid? Does joy fill your heart? Does fear or confusion fill your spirit? That initial impression is very important. Dreams from God will not terrorize people. Dreams from God will not strike you with terrible fear, unless you are a disobedient child. You can be sure that during the dry fast of Jonah inside the whale, if he slept there, he won't have a nice dream because he was disobedient. So, your initial impression about a dream gives you an idea of what it means, because your spirit man is involved in the dreaming process. If your spirit man got out and was not happy, the result of that dream was probably bad.

8. Note any number you find in the dream. Numbers are very important.

9. Note whether the dream is being repeated. Repetition of a dream is a sign that you have not addressed it, it is still there. That is what the dream is telling you. It could also mean that the issue is certain and urgent. There are some dreams that if you don't reverse them immediately, some harm would bed one and would stay for years. If you pray that dangerous prayer point, O Lord, show me myself, show me the secret of my life," you are asking for deep things, and when you dream, you begin to see deep and unbelievable things.

10. The more difficult a dream is, the more important it is to your life. In the Bible, we see that the difficult dreams were important dreams to the lives of the dreamers. The fact that a dream is difficult does not mean that you should not know its meaning.

11. Ask questions. After dreaming, ask such questions as: What was I doing in the dream? What were the major contents of that dream?

What were related in that dream? What were the major symbols in that dream? By the time you piece together the symbols, you will get the answer. Was it a dream of conflict or friendliness? Did I wake up from the dream with unresolved situation? Was it related to any other dream? Because if your dream has no conclusion, it means that your spiritual condition is low. If many people will talk less and pray more, they will experience dumbfounding breakthroughs in their dream lives. Ask yourself the following questions also: Did that dream make sense? Was it negative or positive? How did I act in the dream? What things were in that dream that were important to me? Who and what were my adversaries or friends in the dream? Was there anything helpful in the dream? Was there anything I should have avoided in this dream? Were there faces I recognized in this dream? What actions might this dream be suggesting to me? What kinds of colours did I see in the dream?

12. Remember that every nightmare is the cry of an oppressed spirit. So, before you begin to worry yourself about that dream, you better deal with it in prayer. Deal with it with the Bible knowledge that you have the last say.

13. Dreams release divine creativity. That is why many discoveries and inventions come through dreams. So, if you dream about something new, you must pray over it at once. If not, another one will not follow.

CHAPTER SIX

SYMBOLS

Let us consider some symbols and what they mean. If you have been seeing these symbols, by the time you know the meaning of symbol number 1 and symbol number 2 and join them together, you will be able to know or have an idea of what the dream is telling you. Many people have not consecrated their lives enough for them to receive instant revelation. Many have to pray and pray and pray before they can see simple things. However, if you take the symbols and put all these principles together, then you will know whether the dream is a bad one or a good one.

1. Ankle stands for faith. If you find that you cannot walk straight in your dream, and that your ankles are paining you, check your faith, whether it is standing.
2. Reptiles. All forms of reptile such as alligators, crocodiles, lizards, wall geckoes, etc represent problems. There is no good reptile in the dream. You should not eat with them or pally with them. Don't be like that sister who said that in a dream, as she was trying to escape from an enemy, a crocodile carried her on its back and crossed a river. It simply meant that she was escaping from one enemy and another enemy was carrying her away.
3. Ants represent being industrious or preparation for greater things.

So, if you see some ants and they are not attacking you, they are just doing their business, the Lord is trying to tell you that you are lazy, and need to work harder or you need to prepare for some future things.

4. Abortion represents chronic failure.
5. Hand represents power and strength.

CHAPTER SEVEN

THE MYSTERY OF DREAM POLLUTION

Matthew 13:25 says, "But while men slept, his enemy came and sowed tares among the wheat, and went his way." Dream pollution is a weapon the enemy is using very well.

POLLUTION

Pollution means defilement. Pollution and defilement are very serious subjects in the Bible. They are so serious that anytime there is any case of defilement, the Almighty God gets angry. He says, "Any man who defiles the temple of God, God shall destroy," So, God takes defilement and pollution very seriously.

Pollution can also be defined as uncleanness, filthiness, blemish, desecration or to spoil a thing. It is the opposite of purity.

CLASSES OF DREAMS AND DREAMERS

1. Those who do not dream at all: People, who do not dream at all should go for deliverance. It means the enemy has removed their spiritual monitor and they cannot know what is going on in their lives anymore in the spirit realm. It is a sign of spiritual deadness, when you do not dream. You need to pray seriously.

2. Failure to recall class: This class of people know that they have a dream and that it is important but they will not be able to recall it. They will try to remember but cannot. This is not good because the enemy knows that your monitor has received information so he gets to your monitor and takes it away.

3. Nightmare class: When dreams become nightmares, it can be a terrible thing. At this juncture, I would like you to take the following prayer point loud: "Every power assigned to convert my dreams to nightmares, you are a liar, die, in the name of Jesus."

4. Multiple dreamers: This class of people can have ten or twenty dreams in one night. The enemy suffocates their monitors with a lot of information so that they will not be able to discern it correctly. They are the victims of what is known as suffocating information. They give them too much information so that they will not know the one that is important or not. They keep them busy addressing many things at the same time. It is like a teacher who is bent on punishing a student because he cannot answer all the questions he is throwing at him at the same time.

5. Manipulated dreamers: Their enemies are presented to them as friends while their friends are portrayed as those who are pursuing them. Those who want to kill them would be shown to them as friends. I pray that if your dream life is under satanic manipulation, you will be set free, in the name of Jesus.

6. Vagabond dreamers: Vagabond dreamers are a little bit here and a little bit there. They dream of London, Kaduna, Accra etc. When they go to bed, it is as if they walk about like vagabonds.

7. Infirmity dreams: There are certain dreams known as malaria dreams. They do not make sense. Sometimes, they are very terrifying. A sick person can sometimes have what is called infirmity dream. There is nothing to worry about most of this kind of dreams. It is just the infirmity playing games with your mind.

8. Business of the day dream: An affected person goes to bed and begins to dream of everything that happened in the office. For example, the person could be seeing everything that happened on the road.

9. Warfare dream: This type of dream is easy to understand. When somebody is running after you or wants to destroy you or is shooting at you, or is trying to pin you down, or is sending a serpent against you etc. It is an indication that you have a battle to fight. They are all warfare dreams and must be handled as such.

10. Reverse dreamers: When this class of dreamers have good dreams, bad things happen. When they have bad dreams, good things happen. So, they pray to have bad dreams.

11. Prophetic dreamers: They dream of things about to happen in future or somewhere. God shows it to them in a dream.

12. Terror dreams: This class of dreamers wake up and start shaking and sweating all over because of the experience they had in the dream. They are dreams of terror.

13. Witchcraft dreams: When you fly in the dream or find yourself always in a strange meeting where people are eating human parts and you do not know how you got there, it is witchcraft. Also, if you find yourself in the midst of strange people you do not know or recognize and you know they are wicked people, that is a witchcraft gathering.

14. Familiar spirit dreams: This is when you see yourself playing with some strange friends somewhere. Every time you go to bed, you find yourself among these friends. They are familiar spirit dreams.

15. Guidance dream: This type of dream shows you what to do and what you should not do, or where to go and where not to go.

16. Eraser dreams: Under this class of dreams, victims dream a dream, dream another one, and the second one erases the first one. They dream the third one and it erases the second one. People who dream in the dream belong to this class too.

17. Perpetual dreamers: Every time this class of people dose off, whether they are in the bus or in the office, immediately their eyes are closed, they begin to dream. Even if it is just five minutes, they would have a terrible dream.

18. Warning dreams: People under this class always see people in their dreams who come to warn them not to go to a place or do something.

19. Trigger dreams: Immediately after this type of dreams, something always goes wrong. This was the case of a certain brother, every time he had an interview or an important thing to do, somebody would come at night and give him palm wine in his dream. Once he drank the palm wine in that dream, problem would start. He almost went mad

on the night before his wedding when they brought the palm wine again. The following morning as he set out for the wedding, a careless commuter bus driver splashed dirty water all over his body. He did not have an extra suit, so he took over the suit of the best man. Again on his way, a traffic jam built up all of a sudden. The bride was already in the church crying because the man was already one hour late. When he saw that he was already one hour behind, he took a motorbike while the best man took another one. Now they had different clothes. They were already moving towards the church but as they were driving pass a car, a woman opened the door of the car to come out, his motorbike ran into that door, and both the motorcyclist, the man in suit and the woman fell into the gutter. All these happened on the wedding day. It all started from the palm wine in the dream the previous night. But when he started praying, God showed him that his ancestors worshipped ogun, the god of iron and one of the sacrifices of ogun is palm wine. His forefathers sometime ago forgot to offer the sacrifice to ogun and that caused the problem.

20. Sleep walking: A victim can get out of the bed, go into the kitchen, and take something. It is a terrible manipulation. A certain man had a dream in which he took a rope, put it on the neck of his wife, tightened it and the woman was screaming until she could scream no more. It took time before the man understood that he had killed his wife. What he thought was a dream was sleep walking. It is a terrible manipulation.

21. Materialization dream: This is a situation where the attack on a person in the dream manifests physically. I have a seen a lady who was attacked in the dream and she said, "I rebuke you, in the name of Jesus." The attackers said, "Shut up." She continued to say, "I rebuke you, in the name of Jesus." So, they bombarded her and started biting her. She woke up shouting. And she saw the mark of their teeth on her body.

22. Double-life dreamers: A victim of double-life dream would have a husband or wife and children. But immediately he or she sleeps, he or she would enter into another world completely. There would be another husband or wife and strange children too. Such a person lives a double-life.

23. Occasional or rare dreamers: These ones rarely dream but when it comes, it can be very serious.

24. Dreams of pollution: Some people call it filthy dreams. The agenda of dream pollution are:

- To ensure that you are not in the position God wants you to be.
- To remove the presence of God from a person's life.
- To ensure that everything that is holy does not move close to you.
- To ensure that the more you pray hot prayer points, the more the struggle multiplies. That is you are praying but because of the pollution in your life, heaven cannot visit you.
- To refuse the heavens from opening on a person's life.
- To make somebody undergo multiple deliverances without any breakthrough.
- To cause silence from heaven and hinder you from obtaining favour.
- To put a mark of impossibility upon a person. The breakthrough would be staring at the person but he cannot get it because nothing is working. Heaven will go away from a person once there is defilement.

Pollution is defilement. Defilement pushes us away from God and once you have been pushed away from His presence, other things are free to grab you.

EXAMPLES OF DREAMS OF POLLUTION

1. Sexual intercourse in the dream.
2. Woman with male organ sleeping with another woman, or vice versa.
3. Constant siemen discharge in your sleep.
4. Finding faeces around you.
5. Sleeping or wedding with an animal.
6. Wedding your father or mother.
7. Your body being rubbed with faeces or urine.
8. Drinking or swimming in dirty water.
9. Being raped in the dream.
10. Giving birth to strange babies in the dream.
11. Powers drawing your blood or injecting things into you.
12. Spiders, scorpions, vultures, owls etc attacking you. These are unclean animals.
13. Incisions in the dream.
14. Being naked in the dream.
15. Finding yourself around your menstrual pad in the dream.
16. Sexual intercourse with parents.
17. Finding yourself in a coffin.
18. Eating spoilt food.
19. A man being pregnant in the dream.
20. Continual senseless dreams.
21. Vomiting on yourself.

22. Wearing dirty clothes or rags or some powers are spitting on you.

34. Breast feeding babies you do not know or animals.
35. Somebody trying to show his or her nakedness to you.
36. Kissing an unknown person or getting married to an unknown person in the dream.

These are dreams of pollution and you should not joke with them. When a person is defiled, heavens which cannot behold pollution. would turn his face away from the person.

SOURCES OF DREAM POLLUTION

1. Worry and anxiety: When you go to bed loaded with worry and

cares, or you go to bed crying about your situation, you open the door to your enemy. Worry and anxiety consitute a source of evil dreams for you. **Ecclesiastes 5:3 says,** "For a dream cometh through the multitude of business."

2. Vain imaginations: If you think the wrong things, vain imaginations will pollute your life.

3. Fear: Your fears in the physical could be transported into your dream life.

4. Lust of the heart: Immorality does not start suddenly. Victims would have imagined it or looked at dirty pictures or listened to dirty jokes or music. Some could pick it up from dirty literatures, or by watching sex on television. Some people fill their hearts with garbage thereby polluting their lives. This is a very serious matter.

You can actually test your dreams to know whether they are polluted or not.

HOW TO KNOW WHETHER YOUR DREAM IS POLLUTED OR NOT

1. Once you have a dream, the first thing you should try and remember quickly is the end of the dream. Do not worry too much about the beginning. If it ended on a sad note, you need prayers. If it ended in tragedy, remorse or disappointment, you need prayers. It can start with warfare but the end maybe victorious. What matters is the end.
2. Is the dream scriptural? Check it out.
3. Does it draw you closer to the Lord?
4. Does it leave you confused?
5. Does it edify?

6. Does it bring bondage?
7. Is the Holy Spirit confirming it?

These questions will help you to test the kind of dream you are having.

ANCHORS OF POLLUTED DREAMS

Dreams of pollution have something known as anchors. If their anchors are in your life, you need to up root them. The anchor of polluted dreams or dreams of defilement is the reason they stay somewhere and refuse to go even after prayers.

1. Anal and oral sex pollute lives. If you engage in them, dream pollution will never let you go. Oral sex really is cannibalism because you are eating the male seed which has the potential to become a human being, meaning that you are actually a witch, operating with romance. Ingesting the male seed is cannibalism. Preoccupation with sexual desires and appetite will pollute your dream.

2. Inordinate affection is an anchor.

3. Unrestrained and unnatural passion and lust would attract pollution.

4. Filthy communication, filthy conversation, filthy languages. filthy jokes, filthy music, materials that encourage pornography, masturbation, lesbianism, homosexuality, etc will attract pollution.

5. Inability to stop filthy memories or to allow the filthy memories and voices to leave you will encourage dream pollution in your life.

6. When you are constantly undressing people in your mind's eyes, your dream life will be polluted.

7. Being close to God's enemies.

8. Abortions.

9. Love of pleasures.

10. Incest.

11. Alcoholism and hard drugs.

12. The television is also a great pollutant. It is terrible because it enables you to hear and see. In fact, a large number of people will go to hell fire because of television. Television is the number one killer now. It has destroyed countless souls. This destroyer does not need secrecy or darkness to cause havoc. It is the greatest witch in the world because it is given a prominent position in every house. On the television, you will see drug abuse; wife abuse, child abuse, deceit, disobedience, adultery, fornication, rebellion, blasphemy, almost every work of the enemy is broadcast on television. Things that never occur to people's brains are displayed on television. Most Christian television programmes these days are a mockery of holiness and it is a tragedy to note that every five minutes, there are filthy things being shown on television. The good thing about television however, is that it has an off and on button. But the power of TV is so much that it becomes very difficult some times to press the off button. A lot of people need deliverance from these powers. Therefore, we need to take some urgent steps.

HOW TO DEFEAT DREAM POLLUTION

1. You must repent of all spiritual filthiness.
2. You must be born again.
3. You must undergo complete deliverance.
4. You must watch your eyes and tongue.
5. Mortify your flesh so that it does not bring trouble into your life.
6. Wage war against it. This evil dream has polluted and wrecked many lives.

Sometimes, dream is the only means of information some people have from heaven and the reason is that their lives are too noisy. Many people do not even settle down to listen to what God is saying. The only way God can talk to them is through dreams.

Many are suffering now because of dream pollution. Many have been written off and many too have been reorganized or rearranged out of God's will and desire for their lives. Many have been pushed to a level that when they say, "Heavens come down and fill my soul." Heavens will say, "No we don't fill the soul of polluted people."

CHAPTER EIGHT

DREAMS AND CURSES

There are some dreams that indicate that somebody is operating under a curse. For example, if in your dream, you are always fighting against unknown persons without victory, you need to pray against curses. If in your dream, you always go on endless journeys, you travel with no destination, it is evidence that you are operating under a curse and you need to pray. If you find that you have constant nightmares and they do not make sense, you are working under a curse. If in your dream you climb but do not get to the top or you sit for an examination, but you do not get the result, it means that you are operating under a curse. If in your dream you are always getting late for important assignments or that something good was about to become your turn, but it was not given to you before you woke up, you need to pray. If you find that you are plucking fruits from a tree but it is the spoilt ones that you are plucking, it is evidence that you are operating under a curse. If in your dream, you are always going back to your primary school or to a house where you lived as a little boy or girl. you are operating under a curse of backwardness or retrogression.

If you find that in your dream. you are always a house help or slaving away, serving those who should be serving you, it is the curse of slavery. You need to stand against it. If you find yourself seeing tortoises and snails, you are operating under a curse. If you find cobwebs in your dreams, you need to pray against the spirit of staleness. If you find yourself going about in circles. you need to pray against the circle of curses. If you are a man and you find yourself pregnant. and you are not delivered of the baby in the dream, you are operating under a curse. If you see a black river flowing, you are operating under a curse. If you find yourself in a cage, pit, cell or prison, you need to pray against curses. If

you find rats running around you, you need to pray against the curse of poverty. If you see that you have a dream that precedes problems, you are operating under a curse. If you find yourself regularly communicating with the dead, you are working under some curses that worked against your ancestors. If you find that you are fed regularly with a particular food in the dream, know that you are working under a curse of spiritual failure. If you find yourself being cursed or harassed in the dream, it is evidence that you are working under a curse. If in your dream you are looking for something but cannot find it, you find yourself lost in a forest, or fighting some giant men, it is evidence that you are operating under a curse.

Any dream that indicates demotion, embarrassment, being locked out while others are inside, or prostrating or begging somebody you are superior to is an indication of a curse. Forced marriage in the dream, disappointment, crying without any reason or finding yourself in the graveyard is an evidence that you are operating under a curse.
