Question Type	Question	A	B	C	D	Answer	Remark
☐ FBQ	A cell address is also called a cell	Identifier					eExam
☐ FBQ	A rectangular point of a row and a column is called a	Cell					eExam
☐ FBQ	A worksheet is arranged in rows and	columns					eExam
☐ FBQ	Every Electronic spreadsheet software uses a rectangular grid of cells called a	worksheet.					eExam
☐ FBQ	Microsoft is the office application used for database	Access					eExam
☐ FBQ	E in Microsoft excel stands for	Autosum					eExam
☐ FBQ	menu provides options for editing and manipulating text	Edit					eExam
☐ FBQ	option saves your document, using the current filename or the one given to it by	Save					eExam
☐ FBQ	Selecting in word simply opens a blank screen for you to create a new	New					eExam

☐							
☐ FBQ	<p><input type="text"/></p> <p>screen allows you to see how your document will appear on paper before printing it.</p>	Preview					eExam
☐ FBQ	<p><input type="text"/></p> <p>simply means Treasury of Synonym and Antonyms where you can select alternative words for same words.</p>	Thesaurus					eExam
☐ FBQ	<p><input type="text"/></p> <p>involves changing the appearance of a document</p>	formatting					eExam
☐ FBQ	<p>In Word Processing environment, the <input type="text"/></p> <p>is very similar to the tip or point of a pen and it indicates where text will appear next when it is entered from the keyboard.</p>	cursor					eExam
☐ FBQ	<p><input type="text"/></p> <p>is the term for changing of a document.</p>	Editing					eExam
☐ FBQ	<p>Oracle provides <input type="text"/></p> <p>application</p>	Database					eExam
☐ FBQ	<p>Microsoft project is an application used for <input type="text"/></p>	Project management					eExam
☐ FBQ	<p>The application used for easier calculation is <input type="text"/></p> <p>Microsoft</p>	Excel					eExam
☐ FBQ	<p>Microsoft <input type="text"/></p> <p>is an application used for text preparation</p>	word					eExam
☐ FBQ	<p>Microsoft <input type="text"/></p> <p>is an application used for presentations</p>	powerpoint					eExam
☐ FBQ	<p>A very good example of Desktop Publishing packages is the Microsoft <input type="text"/></p>	Publisher					eExam

☐								
☐ FBQ	<p><input type="text"/></p> <p>packages are used for creating published materials such as Newsletters, Brochures and Flyers.</p>	Desktop Publishing						eExam
☐ FBQ	<p>Database Management packages are the applications that computerize the routine tasks of recording and filing of</p> <p><input type="text"/></p>	information						eExam
☐ FBQ	<p>Electronic Spreadsheet application is majorly used in business by accounting professionals to perform</p> <p><input type="text"/></p>	financial						eExam
☐ FBQ	<p>A modeling software simply uses the power and</p> <p><input type="text"/></p> <p>of a computer machine to perform some mathematical</p> <p><input type="text"/></p>	speed						eExam
☐ FBQ	<p>Editing is simply defined as Text</p> <p><input type="text"/></p>	Manipulation						eExam
☐ FBQ	<p>A compiler translates the original program, called the Source Program into what is called the</p> <p><input type="text"/></p>	Object Program						eExam
☐ FBQ	<p><input type="text"/></p> <p>languages are the machine- independent languages</p>	High Level						eExam
☐ FBQ	<p><input type="text"/></p> <p>language was developed to use symbolic names or mnemonics to alleviate some of the difficulties in using Machine</p>	Assembly						eExam
☐ FBQ	<p>A</p> <p><input type="text"/></p> <p>language is the only language the computer actually understands.</p>	Low level						eExam

☐								
☐ FBQ	The <input type="text"/> phase of computer programming consists of debugging or removing the program errors and the program testing.	Fourth						eExam
☐ FBQ	The third phase of computer programming is also called the starting point of <input type="text"/>	Implementation						eExam
☐ FBQ	In computer programming the <input type="text"/> stage is where you as a programmer, plan the logic of the solution.	Design						eExam
☐ FBQ	In <input type="text"/> phase of computer programming the problem is described and fully analysed.	First						eExam
☐ FBQ	The file extension for Bitmap or Graphic Image is <input type="text"/>	.bmp						eExam
☐ FBQ	Letter "A" is usually used by the OS to Identify <input type="text"/> drive	Floppy						eExam
☐ FBQ	Information created by using an application is stored in <input type="text"/>	Data Files						eExam
☐ FBQ	Every drive has what is called a Root <input type="text"/>	Directory						eExam
☐ FBQ	The instructions meant to run an application are stored in <input type="text"/>	Program Files						eExam
☐ FBQ	<input type="text"/> simply a graphical representation of a program, a file or a program activity which you can just double-click to run or open	Icon						eExam

<div></div>								
<div><div></div>FBQ</div>	<div>A <div></div> OS supports many users to share the same resources or devices of the computer system simultaneously.</div>	Multi-user						<div>eExam</div>
<div><div></div>FBQ</div>	<div>An <div></div> is a collection of computer programs that helps you to run other programs and manage other devices on the computer.</div>	Operating System	OS					<div>eExam</div>
<div><div></div>FBQ</div>	<div><div></div> key creates a space character.</div>	Spacebar						<div>eExam</div>
<div><div></div>FBQ</div>	<div>The four arrow keys on the keyboard are used for <div></div></div>	Navigation						<div>eExam</div>
<div><div></div>FBQ</div>	<div>The layout of most electronic keyboards closely follows that of the <div></div> keyboard.</div>	QWERTY						<div>eExam</div>
<div><div></div>FBQ</div>	<div>The keys carrying digits on the keyboard are called the <div></div></div>	Numeric keys						<div>eExam</div>
<div><div></div>FBQ</div>	<div>Keys with the combination of alphabets and numbers on the keyboard are called the <div></div></div>	alphanumeric						<div>eExam</div>
<div><div></div>FBQ</div>	<div>The most common display device is the <div></div></div>	Monitor						<div>eExam</div>
<div><div></div>FBQ</div>	<div>Joysticks are also input devices specifically used for some <div></div> . They are of different designs and colours.</div>	computer games						<div>eExam</div>
<div><div></div>FBQ</div>	<div>The <div></div> is generally called the Standard Input Unit.</div>	keyboard						<div>eExam</div>

☐							
☐ FBQ	A terminology used for the combination of the Input and Output devices is called the <input type="text"/>	Transport Devices	Transport device				eExam
☐ FBQ	A Peripheral is any <input type="text"/> that is connected to a computer.	Device	Devices				eExam
☐ FBQ	1 Kilobyte (KB) = <input type="text"/>	1024 bytes					eExam
☐ FBQ	1 BYTE = <input type="text"/>	8 BITS	Eight Bits				eExam
☐ FBQ	The smallest unit measurement in the computer memory is the <input type="text"/>	BYTE					eExam
☐ FBQ	The brain of the whole computer system is known as the <input type="text"/>	Central Processing Unit	CPU				eExam
☐ FBQ	<input type="text"/> provides the computer with the ability to interconnect directly or indirectly all the other computer devices.	Motherboard					eExam
☐ FBQ	The 2nd generation computers used <input type="text"/> .	Transistors	Transistor				eExam
☐ FBQ	<input type="text"/> are computers specially housed in big buildings are very large and majorly owned by large organisations in the past decades.	Mainframe computers	Mainframe computer				eExam
☐ FBQ	The 1st generation computers used <input type="text"/> .	vacuum tubes	vacuum tube				eExam
☐ FBQ	EDVAC stands for Electronic Discrete Automatic <input type="text"/>	Computer					eExam
☐ MCQ	Microsoft excel has what type of file extension	.xls	.docx	.ppt	.lsx	A	eExam

☐							
☐ MCQ	Microsoft powerpoint has what type of _____	.xls	.docx	.ppt	None of the above	C	<div>eExam</div>
☐ MCQ	RAM stands for Random _____Memory	Assess	Access	And	Acquired	B	<div>eExam</div>
☐ MCQ	A projector is also an example of output _____	Agree	Disagree	Usure	None of the options	A	<div>eExam</div>
☐ MCQ	The control panel option can be located under which button	Menu	File	Start	None of the options	C	<div>eExam</div>
☐ MCQ	Joystick is considered as an_____device	Input	Output	All of the above	None of the options	A	<div>eExam</div>
☐ MCQ	Expert systems are programmed to imitate human thought by comparing facts	Agree	Disagree	Unsure	None of the options	A	<div>eExam</div>
☐ MCQ	Having access to a collection of information in a given field of study is a feature of an expert system	Agree	Disagree	Unsure	None of the options	A	<div>eExam</div>
☐ MCQ	Which of these is not an example of a publishing software	Microsof t Publishe r	Core Draw	PageMaker	None of the options	D	<div>eExam</div>
☐ MCQ	Word Processing software are generally designed to make text preparation very easy	Agree	Disagree	Unsure	None of the options	A	<div>eExam</div>
☐ MCQ	one of these is an example of integrated application suit	Microsoft Office	Lotus Smart	Corel Word Perfect	All of the options	D	<div>eExam</div>
☐ MCQ	_____is said to be recognised for converting analog signals received by a computer into digital forms via the telephone line connection	Modem	Interpreter	Assembler	Compiler	A	<div>eExam</div>
☐ MCQ	An_____simply translates the source program to machine language as the program is being executed	Compiler	Interpreter	Assembler	None of the options	B	<div>eExam</div>
☐ MCQ	A_____translates the original program, called the Source Program into what is called the Object Program	Compiler	Interpreter	Assembler	None of the options	A	<div>eExam</div>
☐ MCQ	Computer languages can be translated by one of the following	Compiler	Interpreter	Assembler	All of the options	D	<div>eExam</div>

<div><div></div></div>							
<div><div></div></div> MCQ	Problem – Oriented languages, programmers specify what to be accomplished without the development of procedures, which is left to the language	Agree	Disagree	Unsure	None of the options	A	<div>eExam</div>
<div><div></div></div> MCQ	Procedure-oriented languages help programmers to solve a problem by indicating the procedures to be used by the computer.	Agree	Disagree	Unsure	None of the options	A	<div>eExam</div>
<div><div></div></div> MCQ	One of these is an example of a high level language except	Fortran	Basic	C++	None of the options	D	<div>eExam</div>
<div><div></div></div> MCQ	The mouse is a member of the group called _____ Devices	Pointing	Showing	FloppyDisk	Descriptive	D	<div>eExam</div>
<div><div></div></div> MCQ	which of these is not a type of computer?	Midi Computer	Main frame computer	Mini computer	Personal computer	A	<div>eExam</div>
<div><div></div></div> MCQ	_____is called the worhorse of a computer's CPU	Control unit	Main memory	Arithmetic logic unit	Monitor	C	<div>eExam</div>
<div><div></div></div> MCQ	One of these does not help in computer processing	Process Unit	Arithmetic logic unit	Control unit	Main memory	A	<div>eExam</div>
<div><div></div></div> MCQ	Which of these is not a type of output device?	SpeedJet Printer	DotMatrix Printer	Inkjet Printe	LaserJet Printer	A	<div>eExam</div>
<div><div></div></div> MCQ	One of these converts computer digital information into what we can understand	CPU	Display devices	Keyboard	Main memory	B	<div>eExam</div>
<div><div></div></div> MCQ	_____is considered as a computer peripheral	ROM	Control unit	Mouse	Main memory	C	<div>eExam</div>
<div><div></div></div> MCQ	A memory of 2 bytes is equivalent to how many bits?	6bits	12bits	16 bits	48 bits	C	<div>eExam</div>
<div><div></div></div> MCQ	In an effort to sort the allowance of staff using a computer, what part of the CPU is responsible for that?	System unit	Binary unit	Control unit	Arithmetic Logic unit	D	<div>eExam</div>
<div><div></div></div> MCQ	One of these is a trend type when plotting trend lines of a graph	Linear	Logarithmic	Polynomial	All of the options	D	<div>eExam</div>
<div><div></div></div> MCQ	There are_____types of statistical analysis	5	4	3	2	D	<div>eExam</div>

<div><div></div></div>							
<div><div></div><div>MCQ</div></div>	One of these is considered as a computer standard input device	Keyboard	Joystick	Mouse	Scanner	A	<div>eExam</div>
<div><div></div><div>MCQ</div></div>	Which of these is not a type of printer?	RunJet Printer	DotMatrix Printer	Inkjet Printer	LaserJet Printer	A	<div>eExam</div>
<div><div></div><div>MCQ</div></div>	One of these is a type of statistical analysis	Descriptive	Incremental	Differential	Logical	A	<div>eExam</div>
<div><div></div><div>MCQ</div></div>	One of these is not a component of a computer's CPU	Execute Unit	Arithmetic logic unit	Control unit	Main memory	A	<div>eExam</div>
<div><div></div><div>MCQ</div></div>	Invitation and greeting cards can be best created using ____	Graphic card	Publication applications	Word application	Picture manager	B	<div>eExam</div>
<div><div></div><div>MCQ</div></div>	Desktop publishing applications can be used to design one of the following except _	Newsletter	Brochures	Flyers	None of the options	D	<div>eExam</div>
<div><div></div><div>MCQ</div></div>	Common storage devices used by the computer are called_	FlashDisk	Memory stick	FloppyDisk	Drives	D	<div>eExam</div>
<div><div></div><div>MCQ</div></div>	An excel worksheet can be used as a tool to monitor and keep of patient temperature	Agree	Disagree	Unsure	None of the options	A	<div>eExam</div>
<div><div></div><div>MCQ</div></div>	Control panel window can be opened using _____	Desktop window	Desk menu	Start bar	Panel bar	C	<div>eExam</div>
<div><div></div><div>MCQ</div></div>	These are options of functions that can be performed using control panel except_	Add new hardware	Mouse/ Keyboard	Uninstall a program	None of the options	D	<div>eExam</div>
<div><div></div><div>MCQ</div></div>	The task of editing consists of the following: <u>except the</u>	Spell checking	Deletion	Insertion	None of the options	D	<div>eExam</div>
<div><div></div><div>MCQ</div></div>	Normally, the _____ cannot store all the data it requires at the same time as running a program	System	Processor	Program	Unit	B	<div>eExam</div>
<div><div></div><div>MCQ</div></div>	One of these is not contained in the computer memory	RAM	ROM	Main memory	Partial memory	D	<div>eExam</div>
<div><div></div><div>MCQ</div></div>	Which of the following mouse keys, plays the same role as the Option key on the keyboard?	Special key	Back space	Tab key	Secondary key	D	<div>eExam</div>
<div><div></div><div>MCQ</div></div>	All the following are input devices except the _____	Keyboard	Scanner	Joystick	None of the options	D	<div>eExam</div>

<div><div></div></div>							
<div><div></div></div> MCQ	A processor cannot store all the data it requires at the same time as running a _____	Process	Program	Byte	Unit	B	<div>eExam</div>
<div><div></div></div> MCQ	Which of the following mouse keys, plays the same role as the ENTER key on the keyboard?	Primary key	Special key	Tab key	Secondary key	A	<div>eExam</div>
<div><div></div></div> MCQ	The mouse_____is often used to prevent the mouse from gathering dust	Pad	Cloak	Stick	None of the options	A	<div>eExam</div>
<div><div></div></div> MCQ	_____components and speakers are basic requirements for going through electronic tutorials	Sound	Video	Liquid displays	Recyclers	A	<div>eExam</div>
<div><div></div></div> MCQ	Which of the following could be classified as an impact printer?	Laserjet	Bit Milieu	Inkjet	None of the options	D	<div>eExam</div>
<div><div></div></div> MCQ	The sole purpose of Word Processing software is to make _____	Tag	Data	Program	None of the options	D	<div>eExam</div>
<div><div></div></div> MCQ	The major merit of integration is the ability to exchange data between _____	Loose	Applications	Rip	Zip	B	<div>eExam</div>
<div><div></div></div> MCQ	Which of these is a word file extension?	doc	.docx	dox	None of the options	B	<div>eExam</div>
<div><div></div></div> MCQ	Which of these is not a trend type when plotting trend lines of a _____?	Linear	Logarithmic	Polynomial	None of the options	D	<div>eExam</div>
<div><div></div></div> MCQ	Which of these is not a property of fields used in database?	Field name	Field data type	Field maximum size	None of the options	D	<div>eExam</div>
<div><div></div></div> MCQ	which of these is not a common type of data used in field types in a database application?	Numeric	Character	Logical	None of the options	D	<div>eExam</div>
<div><div></div></div> MCQ	Which of these is not an example of database application?	Microsoft access 2000	Lotus approach	Quatro pro	None of the options	D	<div>eExam</div>
<div><div></div></div> MCQ	These are the steps of opening MS-Access <u>except</u>	Click start	Select control panel	Select program	Select Access s	B	<div>eExam</div>
<div><div></div></div> MCQ	Microsoft access uses one of these design _____	Columnar	Tabular	Data sheet	All of the	D	<div>eExam</div>

☐								
☐	MCQ	One of these is a method of searching of database	Filtering of data and replace	Sorting a	Filter	All of the options	D	<div>eExam</div>
☐	MCQ	Computer digital information understand using	CPU converted into display devices	Keyboard	Main memory	B		<div>eExam</div>
