

There comes a time in a person's life
When you gotta make some choices and take a stand
But whatever stand you take
You gotta make sure you take some responsibilities

Everybody has a choice in life
Everybody has a path to go
Everyone needs a difference
Ohh yea
When things seem so hard for me
And trouble's knocking on my door
Lord help me not to comprise
Cos, You have given me a choice in life

I chose to live a life for you
I chose to praise you all my days
I chose to make a difference
That's all that I can choose

The desire of my heart today
The song of my lips today
I chose life that I may live
Oh no no no
When things seem so hard for me
And trouble's knocking on my door
Lord help me not to comprise
Cos, You have given me a choice in life

Ha! I chose to make the right run
I know where You lead me is the right one
Help me dear Lord to make the right turns
In the process not to fight none
I chose to obey You father
And walk according to Your word devine

To let my light shines in the midst of darkness
And never turn back till the price is won
To live by Your word is my heart desire
To make sure nothing quenches off the fire
The journey might make me feel weak and tired
I know I'll only move higher and higher
So take my hand
Help me stand
Lead me, guide me, to see this through
I can never ever do this without You
But I know You'll always be there for me
so I chose
