Guidelines Regarding 4th year 2nd semester Internship

1. Students has to prepare individual internship report,
2. Students have to learn minimum 3 structural components and maximum all structural components on the site. If the students learn only one structural component on site their project will be rejected.
3. Structural components are foundation, column, beam, slab, staircase.
4. If the students got only foundation in one site, they have to search another site where they can learn column, beam and slab.
5. Cover page, certificate and other formats will be sent through social media, all project groups have to keep uniform.
6. The binding of the report is either white or yellow color, other color like red, blue, green will not be accepted.
7. The report should not be more than 50 pages
8. The slides for presentation should not be more than 20 in Microsoft power point.
