3. Name four (4) figures of speech: _____; _____; _____; and _____

B. EVALUATION OF COMPETENCE (10 MARKS)

"The Nature of Nature: Harmony or Hazard?"

Beautifully, God created the universe
Beautifully, man was placed at the centre of the universe
Beautifully, man and nature lived in joy and harmony
To preserve and sustain the environment and humanity

Now sadly, man has become excessively greedy with nature
Sadly, man has turned to be brutal with nature
Sadly, he has insulted his responsibility to nature,
By consciously introducing industrial activities to damage
the future

Slowly, the environment has been degraded
Slowly, nature has been neglected and mishandled
Slowly, the forest, aquatic life and the landscape are distorted,
Simply because mankind is unkind with the natural environment (…)
