Vacancy Announcement

Position: Consulting Doctor (Sexual & Reproductive Health – SRH)
Organization: Letena Ethiopia
Location: Addis Ababa, Ethiopia
Employment Type: Full-Time
Salary: ETB 25,000 Net per month

Role Overview

Letena Ethiopia is seeking a qualified and motivated Consulting Doctor to support our digital and in-person (Out reach) Sexual and Reproductive Health (SRH) services.

The Consulting Doctor will respond to digital consultations, provide medical follow-ups, contribute to SRH educational content, and support digital health research initiatives. This role plays a key role in ensuring Letena's services are accessible, reliable, and impactful for the community.

Key Responsibilities

1. Daily Digital Consultation Responses

- Log into the Letena Consultation EMR daily to review and respond to new consultation requests.
- Provide accurate, professional, and compassionate responses to users.
- Document all consultations in the system and ensure appropriate follow-up actions are taken.

2. Medical Follow-Ups & Case Management

- Monitor patients requiring ongoing care and support.
- Conduct timely follow-ups and ensure continuity of care.
- Refer patients to specialists or external health facilities when necessary.

3. Support Educational Content & Public Awareness

- Provide medical insights to support Letena's SRH social media campaigns.
- Contribute to the development of SRH awareness materials and programs.
- Work closely with the Content Team to ensure the medical accuracy of educational content.

5. Social Media & Video Participation

- Be willing to participate in educational videos for TikTok and other social media platforms.
- Answer questions related to SRH topics in short video formats.
- Present health information in an engaging and easy-to-understand way for a wide audience.

6. Community Outreach Programs

- Support and participate in community outreach activities related to Sexual and Reproductive Health (SRH).
- Provide health education and awareness sessions to communities, youth groups, and partner organizations.
- Represent Letena during outreach events, campaigns, and public health initiatives.
- Support the planning and implementation of outreach programs aimed at improving access to SRH information and services.
- Work with the team to ensure outreach activities align with Letena's health education and community engagement goals.

Qualifications & Requirements

- Medical Doctor (MD) with a valid professional license.
- 1–2 years of relevant clinical experience.
- Knowledge or interest in Sexual and Reproductive Health (SRH).
- Strong communication and patient counseling skills.
- Comfortable using digital consultation platforms.
- Willingness to appear in TikTok and other social media educational videos.

Skills

- Patient-centered communication
- Digital health / telemedicine familiarity
- Public health education and awareness
- Research coordination and documentation

How to Apply
