LOW POLY PAPER FIGURE

IRON MAN

HAND MADE KIT

INSTRUCTION

9+
AGE

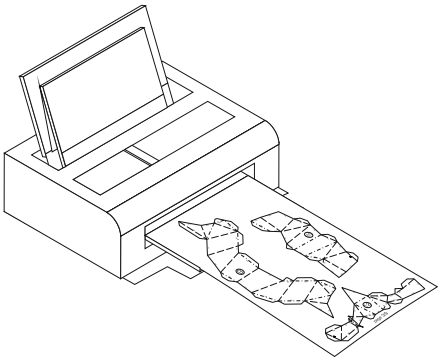

26
PARTS

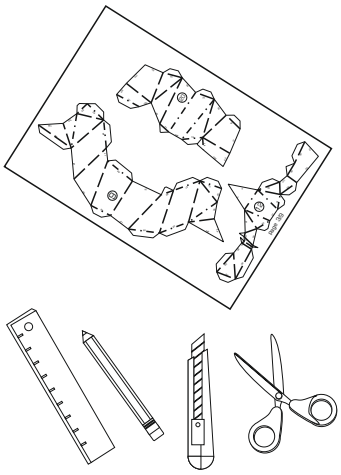

NEED TOOLS

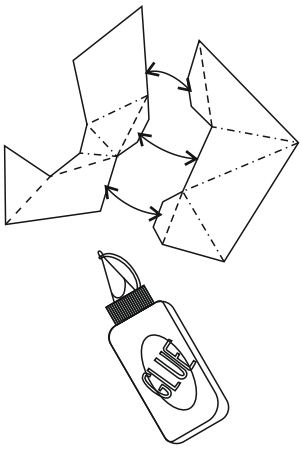

15
TOTAL AMOUNT

Necessary materials and tools:

1. thick color paper or color cardboard (160-300 gr/m2)
2. printer
3. paper knife, steel ruler, scissors, cutting mat
4. paper glue

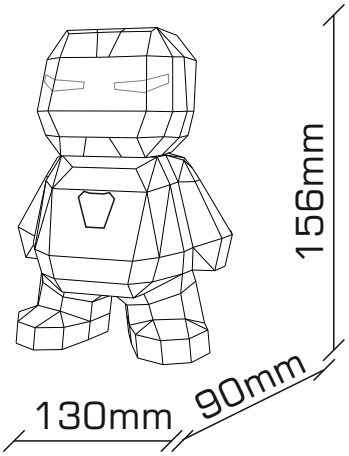

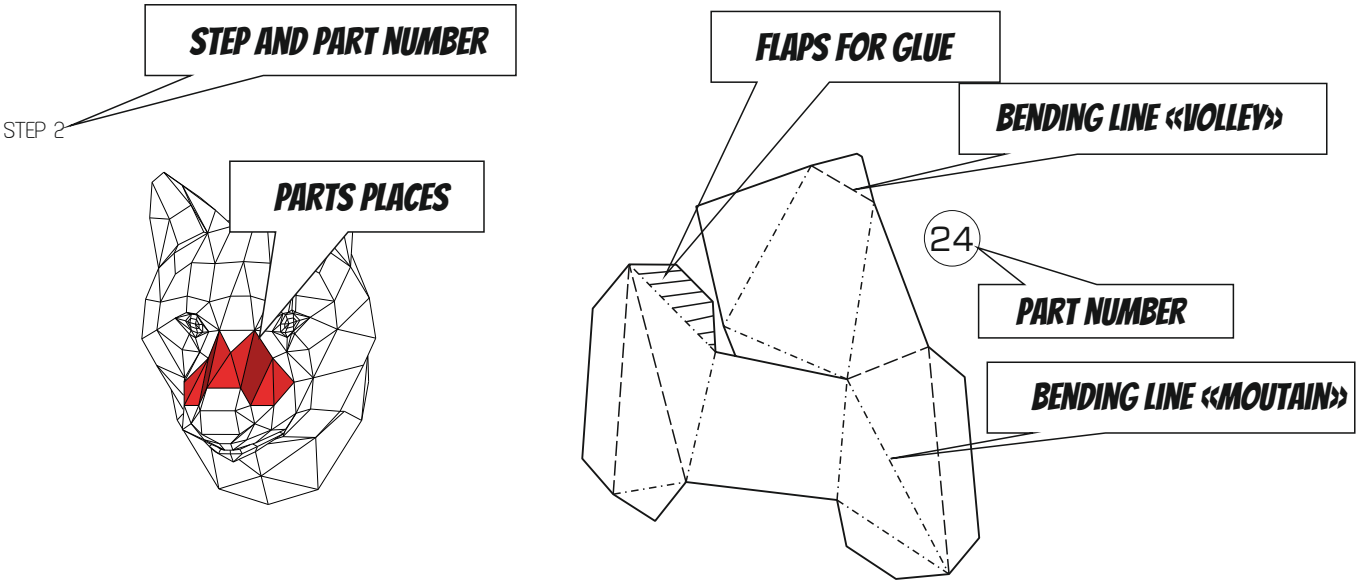

Recommendations!

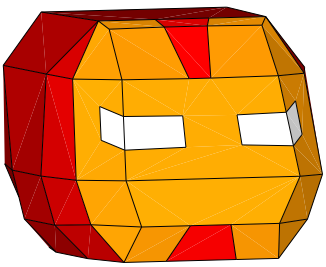

1. Print the template on thick paper.
2. Cut the required detail along the solid line. It is better to use a paper knit metal ruler.
3. Trace along all the dashed and dash-dotted lines, to get a sharper, easier fold and then fold the details along the lines.
4. Consistently connect parts with glue.

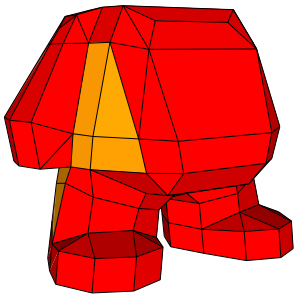

You just need to follow our instructions and be sure - you will make it!
