DESTINY CHRISTIAN SCHOOL

END OF TERM ONE TEST 2019

GEOGRAPHY GRADE TEN

NAME…….. **CLASS**…….

SECTION A 20 MARKS

1. Which statement explains why pluto was excluded from the solar system

A. It is too small B. They discovered a bigger planet than pluto C. Because it does not supports life D .Because it is too far from the sun

2. The revolving or rotation of the earth around the sun causes ……..

A. Night and Light B. Day and Night C. Solar system D. Solar eclipse

3. Which planet in the solar system has 16 moons?

A. Earth B. Jupiter C. Mars D. Vernus

4. In which year was pluto excluded from the solar system…..

A.1990 B.2006 C .2005 D.2004

5. Which of the following is a line of latitudes

A. Equater B. Meridian C. Geoid D. Great circle

6. Which planet in the solar system support life

A. Mars B. Vernus C. Earth D. Pluto

7. Which line was chosen as the zero meridian?

A. Prime meridian B. Equater C. Tropical of cancer D. Tropical of capricon

8. Which of the following is true about longitude and latitudes?

A. They are used to allocate places on the surface of the earth B .They are used to allocate planets in the solar system C. They are not used for navigation D. For calculating years

9. What is a solar of system….

A. This is the combination of the sun and the 9 planets B. This is the combination of the sun and the 8 planets C. The exclusion of pluto from the solar system D. The light that lights up the earth

10. Geographically the shape of the earth is called

A. Geoid B. Solar system C. Photosphere D .Corona

SECTION B 30 MARKS

1. With well-drawn diagrams describe the solar system 5marks

2. State three evidences that shows that the earth is spherical 3marks

3. Describe the shape of the earth 5 marks

4. State and explain one evidence that shows that the earth is spherical 5marks

5. Explain the following

A. Latitudes 2marks

B. Longitudes 2mark

6. Geographically the shape of the earth is called……. 1 mark

7. State two important lines that can be used to allocate places on the surface of the earth

A. line of latitudes 2marks

B .line of longitudes 2 marks

8. State the importance of latitudes and longitude 2marks

9. Which longitude was chosen as the zero meridian 1mark
