The Chief Principal,

The Kenya High School.

Dear Sir / Madam,

RE: WORKSHOP FOR CHEMISTRY TEACHERS

The Kenya high school is pleased to invite your teachers of chemistry for a one-day workshop aimed at capacity building on **18th February 2023 at 8:30 am**.

The workshop is meant to empower and equip teachers with the current skills in teaching, examination setting and marking of chemistry. The teachers will have an opportunity to share experiences, get guidance and create networks to clarify the pertinent issues affecting learners during the teaching and learning chemistry process.

Teachers will benefit from the vast experience of the facilitators in the following thematic areas:

- (i) Emerging issues in the setting and marking of KCSE chemistry examinations.
- (ii) Clustering the chemistry content into learner-friendly revision blocks.
- (iii) Effective preparation of candidates for KCSE 2023 and beyond.
- (iv) Handling of difficult areas for learners.
- (v) Methods used to help students ace chemistry paper 1 and paper 2 – Theory.
- (vi) Methods used to help students ace chemistry paper 3 – practical.
- (vii) KCSE 2022 examiners' feedback.

The moderators and facilitators are experienced examiners and subject experts with top performance over the years.

Each participant is required to register with a **KES 2,500 ONLY** which will cater for the facilitation, stationery, certificates, meals and refreshments. Kindly confirm the number of teachers you will send to the workshop on or before **13th February, 2023** to enable efficient planning. You can reach out to the workshop coordinators via the following contacts:

Mrs. Ncube Mary (HOD) – 0724306246/ Mr. Kasimu Makau – 0728464066/ Mr. Gachunga Eliud – 0703913863

Sincerely,

Mrs. Mary Ncube,

HOD Chemistry
