About us

Dereja.com is a social enterprise of Info Mind Solutions PLC. (Ethiojobs.net). Established in 2017, we are dedicated to supporting the over 200,000 fresh graduates entering the labor force in starting their career on the right path. Every year fresh graduates enter a job market that has negative view of their abilities, this is where Dereja steps in. A major part of Dereja.com is to address the evident lack of guidance and career resources available for university students and junior level professionals through our three interventions.

Our services

1. **Dereja.com** -a website that provides online free courses, job opportunities, and up-to-date information.
2. **Dereja Academy Accelerator Program** - an employability skills accelerator program designed to support university graduates in entering the job market prepared for their career path.
3. **Career Expo/Career Expo Clinic-** a platform that links employers with job seekers.

Dereja Academy Accelerator Program

The program focuses on preparing you to approach your dream career resulting in the pursuit of success rather than simply settling for a job and it also teaches you the soft skills you need to succeed in the professional environment.
