# Apresentação

O mini dicionário ilustrado de LIBRAS – Língua Brasileira de Sinais, elaborado em 2008 pelo CAS (Centro de Formação de Profissionais da Educação e de Atendimento às Pessoas surdas) e que atualmente está sob a coordenação do SAT – Serviço de Ajudas Técnicas da FADERS que está vinculada a Secretaria da Justiça e dos Direitos Humanos do Rio Grande do Sul.

Este material é importante para auxiliar na comunicação em LIBRAS, além de promover ações inclusivas, que iniciou com o CAS e hoje é mantida e continuada pelo SAT. Este Serviço tem por objetivo de propiciar igualdade de oportunidades a todo o individuo independentemente de suas características físicas, sensoriais e intelectuais, através de serviços e recursos materiais e/ou de comunicação que possam tornar os ambientes acessíveis, com vistas ao desenvolvimento de uma nova cultura de respeito à diversidade social, igualdade e cidadania da Pessoa com Deficiência PcD.

Neste sentido o SAT viabiliza e disponibiliza recursos técnicos e humano promovendo a acessibilidade das PcDs.

Participaram da confecção deste material os instrutores de LIBRAS do SAT Janaína Pereira Cláudio, Luciano da Silva Abreu, Patrícia da Silva Rodrigues, Renata Heinzelmann Bosse , Simone Machado Fontoura e a ex- coordenadora do CAS Rejane Carpin.

# Nota

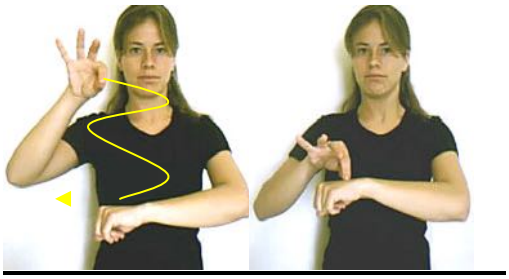

Sistema de transcrição para a LIBRAS:

"Na LIBRAS não há desinências para gêneros (masculino e feminino), números (plural). O sinal representado por palavra da língua portuguesa que possui estas marcas, está terminado com o símbolo @ para reforçar a idéia de ausência e não haver confusão.

Exemplos: AMIG@ = amiga (s) ou amigo (s), ME@ = meu (s) ou minha (s), EL@= ele (S) ou ela (S). " ( LIBRAS em contexto, Brasília 2007).
