DEDICATION

This book is dedicated to the **HOLY SPIRIT** for inspiring me to write this eye opening book.

APPRECIATION

My appreciation goes to my dedicated wife, **MRS NGOZI OLAYERI,** who typed the manuscript of this book and design the cover page. Despite the difficulties we encountered, she never lost hope. This book was typed twice by her, and disappeared twice. What you are holding is her third attempt!

My darling wife I say thank you. My appreciation equally goes to my lovely children, **MISS IBUKUN, DAVID, MICHAEL COMFORT and MERCY.** They encouraged me day and night as I write this book. Hurray, after seven years of research, reading, listening to counsels and support of the Holy Spirit etc. the long awaited book, dictionary of dream is out!

Respect and honour should be given to who is due. Favour comes from God and men as well. My calling (writing evangelism) met the timely support of a particular man of God, preacher, teacher, prophet and General Overseer. He awakes my inner man who gave me sound spiritual support. Without his earlier support for my first book, ***Fire for Fire Prayer Book*** and subsequent ones, I may not be where I am today in Christian literature writing. He gallantly stood by me in fulfillment of my calling.

This book you are holding is a testimony of my claim. This book wouldn't have seen the light of the day, if not for the spiritual encouragement I

gathered from my father in the Lord who served as spiritual mirror that brightens my hope to explore my calling.

I am talking of no any other person than the **General Overseer of *MOUNTAIN OF FIRE AND MIRACLES MINISTRIES WORLD WIDE,* DR. D. K. OLUKOYA.**

Once again, I say thank you sir. Your support has yielded yet another earth shaking book.
THANKS
Evangelist Tella Olayeri.

HOW TO USE THE BOOK

This dream book is written in alphabetic order to reduce the stress of reading from the start to the end. What you need most after dream is ability to remember key players in your dream. For example, to dream of a snake bite in the feet, all you need to do is, read through dreams under snake and feet. Hence, from the explanation, you can deduce meanings to your dream. To dream of a fall from great height, you may read interpretations under fall and height etc.

Prayers are written in the last chapter of the book. Treat each dream with right prayer as written in the book. You can as well raise prayer points on your own to address your dreams.
It is good to cancel bad dream as soon as you wake from sleep, as delay may be dangerous. Whenever you dream good dream, pray for its manifestation. Do not wait for an answer; rather work towards its actualization. Manifestation is not automatic. Sometimes, for security reasons you don't need to share your dream with people. Joseph did, it nearly caused him his life. Let your dream materialize first, or else, it may be countered by people you discuss with.

Endeavour to do night vigil, using prayer points written at the end of this book, and or, any prayer book you know will address your cause. Let your vigil start around 12 midnights and do it for two to three hours. If you are facing strong challenges, I advise you go for two or three days dry fasting,

taking warm water, (not hot tea!), to clear your throat from drying. Do this, and be ready for quick answer to your petitions.

PREFACE

This is a complete book on dictionary of dreams written in alphabetic order, from letters A to Z. It is written to serve as spiritual parachute that unveils every eye for spiritual revelation. It may be voluminous but for its simplicity, it shall be like a page before those who can convert seriousness to gold! As a matter of fact, this book came through research of many years, listening, reading, making enquiries, and help of the Holy Spirit.

This book gives details to dream interpretation. While some words are interpreted in just one or two lines, some are loaded with interpretations. The word, "hand" seems to have the highest number of dreams in the book. It has about forty (40) dreams in all. Words like horse, hair and church, have 38, 35, and 30 dreams respectively. Other words with twenty dreams and above are apple, bird, feet, fire, head and pastor. As you continue with the study of this book more information shall be revealed to you.

According to **Cicero,** the **Roman Statesman** and author (**106 – 43 BC**), wrote almost two thousand years ago, **"Nothing can be so silly, so impossible, or so unnatural that it cannot happen in a dream".** The fact is, you can jump from the top of a sky scrapper unhurt, fly in the dream, break rock with bare hands, overrun a speed boat with legs running on water, yet it is a dream. Nothing is either impossible or ridiculous in a dream.

Inability to interpret dreams can make one panic and sometimes bitter. No one interprets dream well unless he seeks the face of God. As young Joseph rightly said, ***"Do not interpretations belong to God? Tell me your dreams". Genesis 40:8*** The moment you are able to interpret your dream, you feel relieved and happy, as it is said, 'a merry heart, makes heart beats normal'. When you understand the strategies of the enemy, you shall have upper hand, but not able to understand it, makes the battle tedious. This is the more reason; you should know how to interpret dreams and right step to take. The issue is, many see problems but do not see solution, or know what

to do. Anyone who could not interpret dream is passing through spiritual captivity. A good hunter, it is said, does not miss his prey. To have clean bill of dream health, you need to be a master in dream interpretation. It is time you pray for harvest after labour. My prayer for you is that enemies will not harvest the proceeds of your labour. Your miracle day is now not tomorrow. The hour is at hand, when storms facing you shall expire by fire!

Dreams can either be revelatory in nature, making you have instant result, or proverbial, getting results in gradual process. Dream plays vital role in people's life in the following ways: -

1. Dreams reveal deep secrets.
2. Dreams strengthen dreamer's belief or concept about a thing or situation.
3. Dreams have the power to open close doors by taking right action supported with prayer.
4. It quickens the steps one should take in life.
5. It is a means of spiritual communication.

Dream is not meant to reveal good or evil omens alone, but to sound warnings into people's ear as well. Hear what Elihu said to Job and his friends. ***"In a dream, in a vision of the night, when deep sleep falls on men as they slumber in their beds, he may speak in their ears and terrify them with warnings, to turn man from wrong doing and keep him from pride, to preserve his soul from the pit, his life from perishing by the sword" Job 33:15-18.***

It is essential you understand your dream, as many receive death warrant, evil arrow, experience obstacles and limitation in the dream. They never knew there are side effects to inability to interpret dreams until evil happen. The fact is, dream can cause the following unannounced.

1. Non achievement in your undertakings.
2. Living in captivity.
3. Living a slow and low profile life.
4. Persistent experience of failure at the edge of breakthrough.
5. Persistent hatred from people.
6. Rejection before people.
7. Bareness.

8. Constant attacks from un-identified sources.
9. Satanic confrontation without a just cause.
10. Continuous attack against gainful employment.
11. Sudden death.
12. Prayerlessness etc.

In other to have a broad understanding of a dream, more than a meaning is often given. To apply one interpretation to dreams, is to be inflexible, as restricting each symbol to only one possible definition.

Broadly, we have direct and indirect dreams. Direct dreams tell and give clear picture of what will happen, what to do and how to do it. In such a situation, you may treat the dream at face value. Indirect dreams are parabolic in nature. It speaks in parables needing Holy Spirit filled person to interpret.

In every interpretation, let your dreams be scripturally based. A thorough knowledge of the scripture is of great help in proper interpretation. If your interpretation disagrees with what you know to be scripturally true, you must search further. For example, when Peter had a vision of a sheet with living creatures and was commanded, ***"Rise, Peter; kill, and eat." Acts 10:13*** He first rejects the command interpreting it to mean physical animals. In the end, he got the answer when he said ***"God hath showed me that I should not call any man common or unclean." Acts 10:28b.*** In this vision, the unclean animals were symbolic of the gentile nations and eating represented fellowship and spiritual union. The vision had nothing to do with eating or not eating animals.

In dreams, there is no standard meaning to any symbol. Though some are quite consistent, we must be open to the Holy Spirit for correct interpretation. For better understanding, we shall pick the sun, moon and star as example. In symbol the **sun, moon and star** represent authorities or rulers. This does not mean they always represent authorities. For example, often times policemen, judges, head of state or a throne symbolically represents authorities in the dream.

We shall now look at what the Psalmist says about sun and moon. ***Psalm 84: 11*** says, ***"For the Lord God is a sun and shield."*** Here, God was

compared to a source of blessing produced by the sun and as a protective authority. At times, this same sun or moon may represent an end to a person's life. Let's support this with a scripture. The book of ***Ecclesiastes 12:2*** says ***"While the sun, or the light, or the moon, or the stars be not darkened, nor the clouds return after the rain."*** In this wise, in a dream or vision, the sun setting, the moon or stars being darkened or not shining, may represent death, the death of something or an end to a situation. In the same vein, black colour, black cloth or robe often represent death.

In the dream of Joseph his father, Jacob, knew that he himself was symbolized by the sun. Also, the book of Joel said, ***"The sun shall be turned into darkness and the moon into blood—" Joel 2:31*** The sun here is symbolically referring to the death of the national Jewish religious system, while the moon turning into blood prophesy satanic authorities suffering a bloody defeat and the rulers of the night being overcome by the victorious Christ. In the book of Malachi 4:2 Christ was referred to as the SUN of righteousness.

Above all, a thorough knowledge of the scripture will help to understand how God may use symbol in a dream. What you should do is to determine the general message in the setting. When you know the subject of the dream the details will be easier to understand.

To interpret dreams, become easy when you are able to follow a number of basic rules. As a guide, it is best to assume that any action or event in which the dreamer does not take part, but is ***merely an observer*** is a warning dream. However, where the dreamer is ***one of the participants*** in the dream, the message should be interpreted as one which personally affects the dreamer.
To have a useful guide, some general rules for dream interpretations are as follow:

1. To dream of ***going up*** indicates success, progress or an improvement, ***going down*** signifies reverses and backwardness.
2. To dream of ***clean or shiny objects or conditions*** are usually sign of good omens, while ***dirty, rough or dull*** ones forecast obstacles or difficulties.

3. If a dream involves an ***illness or sickness to the dreamer*** **,** it is advised you go for a medical checkup, or decree against such sickness or illness.
4. To dream of a ***successful effort*** portends good omen, while an unsuccessful effort connotes difficulties and obstacles.
5. Any dream ***involving members of the dreamer's family*** with who the dreamer is on cordial terms foretells business advancement, but if the relations are un-cordial or unpleasant, a reverse is the forecast.

To interpret dreams accurately, you must remember the elements involved. The first element should be the main factor or feature that ***stands out in your memory.*** This is what you should consider first. Another vital fact is; you ***should not overlook even the most minor or minute detail*** as it may easily have an important significance.

Another element is ***timing.*** The object or symbol involved may be calculated by the proximity of the dreamer to the main feature of the dream. For example, if the main factor was apple which signifies success through well-earned rewards, the success reward depends on the state of the apple whether it is ripe and you are eating it, meaning it shall happen soon. If it is unripe, yet to be plucked for eating means you shall exercise patience, the realization is likely to be at a distant time.

A strong element of importance to know is if the dream is a ***prophetic one,*** not one dreamed under alcohol or undue stress.

Further element is the ***vividness and clarity*** of your dream. Such tells the importance of the event or warning forecast of the dream. Thus, a half remembered dream, or a vague and hazy dream may not hold much water. By cultivating good skill of observing resemblances in dreams, you may understand what your dreams mean.

To keep the fire for success ever burning brightly, I advise you have the under listed books which go as companion of this book. They are: -

APPLE

Apple is a tree with round fruit, firm juicy flesh and skin that is green, red or yellow when the fruit is ripe. Juice extracted from apple fruits can be used for production of wine. In the spirit wine connotes good health, happiness and prosperity, while drinking it foretells spiritual fellowship.

The Holy Bible, place value on apples. The book of ***Zechariah 2:8*** says, ***"For he that touches you touches the apple of his eyes",*** meaning that Israel is precious before God. No wonder it is often said, ***"The apple of one's eye",*** which means, something or somebody dearly loved. The book of ***Proverbs 25:11*** says, ***"A word aptly spoken is like apples of gold in settings of silver".***
Apples of gold may be equated to words that bring explosive breakthrough and success.

Apple is a fruit cherished by everyone irrespective of gender or religion. Among starters of life, apple is pictorially used to represent letter "A". It is often read, "A" for Apple. Today, apple has come to stay as household name.

In the spirit, meanings attach to apple varies depending on situation, colour or freshness. Generally, apple foretells fruit of the spirit, appreciation, reward, temptation, sin or word.

Let's look at a number of dreams on apples.

1. To dream of ripe apples forecast a promise of well-earned rewards or openings to prosperity.
2. To dream of ripe apples on a tree suggests the right time for harvest is now. Delay may be dangerous.

Now, let's read for more spiritual secrets attach to dreams for words starting with **letter "A"** on the next page.

The interpretation of this dream depends on action, people, circumstance and surrounding.

CASE STUDY

There was this family with three kids, a boy and two girls. The mother was a professional nurse while her husband was a teacher. As things were not working out well as expected and the children are coming of age, the spouse reason together to try foreign employment for the wife. Within a short time, she was offered employment in Europe. The man sold his only car, borrowed money from friends and relatives, foot the bill to enable her wife travel abroad. The agreement was that sooner or later the family will join the woman overseas.

At the initial time they have the thought, this brother had a dream where he prostrated begging his wife not to pack out of their matrimonial home. In that dream, his entire plea failed before he woke from sleep. “Oh, it was a dream”, he said. Yes, it was a dream but with meanings. As he did not bother to decode the dream, its result kept hanging in the spirit. I pray that evil shall not hang in the spirit for you. Amen.

At last this sister left the shore of Nigeria to Europe. In the first two months she often phoned her family. In the later months nothing was heard of her, she stopped to call. If her husband phoned her, she will pick the call only to say hehn, hehn, hehn, as if she didn’t hear what her husband said. When her husband called her over twenty times without an answer, only to hear a repeated hehn, hehn, hehn, hehn, he stopped phoning her. It was at this point this brother knew that his lovely wife has run after another Romeo in Europe.

After about five years stay in Europe this sister phoned her erstwhile husband that she may come home to pick her first daughter to join her in europe to take care of two babies she had for her new husband. On hearing this, her husband ran mad in anger and said, “Really these children are yours and mine, but with signs and wonders I will give them sound education to any level they wish, but you shall not set eyes on them” This

sister laughed and told her husband to keep quiet. She said, “You poor church rat where will you have money”, she then hang on her phone. To cut the story short, a week before her coming home, this sister was involved in a ghastly motor accident in which she died!

Question that may come to mind is who kill this woman? Can it be the curse issued by her so called poor husband? Did he go extra mile to foment evil? Was the woman hunted by the spirit of the children she left behind? Was it her sin? Brethren, purse for a while and provide an answer to this.
To me, the fault came from both sides. They neglected the importance of dream. If the husband was able to decode his dream earlier on, he may have stopped her from traveling abroad.
Psalm 16:10, 1 Timothy, Nehemiah 9:1

To dream of leaving an exalted or executive position for a lower one suggests demotion, bitterness, backwardness and poverty in the offing.

ABDOMEN
If you dream of pain in this region of the body, it suggests you should pay attention to your health as success and prosperity coming may be diverted elsewhere.
If your abdomen was exposed in any way in the dream, it is a warning dream of unfaithfulness on the part of someone you trust, and a sign of a fall to lust.

A pregnant woman whose abdomen is exposed in the dream forecasts incoming attack against her pregnancy. She needs to pray for divine coverage.

Mathew 4:24.

ABDUCTION

To dream of being abducted suggests warning against conspiracy on your business or social life.

To dream of someone else being abducted suggests unexpected approaching news.

Jonah 1:5-6.

If in your dream, you were merely annoyed by the feeling, it suggests you will overcome problems that may come your way without much stress.

If in the dream, you were hated by those you love, trust, depend, confide or rely on, it portends Satan is trying to build wall of separation between you and them. Pray that your helpers should not look elsewhere when he or she sees you.

If in your dream you abhor someone without a cause, it suggests warning against unnecessary interference into people's affair.

Psalm 59:3-4, Psalm 120:7.

ABJECT

If you dream of being in abject condition, it indicates upcoming financial reverses, misery, wretchedness, reject and poverty.

If in the dream the situation altered before you wake, expect minor financial difficulty that will, with time fade away.

If in the dream you rebuke forces behind it, expect you shall defeat enemies waging war against your success in life. Your rags shall soon turn to riches.

1 Chronicles 13:14

To dream of anything that is not normal e.g. if you see an airplane flying backward, or a horse with feathers, it suggests you will soon have a satisfactory solution to your worries.

Numbers 22:28, Joshua 10:13.

ABORTION

To see or hear of abortion in the dream suggests attack against baby project at hand, health hazard, attack against pregnancy, financial embarrassment, failure in current interest, power of saboteur against your plans, and or, opportunity destroyer against your fortune.

It could also mean frustration in a journey you intend to embark upon soon.

The question was how can one tell God to kill his enemy, by praying fall down and die prayer?

that woman carrying pregnancy of over two years, your enemies are in for it. You are set free! Be delivered in the name of Jesus" The answer amen, echoed the air. Instead of saying, amen once, she answered thrice, with hot tempo! She claimed it by fire. After the vigil she went home. On the night after the vigil, she slept and saw a man in white robe loose rope around her abdomen.

As the strange white man was doing this, there appear three strange fellows on the scene warn and demand reason for losing the demonic rope around the abdomen of this woman. But then, this sister could recognize the three fellows in the dream, one was her mother-in-law; the second person look like the junior sister of her husband, while the third fellow was a family member of her husband. As the white man in white robe loosed the rope around her abdomen, he looked up and asked a question, "What do you want should happen to this three fellows?" According to her testimony, she said, "I want fire to fall and consume them" Then the sister woke. Alas, it was a dream!

The pronouncement of the woman in the dream became a reality in real life.

A CASE STUDY.
A PERSONAL ENCOUNTER.

I have to say here that stubbornness nearly wrecked my calling. Practically, I never dream to be a pastor or an evangelist in life. I never pray or bargain for one. I know when I was young I do say things and it will come to pass with accuracy, but my parents never knew the meaning, neither me. Later in life, after marriage, I had problems of unstable job. I often lose my job on every November 2nd of the year. This was the situation. At last I joined one church (name withheld) where I went for deliverance. The General Overseer of this church specifically called me among the deliverance candidates and said God wants to use me, but I quickly reject it and replied with 'back to sender'

This is the job I hate most in life. It is a job you won't have time for yourself. It is a job that demands prayer more than often. It is a job you must be aware of how you behave every second of the day. You are under close watch every second of the day. So I hate it. After all I need liberty. I need freedom to do whatever I want. This was the blindness that covered me.

Back to my story, this my former church often declares seven (7) days dry fasting for all members and we do start it in January 2 ND to end on the 8 th day of January. Everyone will converge in the church auditorium for it. It was on the fourth day of this exercise that the fourth man appeared in my life to carry out deliverance which I again rejected in the dream. What happened? On the fourth day, I saw myself going in the dream and saw many people tied or chained in the dream, many were pegged down, and many were chained with big chain. Many were tied to big trees inside this wide, large dirty yard. In fact, many of these captives were handcuffed, while many were skeletons of themselves. In this dream many still look fresh but were chained down. I believe these sets of people are probably new captives in the den of the wicked. Really, some were young while some were old personalities. It comprised both sexes. This was the situation in my dream.

As they saw me, they all rise as one man begging me to lose and release them. In the dream, with anger I answered “Leave me alone am I a police officer or a soldier that will release you” Then I wake.

By then, I do not know the importance of dream, let alone its meaning. So, when we gathered at 3 a.m. midnight for prayer, as usual we were asked of the dream we dreamed. This was the procedure so that we might know area to address in prayer.

I stood up and narrated my dream experience. It did not take my General Overseer time to interpret the dream. He said I am a deliverance minister but adamant to serve God. Really I never took him serious but roam the streets for two years and three weeks thereafter searching for secular job. But God never answer my prayer until one day something within me said, “Take your pen write prayer books for the world”! I reluctantly obeyed. My first publication, never waste time to be known in Christian circle. The book speaks volume to its users. The book I titled **“FIRE FOR FIRE”** ! Now in parts one and two.

I am double sure if I refuse to listen to the voice that day, I may have been equated to a Field Marshal among fruitless job seekers in my country today!

What I mean is, ability to interpret dream correctly will make you take right step in the right direction.

I pray you shall not miss your divine direction in life. Amen.
