Dear Joe,

For context, you are considered informed that all meanings in this/all communication/s are taken from the Oxford Dictionary of English or as commonly understood by living men and women, they are not to be confused with legalese or any other language. All character layout, whether capitalised, lower case or a combination of both are what is commonly recognised by living men and women and not to be taken in any other way or meaning. My position in this communication is that of a living man standing under gods law, also known as the creator's law, natural law, common law etc and operating outside the jurisdiction of statutory rules or man-made legislation. I do not work for any state department or the crown or operate under a licence as I do not require permission from another man or woman to run my life peacefully. If you require the meaning or definition of any word, sentence, or paragraph in this document, then this can be done by submitting a written request within seven days, from receipt of this notice.

I, write to inform you of the following:

1. Under Common Law, any claims made against an individual may only be made by a living man or woman.
2. The Common Law Court, by its very existence is the public interest. Its aims and intentions are always for the public and preserving Common Law rights. It can never be described as having a vested interest.
3. If a statutory authority were to interfere, fail to recognise or abide by a Common Law Court decision or process, this would be a denial of Common Law Rights and a Common Law crime against the people.
4. As you no longer have any authority to deal with MR JOHN WILLIAM SMITH, a legal fiction you will be aware that any attempt by you to interfere with this legal fiction may be a crime, and will result in you being held personally liable in your private capacity.
5. The Declaration of the Common Law Court 3rd January 2019 has been established in a court of record and as a fact in law, during a criminal case (Court Order: CO/DUN/21/1) in McLaggan House, 1 Wurzburg Court, Dundee, DD2 1FB on the 17th October 2021 (Exhibit 7).

Personation

- Fraud is committed by impersonating another, or by falsely assuming a certain position of status, in order to obtain or gain benefit or advantage, namely diminishing the capacity of a man or woman to a fiction with no life, which is known as a person, a crown construct. For the record, the Common Law Courts have declared that any public official(s), facilitating a fraud, forcing the legal-fiction-person to act as surety, is recognised as unlawful, criminal conversion, a form of debt slavery or servitude and being a breach at International and Common-Law.

Criminal Subrogation

- Where a man or woman has been substituted for a legal fiction, with no life, this is used to defraud and gain benefit, and to defraud a man or woman of their rights and property, unlawfully.
- By subjugating we the people to PERSONS, you have broken your Fiduciary Trustee duties and reduced us to status of slave - into a debtor position - which is a breach of The Peonage Act 1867 and UCC Title 42 1994, which was alleged to be the abolishment of debt slavery. See also Roman Canon 2057.
- Being governed and taxed by you is marred with prejudice and bias because of the collusion and fraud being committed by members of a statutory system that protects its own vested interests.
- It is my innerstanding that company name cannot force, living; men or women to perform, without consent and compensation, void of a lawful obligation or mutually signed, beneficial, performance contract. Any contract offered without; complete and full disclosure, without my freely expressed consent, is fraudulent from the outset therefore, null and void.

40. Punishment for unlawful harassment of debtors

1) A person commits an offence if, with the object of coercing another person to pay money claimed from the other as a debt due under a contract, he –

(d) utters a document falsely represented by him to have some official character or purporting to have some official character to which he knows it was not.

- "There, every man is independent of all laws, except those prescribed by nature. He is not bound by any institutions formed by his fellow man without his consent."
- The crimes of Personage and Barratry are being perpetrated against me. I am not a corporate entity, a dead legal fiction, and, as such, no charges or action can be taken against me, the living man, under the false pretext that I am a legal fictional entity. False misrepresentation, deception and fraudulent activity is taking place.
- **Under GDPR 2018, consent is required by you to hold and/or share my private data. That is, all the NAMES listed at the above address. Me standing under the jurisdiction of the Common Law Court, statutory legislation no longer applies.** My details were obtained by criminal coercion, i.e., threat of harm or loss, therefore your own data protection rules must be applied, i.e., the data must be removed, on request. **You may keep historical data and historical financial records, but you no longer have permission to use my legal fiction or my power of attorney.** Retaining my details on your databases against my wishes would be malfeasance for which you would be held liable in your private, individual capacity. Any attempt to try to force me to accept the position of a legal fiction would be fraud and criminal coercion.
- Your actions are deemed to be harassment and are placing me under duress. You have removed my Unalienable rights through your actions. A wrongful trespass is being made against my property and is a threat upon my sovereignty as a living man. This is a tort and criminal coercion. Please be aware that it will be you, the living man, who will be held liable and accountable for these wrongs.
- Coercion, and coercive activities, are an attempt to bind living men and women into slavery. This is a crime and company name, the private for-profit corporation, is party to it. I required you to provide me with a copy of company name compliance policy for the Slavery Act 2015.
- It is the living men and women, acting as agents for company name, who will be held accountable in their own full private and individual capacity for crimes perpetrated against the people. They are acting ULTRA VIRES, committing malfeasance in public office and guilty of crimes against the people.

Our Unalienable Rights

Unalienable Rights are the inherent, Sovereign Natural Rights that existed before the creation of the State and which being antecedent to and above the State; being subject only to Due Process of the Common Law.

Nor can any Unalienable Right be fundamentally removed- whether mistakenly by contract through non-disclosure, which is **fraud** and **unenforceable** in Law; or **knowingly** by renunciation which is contrary to Natural Law.

The Original, Permanent, Unalienable Rights of every Man or Woman include:

In each of the bullet points in the list all are prefixed with the phrase The Right to……

- Life, Freedom, Health, and the Pursuit of Happiness
- Contract or Not to Contract, which is unlimited
- Earn a Living by being Compensated with Wages, a Salary, or any trade Goods in fair Exchange for one's work
- Travel in the Ordinary Course of one's Life and Business
- Privacy and Confidentiality, free from Unwarranted Invasion
- Control and Hold one's Property lawfully without Trespass
- Self Defence when threatened with Harm, Loss, or deceit
- Due Process of Law, with Notice and Opportunity to Defend
- Be Presumed Innocent, suffering No Detention, Arrest, Search nor Seizure without Reasonable Cause
- Remain Silent when accused to avoid Self- Incrimination
- Equality in the eyes of the Law and to Equal Representation
- Trial by Jury, being an impartial Panel of one's Peers
- Appeal in Law against Conviction or Sentence or both
- Expose Knowledge necessary to one's Rights and Freedoms
- Peaceful Association, Assembly, Expression and Protest
- Practice a Religion and to have Beliefs of one's choosing
- Love and to Consensual Marriage with Children as a family
- Security from Abuse, Persecution, Tyranny and War
- Refuse to kill under command, by reason of Conscience
- Live in Peace and be left alone when Law Abiding

The most critical failure of The People is their failure to ensure the teaching and common knowledge of their Unalienable Rights. If you do not know your Rights, you effectively have none, by the path of ignorance, whether by Apathy or Deception. The People arrive in a State of Exploitation, Oppression and Tyranny.

Evidence of potential harm

I can no longer support a government who do not represent our views and who abuse the authority given to them. I do not agree with decisions that have been made on our behalf including:

- An unlawful system of taxation relying on the use of the legal fiction. Assumed consent for this was obtained by criminal coercion and entrapment.
- The lack of transparency and accountability within government. Confidentiality has been used as an excuse to cover up corruption, lies, bribes and other underhand behaviours.
- Covid-19 lockup – Too little, too late, draconian measures, inconsistently applied, and fear fuelled by constant media lies. Advice from the real scientists has been ignored.
- Covid-19 lockup - Complete isolation of the elderly leaving them with little emotional or physical support. The policy of dumping elderly patients in care homes has increased their risk of dying from the virus. Too much reliance has been placed on input by the World Health Organisation and Public Health, rather than using common sense and a more measured response. The World Health Organisation and Public Health are not fit for purpose in my/our opinion.
- Covid-19 lockup - The policy of enforce social distancing and isolation has increased suicides, mental health issues, domestic abuse whilst doing little to reduce the risk of Covid-19.
- Covid-19 lockup - Complete shutdown of other medical services leaving thousands in pain and discomfort whilst waiting for essential surgery or treatment. Throughout the world deaths have been incorrectly recorded as Covid-19 and this has exacerbated fear.
- Governments have allowed and indeed, encouraged pharmaceutical monopolies to hijack our health services. They have now become very expensive sickness management services. Effective natural cures and treatments have been supressed and drug treatments are being promoted instead. This must stop. The use of true evidence-based medicine must resume, and pharmaceutical industry interference must cease.
- Vaccination policy – No real discussion or debate and absolutely no safety studies. I/We certainly DO NOT CONSENT to a mandatory vaccine or ID chip. Any attempt to instigate this would be criminal coercion. The HPV vaccine was banned in the British Isles by the Common Law Court. No vaccine to date has been proven to be ‘safe and effective’. Vaccine companies have been allowed to pedal products with no safety testing and no liability.
- Governments have allowed technology industries to flourish without adequate monitoring, consultation, and safety checks, e.g. 5G, WiFi, Smart meters and so on. In many cases there has been no real discussion or debate, and absolutely no safety studies conducted. There has been no consideration of the negative consequences of surveillance technologies.
- The current Justice system requires radical changes to stop government fraud and abuses from within the system. How can anyone receive justice when the system is stacked against the electorate and rules in favour of government and large financial organisations? The judiciary elect themselves and all work to create profits for the court system. This is not justice.
- The police service has now deteriorated to such a point that the police have become bullying, glorified tax collectors. We would like to see a return to the police constables of old, who served the public.
- The prison service is no longer fit for purpose and has become a revolving door for criminals. Other alternatives should be examined.
- Chemtrails are being sprayed over our heads. We did not consent to this and we were not consulted. we have a right to fresh air and access to sunshine.
- Over recent months and years most of our unalienable rights have been removed or abused. Unalienable rights are the inherent, sovereign, natural rights that existed long before the creation of the State. These can never be taken away, diminished, altered, or levied by the State, except by due process or law. Nor can any unalienable right be fundamentally removed or waived by contract, whether by non-disclosure, which is fraud and unenforceable in law, or knowingly by sufferance, which is contrary to the spirit of the law and prejudicial to sovereignty. These rights must be restored in full.
