1. Endoscopy Nurse

Job Summary

Responsible for providing direct patient care, procedural assistance, and recovery monitoring for all patients undergoing diagnostic and therapeutic endoscopic procedures (EGD, Colonoscopy, ERCP, etc.). Maintains a safe and sterile environment and ensures proper handling and reprocessing of all endoscopy equipment.

Minimum Requirements

- **Education:** BSc in Nursing with Renewed License.
- **Experience: Minimum of 1 year of continuous experience** in an Endoscopy Unit.
- **Skills:** Proficient in IV insertion, vital sign monitoring, procedural sedation assistance, and basic life support.
- **Reports To:** Endoscopy(Head Nurse)

2. Endoscopy Head Nurse

Field	Details
Job Title	Head Nurse - Endoscopy Unit
Education	BSC in Nursing with Renewed License.
Experience	Minimum 3 years & 1 year experience as a head nurse within an Endoscopy unit.
Reports To	Nurse Supervisor

Key Responsibilities

The Head Nurse is responsible for the overall clinical and administrative management of the Endoscopy Unit, ensuring the delivery of high-quality, efficient, and safe patient care.

1. **Staff Leadership & Management:**
    - Supervise, mentor, and evaluate the performance of all Endoscopy nursing staff, technicians, and support personnel in the unit.
    - Develop and manage staff scheduling, ensuring appropriate staffing levels for all operational hours and on-call coverage.
    - Conduct staff recruitment, orientation, and continuing education.
2. **Clinical Excellence & Quality:**
    - Oversee unit operations, including patient flow from pre-procedure through recovery.
    - Develop, implement, and audit policies and procedures related to patient care, procedural sedation, infection control, and scope reprocessing.
    - Lead quality improvement and patient safety initiatives within the unit.
3. **Operations & Finance:**
    - Manage the unit's operational budget, including capital equipment planning and inventory control (e.g., supplies, instruments, endoscopes).
    - Ensure the unit meets all regulatory and accreditation standards (e.g., Joint Commission).
4. **Collaboration:**
    - Collaborate closely with Gastroenterology Physicians, Anesthesiology, Sterile Processing, and other hospital departments to optimize service delivery.
