Ethiopian Legal Landscape Report

ABOUT THE PROJECT

The Ethiopian report forms part of a series of reports, aiming to bring the eyes of the world on to growing economies in Africa, with a special focus on where opportunities may present themselves for local and overseas firms and individuals.

The report aims to tell the story of what is happening on the ground, to give Ethiopian lawyers (in house, law firms and public sector) a message to our global audience, as well as discussing Ethiopia as a possible destination for foreign legal service providers and to help create more opportunities and bring business to the country.

The report plan is to generate an 80-120 page report of facts, figures, charts, graphs, opinions, and opportunities. We also breakdown salaries, bonuses, working conditions etc, in the market.

The final report will be sent to participants free of charge before it is made publicly available. To secure your early bird report get in touch with us to participate in the study.

HOW TO GET INVOLVED

You can get involved in the project in two ways

1) Sharing legal market insights

We are looking to have conversations (telephonically or written) with law students, law lectures, legal practitioners of all seniority, Ethiopian lawyers who have moved abroad and the like.

By speaking to as many individuals as possible we hope to paint a detailed an accurate picture of the Ethiopian legal landscape to enable local and international firms the data to make informed business decisions.

These conversations can remain anonymous or, however, you wish to be quoted we will be happy to accredit you accordingly.

2) Participate in our confidential salary survey

Take 2 minutes to complete the salary survey form which can be accessed using the following link: Ethiopia's first legal salary survey.

Please be advised that information collected for the Salary Survey will be confidential and anonymous. No individuals or companies will be named in our findings.

Ethiopian Legal Landscape Report

ABOUT GRM

GRM is multi-award-winning recruitment and consultancy firm with offices in Hong Kong, Cape Town, and London. Our reach and market intelligence stretches across the world. We have experience of successfully completing projects on 5 continents. GRM's decision to have a tangible presence on three continents speaks to our commitment to bridging the gap between Africa, Europe and Asia.

At GRM we are constantly striving to bring our clients innovative solutions to their human, business operational and strategic needs.

ABOUT GRM INTELLIGENCE

GRM Intelligence is fast becoming the voice of human capital across Africa, Asia, and offshore and is an essential Partner to new and existing entrants to African markets.

We are the experts in analysing people, businesses, and competitors to deliver performance gains, competitive advantage, and agility.

In the information age, the real driver of economies, corporates, and commerce is research, knowledge, and innovation. The knowledge, information, and trends that GRM Intelligence gathers is not common knowledge. Our research is collected through continuous daily fact-finding and uncovering unusual correlations and deviations.

Within our data lies insight into best practice or the best route to deliver the optimal outcomes for your firm. GRM Intelligence can find out what's going on in any sector and predict what you need to do to elevate your firm to the next level.
