EXPOSED BY LIGHT

Bible Text: Ephesians 5:13

Teacher: Adewuyi O. Moses

Our Father, we thank You how far You have been helping us and we declare Your presence into our midst today, in Jesus name. Amen

We are all welcome to His presence once again, please can you say to yourself that I am blessed to even appear in His presence, kindly say "I am blessed to appear in His presence" Hallelujah! We are treating a particular topic as led by the Holy Spirit today and I want us to give the Holy Spirit the chance to minister to us today. The topic says *Exposed by Light*

Can I get Ephesians 5:13 NKJV please

Ephesians 5:13. **But all things that are exposed are made manifest by the light, for whatever makes manifest is light.**

Hallelujah, may the Lord open our understanding tonight, looking at the bible text, we can easily know and understand two things there, One is to **manifest** the other is to **expose** Let's now go to the verse, I think we should get some insight about what we are to be taught today.

The first sentence goes thus **But all things that are exposed are made manifest by the light** Hmm, looking at the first sentence closely, it says **all things**, what are those things that are exposed, we are going there soon. Manifest means to show visibly or clearly

which means but all things that are exposed are **shown clearly/visibly** by the light. We are to know that for something to be shown clearly and visibly by light, it simply means that thing is in darkness at first, yes, why don't you use a torchlight in the afternoon outside your home, why?

Because light has already revealed everything, the reason we use torchlights at night when the generator or power supply is not on is simply because our sight and vision are hidden in darkness, what we are to see are hidden in darkness so we cannot see them unless we introduce light into the dark equation you can never introduce darkness into darkness for you to see, it's never done. For something to be hidden, it means such thing is in darkness and since it's in darkness, how will you introduce that same darkness just for you to see, it's not possible, this first sentence makes us know that for anything that is made clearly to the world to be seen is made manifest, seen, visible by only one thing which is **light**, what is light itself?

Light is something that makes vision possible, do you now see that without light, vision is not made possible, why is someone whose eyes is darkened is called a blind man, it is simply because such person's vision is not clear, there is lack of light, darkness has totally taken away his clear vision, I pray none of us shall go blind in Jesus name. The second sentence in the verse says **for whatever makes manifest is light**, hmm, when you enter a room at night that is without light and a snake is with you in the room, will you know that such snake is with you?

No, even if it stays in front of you, you won't know unless it touches you or it gives a "hiss" sound, but what happens when you put on a torch, the snake is clearly and easily seen and you try to avoid yourself from getting bitten by it, why didn't you try to avoid getting bitten by it when there wasn't a torch, the reason is simply because the finder of the snake is yet to come which is light, the instrument which would be used to expose it is not yet with you, this is why if you are walking at night, you are advised to take a torch when walking dark places because evil and harmful creatures hide themselves in the dark for you not to easily notice them, they use darkness as a kind of camouflage, this is the reason the kingdom of darkness hold meetings at night where they know people would be asleep and they won't be seen going to their meetings. Looking at the meaning of expose now. To expose means to deprive of shelter, protection, or care. Inserting it into the verse now, we have **but those things that are deprived of shelter, protection or care are made clearly visible by the light**

The moment you shine a very bright torchlight at an animal hiding in the dark is the moment it starts running away looking for where to hide, when a snake is in the dark and you shine its eyes with a light, it stays in that particular position not knowing where to move to because the illumination has taken over his dark vision, the brightness of the light makes it looks weak thereby making it stationed and not able to move.

Now, let's apply this particular verse to the world today, Christians are the light of the world while those who are yet to receive Christ still live in total darkness, the devil and

his agents operate in the dark which means they own darkness, we as Christians, we are to shine for the whole world to see, people asking you to know if you are born again is an insult to the light in you, how dare you light a candle inside a house filled with darkness and a visitor comes in and still asks if there is light, what a question! When the light of God is not seen in you through your character, words, attitudes, relationship with others and through your actions, this is when others will keep asking you if truly you are born again

I don't know if someone is truly following me?

It's when you manifest through the light of God that is seen in you that is when you will be able to expose the plans, strategies and the thoughts of the devil, the devil can never go against himself, demons can never chase out demons, it's not possible, it's when the light of God is clearly seen in you that exposing the works of darkness would be very easy and seen in you. Know this, manifesting his light does not mean you doing eye service, it doesn't mean you just carrying the Bible all about without you being able to digest the word of God and eat it raw.

Kai, you can never fake the light of God, people will know, demons will know, the devil himself will know so how won't God know, if you have been trying to show to people that you are spiritual too just for them to hail you as a man of God, you are faking the light of God, when you join the multitudes to do evil in your place of work or you join them to direct the money that is not meant for you into your account and you get to church lifting holy hands for people to know you are holy, you are faking his light, when you write answers on your palm to the examination hall and make it look as if you are different from those taking textbooks in to copy from, you lie and you fake his light.

As a trader, you lie to your customers the amount you bought a particular goods just for them to buy it at a huge price and you get to church to make them know the Lord is using you, you are a fake light sir/ma. You don't respect your husband at home the way you respect your pastor just for your pastor to pray for you and see you as a true child of God, you are faking His light. We are to know that as lights, we are meant to expose darkness in this world, whenever a light is introduced in a dark room, everywhere is brightened and people see what is happening, that is how a Christian should expose the works of darkness not joining them or supporting them to continue, it's wrong.

Whenever you see someone who is doing what is wrong, never pamper such person, tell the person the truth and expose the works of darkness so that the person may know the devil is only deceiving him/ her. The problem these days is that those that are supposed to expose the useless works of darkness are still battling with sin, Kai, they are still masturbating secretly, lying, fighting, using wrong words, abusing, stealing, cursing, committing adultery, gossiping, backbiting and doing all sort of different things, they are yet to manifest as light, they are yet to be seen visibly as children of God, so how will they expose the works of the devil when they partake in such.

Let's know that before we can expose the devil and his plans, we must manifest, Christ

must be seen in us, that is when his light will shine from our lives to the dark areas of this world and you are to know that as Christians, you are to go against every plan of darkness and let people know the consequences of following the devil, may God grant us the power to manifest so as to expose the devil in Jesus name. There are many people still living in darkness and they do not know about it, when one does not carry the light of God in Him, such person is a candidate of hell fire because God does not know the person. We must make sure that we possess the light of Christ and maintain it if truly we want to reign with Christ, and of course only those who are saved and are walking in accordance to the will of God that will make heaven and not perish. Check your life now, is there anyway your light have turned into darkness? you have to retrace your steps back right now, so that you can be saved from the coming wrath. We are stopping here for today, thank you for your time.
