SECTION B: COMPREHENSION (20MKS)

Read the passage below and answer the questions that follow

Ever wondered what the difference between abortion and murder is? Or should we ask what the two have in common? Both involve cutting life short. In the case of abortion, it happens to be the equally precious life of unborn baby that is ended.

In Kenya, abortion is illegal except when the life of the pregnant woman is in danger. Violating this carries the severe penalty of between 14 years and life imprisonment. The truth of the matter, though, is that many illegal abortions are still taking place. How else can we explain the presence of the foetuses in polythene papers dumped in city streets?

\

Many such abortions are unsafe. They are done using all manner of gruesome paraphernalia: wires, knitting needles, sticks, herbs, chemicals, detergents and drugs. Many people performing them lack the necessary skills and training. The environment in which they are done are usually unsafe and do not meet minimum hygienic or health standards.

This sorry situation has led some to clamour for the legalization of abortion. They argue that as things stand, it is adolescents and poor women who are forced to seek the services of the quacks. The financially - endowed counterparts visit private clinics of qualified doctors for the same services. They therefore do not suffer the consequences of a botched abortion; infertility, excessive bleeding, perforated internal organs such as the bladder and intestines and, worst of all, death. The feeling is that legalization of abortion would make it safe for all women.

But what reason, other than the legal one, would make a woman want to terminate a throbbing life within her? Interruption of career and education, being too young to bring up a baby or being abandoned by the father of the baby are often cited. Another reason is that the pregnancy is as a result of rape or incest. Whatever the reason, the negative consequences of illegal abortion, sage or otherwise, far outweigh any benefits it is purported to have. Apart from the physical effects of unsafe abortion already mentioned, there are physiological ones. They include headache, accelerated heart beat, dizziness, stomach upsets and disturbed sleep and concentration. Eating disorders resulting in excessive weight gain or loss sometimes occur.

Prefer Calling Amobi Group of Examiners @ 0743 333 000 or 0706 851 439 for Marking Schemes

At the psychological level, a woman who has carried out an abortion usually suffers from debilitating guilt. She feels that she has gone against a mother's natural tendancy. As a result of low-esteem, she feels worthless and undeserving of even getting another baby.

Depression may also set in, the victim may feel very sad and cry for a long spell. She may lose interest in life and want to commit suicide.

A mental illness called phychosis cannot also be ruled out. The sufferer exhibits very uncharacteristic behaviour and is not able to distinguish reality from fantasy.

There is also stigma at the social level. Not many people would proudly want to associate with one who has induced illegal abortion. A man seeking a marriage partner is likely to give such a woman a wide berth.

In sum, though illegal abortion may appear to solve the immediate problem of the one seeking it, it creates life-long complications.

SECTION F: LITERATURE (20MKS)

Reading the following narrative and answer the questions that follow

HARE AND THE HYE NA

One day, a long time ago when there was a famine in a certain part of Africa, Hare met Hyena.

"How thin you are looking." said Hare.

"You look as though you would not say 'No' to a good meat either", replied Hyena.

The two animals continued on the road together until they came to a farmer, who was grumbling because all his servants had left him.

"We'll work for you if you feed us," suggested Hare. The farmer willingly agreed, and giving the two animals a pot of beans to cook showed them the part of his farm where to weed.

First of all they made a fire and fetching three large stones, they rested the pot on them to cook their meal while they set to work. When the sun was high in the sky and it was time for the mid-day rest, Hyena told Hare to keep an eye on the cooking pot while he himself went down to the river to wash.

Hare sat by the pot, stirring it with a stick and longing to begin his meal, while Hyena as soon as he was out of Hare's sight, stripped off his skin. He looked the most horrible spectacle and ran back to Hare uttering strange cries. Poor Hare was terrified.

"Help! Help!" Hare squealed, as he ran for his life. "Never have I seen such a terrible creature! It must be a very bad juju."

Hyena quickly sat down and ate all the food, which was scarcely enough for one in any case, and then he went back to the river, found his skin and put it on again. He strolled slowly up the bank to the place where the cooking pot stood and found Hare returning cautiously.

“O Hyena", gasped Hare. “Did you see it too?”

“See what?” asked the deceitful animal.

“That terrible demon!." explained Hare

“I saw nothing, but come, let us now eat,” Said hyena calmly, as he walked towards the cooking pot and looked inside it.

“Where is it? Where is my food? What happened to it? Cried hyena, pretending to be in a fine rage. Hare looked at the empty pot.

“It was that terrible demon," he explained. "It frightened me away so that it could eat our food”,

“Rubbish! You ate it yourself while I was washing at the river!” shouted hyena, and no amount of protestations by poor Hare had any effect.

“Well,” said Hare. I know what I shall do. I shall make a fine bow and arrow and if the creature comes again I shall shoot it.”

The next day the fanner again gave them a pot of beans, but instead of working while it cooked. Hare took supple branch and began to make himself a bow.

The cunning Hyena watched him as he shaped the wood with his knife, and when it was almost finished, he said, “Give me your bow, Hare. My father taught me a special way of cutting bows to make them better than any other. I’ll finish that for you.”

The unsuspecting Hare gave up his bow and knife and hyena began cutting it in a special way, making it so weak in one place that it was bound to break as soon as it was used.

“There you are! Keep this beside you while I go and wash, in case that creature comes again," said Hyena, as he bounded off to the river, to remove his skin once more.

Hare, waiting beside the pot of food was just considering whether he could take a mouthful. So great was his hunger. Once again the most repulsive looking animal he had ever seen bounded towards him. Seizing his bow, he

Prefer Calling Amobi Group of Examiners @ 0743 333 000 or 0706 851 439 for Marking Schemes

put an arrow in it and pulled. *"Snap"* it broke in his hands, and as the horrible creature came closer and closer, Hare fled.

So, of course, Hyena ate all the food once more, and then went back to the river and put on his skin. He returned to accuse Hare of stealing the beans. Hare denied having even had a taste of food, but looking at Hyena he thought he saw a little piece of bean stuck in his teeth as he spoke.

"What!" said Hare to himself. "If that's the way it is, I shall be ready for you tomorrow my friend."

That night when hyena was sleeping, Hare made another bow. It was a good strong bow with no weak spots at all and three sharp arrows to go with it. The Hare, feeling ravenous by now, crept to the place where they cooked their food, hid the bow and arrows in some nearby long grass and returning to find hyena still asleep, he lay down close.

The next day, everything happened as Hare expected. The two animals worked hard all the morning while the cooking pot boiled nearby, and at mid-day Hyena went to the river to wash.

Hare waited his new bow in his hand. Presently, the loathsome looking creature came towards him. Hare raised his bow and shot. Straight into the creature's heart went the arrow and Hyena fell dead on the ground. Hare bent over the body and was not surprised when he saw it really was hyena.

"Well", he remarked, as he ate the first good meal he had had for days. "My mother always told me that greed did not pay, and now I know she was right" That is the end of the story.

SEHEMU II UFAHAMU (Alama 15)

Soma kifungu kifuatacho kisha ujibu maswali uliyoulizwa.

Ni dhahiri kwamba uharamia umechipuka kama desturi na mfumo wa maisha katika siku za hivi karibuni. Janga hili limeshamiri hususan pembeni mwa bara la Afrika Mashariki. Taarifa za uharamia zimetawala vyombo vya habari, kiasi cha kwamba haipiti siku bila kuripotiwa visa vipya vya matendo haya mabovu ambayo yanaweza tu kumithilishwa na uhayawani. Matukio haya yamewalimbikizia maharamia na nchi husika, simanzi na masaibu yasiyoweza kutiwa kwenye mizani.

Yumkini tatizo hilo halitokei pasi na kumotishwa na kitita kikubwa cha fidia kinachodaiwa na maharamia hawa. Aghalabu, suala hili lahusishwa pakubwa na azma na ari ya kuendeleza ujambazi wa kimataifa sawia na ulipuaji wa bomu mijini Nairobi na Dareslaam mnamo Agosti 7, 1998, na tukio la Septemba 11, mwaka wa 2001 kule Marekani. Maafa na uharibifu wa mali si hoja, la mno kwa maharamia ni kutosheleza matakwa yao. Kwa upande mwingine, ukosefu wa tawala- wajibika katika maeneno kunakotokea unyama huu ni thibitisho tosha la mazingira yanayowezesha na kuruhusu kuchipuka kwa janga hili.

Mchipuko wa baa la uharamia umelengwa jamii ya kimataifa ambayo ni mhudumu mkuu wa harakati kusitisha majanga makubwa kama vile njaa, umaskini na magonjwa yaliyosheheni pakubwa barani. Bila shaka, hili ni suala linaloshawishishwa na 'kinyume mbele.' Maharamia wanatishia utangamano wa kimataifa wanapotibua usafiri wa abiria na shehena zinazoelekezwa sehemu tofauti ulimwenguni.

Matumizi ya kidiplomasia na mashauriano hayaelekei kuzalisha matunda katika juhudi za kudhibiti uharamia. Zaidi ya hayo, matumizi ya nguvu yahusishayo mashambulizi pamoja na maharamia kufunguliwa mashtaka nchini Kenya na Ufaransa kunaelekea kupiga jeki juhudi za kukomesha uharamia ulimwenguni. Aidha, utawala wa nchi kunakochipuka uharamia haujajizatiti kuharamisha doa hili linalotisha ustawi wa kimataifa.

Mathalan, ni jambo lisilopingika inapobainika kuwa uharamia umedumaza biashara ya kimataifa hali inayochangia upungufu na ucheleweshaji wa bidha muhimu zinazoendeleza ustawi wa uchumi. Dosari hii inaelekea kukwamiza majowapo ya maendeleo ya milenia yanasisitiza uimarishaji na ushirikiano wa maendeleo ya upanuzi wa masoko ulimwenguni. Harakati za kitalii katika kanda ya Mashariki ya bara la Afrika zimehujumiwa. Na itakumbukwa bayana watalii hawasafiri tu kwa ndege bali hata kwa meli.

Jitihada za kuweka laini za mawasiliano chini ya bahari ili kurahisisha na kupunguza gharama za mtandao ulimwenguni ni ndoto ambayo haijatimia hadi hivi sasa, kufuatia juhudi za maharamia katika bahari ya Hindi. Kwa mujibu wa hali hii, mawasiliano mepesi na nafuu yasitarajiwe hivi karibuni. Licha ya hayo, shughuli za uvuvi na biashara nyinginezo kwenye kanda ya mwambao zimetiliwa shaka si haba. Itabidi mikakati na suluhisho
