I don't believe in luck. I believe that the work you do only decides your destiny and luck. When you work honestly for something, it …
1……true and no one can actually take it from you. It's good to be good, but it's even …2…… to be excellent. It's pretty simple. What I mean is that when you work hard, you gain expertise; you …3……knowledge and become smart. Your expertise, exceptional knowledge and skills help you stand …4…… . So when you try to hard work for prosperity, getting success becomes easy.

I think hard work ……5……goes in vain. Hard work makes us strong as a person. When you seriously hard work for prosperity, you automatically get …6…… for the worst. There will always be odds in life. But, an honest journey for success is invaluable, because it helps us live a life as a strong and independent person. The process of …
7……success is so hard that it makes you a strong person during the process. So I always appreciate honesty and hard work for being a better person in life.

Live life to the fullest, but never …8……the struggles. Do you know why a person having exceptional knowledge never cares about the social obligations, politics and power?

Knowledge and hard work are the main two things that can …
9…… you from the rest. So never hesitate to hard work for prosperity. Life is never about winning power and money. It's about winning prestige, honour and an unforgettable position in the society. Hard work will bring you luck, fame, money, motivation, and almost …
