GEOGRAPHY WORKSHEET

Prepared by Effoi Assignment Helper

EFFOI ASSIGNMENT HELPER

I. Read the following questions carefully and write true if the statement is correct or false if it is incorrect.

_____ 1. A grid is a network of evenly spaced horizontal and vertical lines used to identify locations on a map.
_____ 2. Rocks are formed when magma spills and cools over the earth of the surface.
_____ 3. The six-digit grid reference is appropriate on a map drawn in small scale.
_____ 4. Layer tinting indicates the exact elevation of a place on the map.
_____ 5. The contour lines are close together at the base and widely spaced at the top on the map indicates concave slope.
_____ 6. In Ethiopia the total fertility rate in urban areas is greater than in rural areas.

II. Read the following questions carefully and choose the best answer from the given alternatives.

_____ 7. Which continent has the longest population doubling time?
A- Oceania
B- North America
C- Latin America
D- Europe

_____ 8. One of the following is wrong statement?
A- The high population growth rate indicate short period of population doubling time.
B- The low population growth rate indicate longer period of population doubling time.
C- At the present world population doubling time is estimated 46 year.
D- North America has the longest period of population doubling time.

_____ 9. Which one of the following is a pushing factor of migration?
A- High living standard
B- Poverty and poor employment
C- Land scarcity
D- All except A

EFFOI ASSIGNMENT HELPER

_____ 10. A population pyramid is a drawing that shows population distribution by
A- Age group and doubling time
B- Sex and age group
C- Sex and birth rate
D- Age group and death rate

_____ 11. One of the following indicates the population structure of Ethiopia?
A- High female population
B- Dominated by children
C- High old age population
D- Low youth dependency

_____ 12. What does population explosion mean?
A- It is a stable political condition of the country.
B- It rapid growth rate of world population.
C- It is the population of young age group.
D- It is the population of developed nations.

_____13. Which one of the following components of population shows an increasing trend globally?

A- Crude death rate
B- Infant mortality rate
C- Maternal mortality
D- Life expectancy

_____14. Which of the following components of population change is purely non biological in nature?

A- General Fertility Rate
B- Migration
C- Fertility
D- Mortality

_____15. Which one of the following is the disadvantage of globalization of the world?

A- It creates new opportunities and benefits
B- The strong and wealthy nations have the power to promote certain of their advantages.
C- There are rules and principles by which globalization is governed.
D- Payments, known as remittances that international migrants send back to their home.

_____16. One of the following socio- economic factors belongs to North America cluster

A- Agriculture is traditional in nature and subsistence.
B- Intensive irrigation technology for rice cultivation.
C- An efficient agricultural management.
D- A large portion of its land area is devoted to agriculture.

_____17. One of the following country adopted an anti natalist population policy since 1993

A- South Africa
B- Ethiopia
C- Egypt
D- Nigeria

_____18. Which one of the following is sparsely populated area of the world?

A- North east of North America
B- Asiatic belt
C- European peninsular
D- Hot and humid region

_____19. One of the following factors may not be a cause for a high fertility rate in Ethiopia

A- Sex preference
B- A low education status
C- Late at marriage
D- Religion imposition

_____20. Which one of the following statement explain positive factor of population distribution?

A- Poor soils
B- Rugged topography
C- Very high humidity
D- Adequate water supply

EFFOI ASSIGNMENT HELPER

_____ 21. Most countries of the world have
A- Command economy
B- Mixed economy
C- Traditional economy
D- Free market economy

_____ 22. An international body that promotes and enforces provision of trade laws and regulation is
A-world Bank
B- IMF
C- WTO
D-NATO

_____ 23. Which of the following organization is grants loans to member nations for the purpose of reconstruction and development
A- COMESA
B- WTO
C- World Bank
D- IMF

_____ 24. One of the following indicators of economic development is considered as the best measure of the quality of a given society.
A- Stan dared of living
B- Per capital income
C- GDP
D- GNP

_____ 25. One of the following does not belongs to components of economic development
A- Environment
B- Poverty
C- Society
D- Economy

_____ 26. One of the following is located only in the northern hemisphere
A- Coniferous forest region
B- Tropical desert
C- Mediterranean region
D- Tropical rain forest region

_____ 27. One of the following areas in Ethiopia is densely populated?
A- KAMASHI
B- METEKEL
C- FIK
D- JIMMA

_____ 28. One of the following areas in Ethiopia is sparsely populated?
A- GEDEO
B- SIDAMA
C- WEST ARSI
D- ASSOSA

EFFOI ASSIGNMENT HELPER

_____ 29. Migration with between Africa and Asia is known as.....

A- Intra continental migration
B- Intercontinental migration
C- Resettlement
D- Evacuee

_____ 30. When people move out with the intention of returning to their place, this is known as?

A- Origin
B- Emigrants
C- Resettlement
D- Seasonal migration

_____ 31. One is caused by natural hazards?

A- Step migration
B- Resettlement
C- Evacuee
D- Refugee

_____ 32. Which population pyramid is best for Ethiopia?

A- Expansive population pyramid
B- Constrictive population pyramid
C- Stationary population pyramid
D- Convex sides of population pyramid

_____ 33. Soil consists of all the followings except

A- Remains of dead plants and animals
B- Organic and inorganic materials
C- Air that fills the empty space during dry season
D- Open space filled with water all the time

_____ 34. Drought refers to

A- Starvation
B- Famine
C- A shower of rainfall for three consecutive months
D- Lack of rainfall for reasonably long period of time

EFFOI ASSIGNMENT HELPER

_____ 35. In Ethiopia and elsewhere in the world, metallic minerals are associated with

A- Metamorphic rocks
B- Laid down rocks
C- Sedimentary rocks
D- Igneous rocks

_____ 36. The most recent geological era of the earth is

A- Mesozoic era
B- Palaeozoic era
C- Precambrian era
D- Cenozoic era

III. <u>Fill the bank spaces with the correct words / phrases</u>

37. The main population agglomeration centers of world population are called.....
38. The adult age group is also known as.....
39. According to the KOPPEN classification of climate, letter B stands for.....

40. The number of inhabitants occupying an area is known as……..
41. Policy that designed to encourage population growth is known as……..

Explain the following questions

1. Define economic system?
   a. ……
   b. ……
2. Write down three advantages of globalization
   a. ……
   b. ……
   c. ……
3. List three functions of IMF
   a. ……
   b. ……
   c. ……
4. List the characteristics of free market economy
   a. ……
   b. ……
   c. ……
   d. ……
5. Why age dependency ratio in Ethiopia is the highest?
   a. ……
   b. ……
   c. ……
6. What is economic system?
7. Why have different counties of the world followed different types of economic systems?
8. Explain the types of economic systems?
9. Which economic system is currently used for Ethiopia's economy? Why?
10. Explain the advantages and disadvantages of the types of economic systems?
11. Define the following terms?
    - Capitalism
    - Communism
    - Feudalism
    - Mercantilism
    - Socialism
    - Propertism
    - economy
12. Define global economy?
13. Why is global economy important?
14. What factors affect the economic decisions of a societies? Mention some of them and describe their roles in your locality economic affairs.

EFFOI ASSIGNMENT HELPER

15. Explain the difference between economic growth and development?

1. Where is the latitudinal location of Frigid Zone?
2. Why is this region cold?
3. What are the two sub regions of cold zone?
4. What is Tundra? Where are the areas of Tundra located?
5. Explain about Igloos, few scattered tribes or population and economic activities of Tundra Region.
6. What is Polar Ice Cap? Where is the location of Polar Ice Cap?
7. Do people live on Polar Ice Cap? If your answer is no, why?
8. What is an eco-system?
9. What are the components of an eco-system?
10. Explain about food chain and food web.
11. Explain about the three types of consumers and decomposers.
12. what are the advantages and disadvantages of globalization?
13. What are the important reasons for globalization?
14. who benefits from globalization?
15. Who will benefit from globalization from the 2020 global economic recession?
16. Is globalization a good or bad thing and why?
17. How does globalization affect the world politics?
18. How do people in Ethiopia benefit from globalization?
19. Why globalization is bad for the environment?
20. How does globalization affect technology?
21. Is globalization a new idea?
22. What is the future for globalization?
23. What are the influences of globalization on youth identity?
24. some people say that globalization has lost its broader meaning and has become synonymous with the advance of capitalism. Others go farther and perceive globalization as Americanization in new form of cultural invasion. Do you agree or disagree with this statement? Why?

EFFOI ASSIGNMENT HELPER

Work out

BASED ON THE DEMOGRAPHIC DATA *country x* CALCULATE THE FOLLOWING QUESTIONS

- Total population……..100,000,000
- Urban population……20%
- Total birth……2,000,000
- Total death……1,000,000
- Emigrant……4,000,000

- Immigrant……..3,000,000
- Infant death……100,000
- Women age between 15-49 years….25%
- Female population……51%
- Total area……1,000,000 square kilo meter
- Arable land……400,000 square kilo meter
- Young population……40%
- Old population……30%

Calculate

1- CBR
2- CDR
3- GFR
4- IMR
5- ER
6- IR
7- NMR
8- RNI
9- PGR
10- ADR
11- SR
12- Crude population density
13- Agricultural density
14- Population doubling time
