

Preparation Toolkit For

‘SSB INTERVIEW’

By Abhishek Pandey

Group Planning Exercise

- **The G.T.O introduces the candidates to the map or the model in the most rudimentary manner.**
- **The G.T.O then reads out a story and relates it to the map/model. The story will bring out a set of problems which the candidates have to resolve in their planning.**
- **The same story card is handed over to the candidates individually for them to read and understand in the five minutes allotted.**

Group Planning Exercise

- **The candidates are then given 10 minutes to make their plans individually and also unite the plan.**
- **Once the plans are written individually, the group is then put through a discussion for 15-20 minutes with an aim to work out a common plan.**
- **After a common plan is arrived at, one of the members narrates the same to the G.T.O on behalf of the group.**

Narrative

- You are a group of students come from Amarpur for picnic and you are presently at Rest House near river. After enjoying picnic you decided to go back to your location but minibus you were travelling developed some mechanical fault and it will take approximately one hour to get it repaired. As you were thinking about the problem a villager from Tulsi came to you and told that while he was going to his village six militants were planning to loot village Kalsi at around 3:30 p.m.**

Narrative

- **And simultaneously two of the miscreants of the same group will go for kidnapping a rich person at village Kali at 4:00 pm. After finishing the work, all six miscreants will come to Kirti, collect illegal items as planned and catch the train at 4:30pm from the railway station. In the meanwhile a person approaches you, and tell you that he has lost his monkey which is his primary livelihood and approaches you for help to terrace the animal.**

Narrative

- **While you were listening to the villager, a local person came to you and informs you that due to land slide, rocks have fallen on the railway track and a passenger train is likely to start from Sherpur railway station at 2:30pm causing a likely threat which may result into a train accident.**

Important Points

- **No priority, solve all the challenges simultaneously.**
- **What you have to do is your problem.**
- **Who will inform you about the problem, he/she now will be your helper.**
