

HOW TO OVERCOME ADDICTIONS AND OTHER ISSUES OF THE SOUL

Today's teaching will help many people that have been struggling with different issues of the soul

It will enlighten you on how to deal with issues of the soul and also how to help others that are struggling with those issues as well

Especially in the area of lust, masturbation, pornography, homosexuality, gay and Lesbianism etc

Now, before I start fully, let me share two of my recent spiritual experiences with you

Personally, as you all know, I don't share my experiences.

Because it's my spiritual experience not public experiences or prophetic experiences that is meant to be shared to declare the counsel of God

You see, as a believer, when you begin to engage God in the place of Meditation and explore realities in God

You will have a lot of spiritual experiences

They are normal

But you must not focus on those spiritual experiences or go about sharing it with people

If you do that you are limiting your access in the kingdom

Many things will be hidden from you by the Lord himself

The reason been that your action of sharing those experiences proves that you are not mature hence, you can't keep secret.

Therefore, you will not be given access to secret counsels of the Father in his council

Because every word you speak on earth are matter in the spiritual atmosphere of earth

And saying some things when it's not the right time will have the atmosphere of earth

Some words can affect the pillar of earth

Hence, it's not everything you say out

Expect they are prophetic instructions given to you by the Lord to share with his people

Many young guys lack this basic understanding of kingdom culture

Hence, the reason why some of them will not be able to operate outside the dimensions of God which they have been given access to in the past

This is why you see many ministers of the Gospel as well recycling dimensions

Nothing new is been given to them to steward

Hmmmmmmm....

In the kingdom we teach men the knowledge of Christ not our spiritual experiences

True spiritual experiences comes to you to enlighten on the knowledge of Christ

Hence, when you have a spiritual experiences don't be carried away by them

In those experiences the Lord is saying something to you

Pay attention to them

Okay † σ

Now back to the prophetic experiences I had recently

There was a day I was Engaging the Lord in my room on a particular Sunday

As I was Engaging the Lord through Meditation and Fellowshiping with him

I was taken and shown the future of earth

In what people called time travel

I saw the future of earth

I saw a very advanced civilisation on earth

The people of this civilisation have advanced in Christ to the point that they have become the physical manifestation of the mind of Christ

Their minds are full of light of God

That's they understand all things as God did

HMmmmmmm

Nothing is hidden from them

Another thing I saw among these people was that, their body were full of light and glory of God

Such that they didn't age at all

Their body have the ability to heal and restore itself back to New

Hence, no sickness and death have effect on them

The Spirit of God constantly quickens their mortal body

Therefore, from the young to the ancients among them, they all look fresh and neat without wrinkles or spots

Their body is ever new and beautiful due to the overwhelming life of God that flows out of them to their atmosphere and creation

Hmmmmmm For those fighting the message of *IMMORTALITY* continue

Okay † ♂

Be looking for prove first before you can believe.

Many will be shocked

As a matter of fact, I got to know that even scientist now have been saying that in the next few years man will be able to live more than 200yrs without getting old or weak

And they come into this discovery after they make some series of research on man's DNA

They see that there is an ability in the DNA of Man to heal and restore itself back

The ability for new cells to replace old cells

They discover that the cells of man has this ability And that man is experiencing sickness and death because majority of his cells are not programmed

98% of his cells are idle

So far man in his entirely life has only be able to program and use 2% of his cells effectively

You know why † ♂

Because the remaining 98% can only be unlocked and programmed by the Spirit of God inside the heart of man

Only the Holy Spirit has the ability to effectively program the entire cells of man

As a matter of fact man has over 1 trillion of cells in his body

So when Paul was talking about the Spirit quickening your mortal body back to life, he is talking about the quickening of your body cells

Now back to the prophetic experience

Another thing I saw among these people of advanced civilisation was that their city were full of tangible presence and life of God

It's so tangible such that you can feel it

Hence, nothing in that civilisation dies

Everything is alive

And they can talk to you

Including the metals

They were all full of life

Such that they are ever new and fresh without rusting

So while I was in that experience, I was told that this is the future of earth

That is the level that the earth is going to

Lastly, I saw that this presence and life of God that filled this civilisation came from the heart of the dwellers of that civilisation

The presence and glory of God that filled and energise them was not from outside space as we expect, No

It's from within them, through the indwelling presence of the Father inside them.

Because they have fully unlocked their heart

Hence, that presence and life of God was able to flow through effectively

To their outer physical atmosphere

These and many more I saw in this experience

Which I won't say here

So when I came back to my room here in this time and civilisation, I knew that the key to this people experience with God is their heart

Then, the Lord told me to began to teach about the heart and how to unlock it in my School of Supernatural

And he talked to me about the power of consciousness

This is why the next edition of SCHOOL OF SUPERNATURAL is titled *THE RISING OF CHRIST*

Through this class the heart of men will be unlocked and they will begin to come into the experiential realites of divine life of Christ within them

The school is to unlock Christ within believers

Now back to the prophetic experience

I also had another experience yesterday immediately I and Dr. Val finish chatting together around 5am in the morning

I was just Engaging the Lord through the practice of contemplation

Then, I was feeling weak in my body

So i stand up from the chair I was seating on

And immediately went to bed to lie down

And boom

I was in another time travel experience

And I saw myself walking in the streets of a particular city here in Nigeria

But as I was walking in that street I saw something that amaze me

I saw immorality among men

And I saw children 12 downward having both male and female organ

And practicing immorality

And then, I was taken to another time period of another country

Which is 1970

I saw myself in US in the year 1970s

I also saw some people but not much just few having both male and female organ

I saw that a child was buried alive by her parents because she has both male and female organs

Then, in that experience I knew that the enemy started sowing the seeds of genetic perversion to earth around 1970s that is when he open that portal to earth

So, the enemy is trying everything he has in his capacity to corrupt the DNA of man

He want to turn man to beast

But he is doing it gradually

Hence, the cause of different sexual perversions and immorality that is now common even among believers

These are the things that causes things like Masturbation, homosexuality, gay, lesbianism etc

These are the plans of the devil to corrupt man's DNA

He wants to restore man back to the days of Noah

So today I will teach on how to over this issues

Because they are not just sexual experience there is something those things are doing to the atmosphere of earth

It's polluting it and causing negative frequencies to find expression on earth

And when it's strong enough to power and sustain fallen angels then they will be able to enter the atmosphere of earth and begin to operate like they did in the days of Noah

Hence, the reason why you see that there is increase in the rate of sexual immorality and genetic perversion on earth today

Thank you Jesus

Hope am not sounding mystical this morning † ♂

That is why it's not everything you share out.

Okay † ♂ Let continue the class

So how do you deal with the issues of the soul † ♂

Now let me tell you some things

The devil has deceived many people

Expecially people struggling with sexual immorality like Masturbation, Homosexuality, lesbianism, gay etc

One of the lies the enemy make them to believe is that it's normal for them to be doing those things now since they are not yet married

And their body is craving to find expression in that areas as well

So it's not bad if they do those things to satisfy themselves now till they now got married and have access to sex with their partner

So the devil make them to believe that these things will stop once they got married

That they should just do it now to satisfy themselves

He has make many ladies and brothers to believe that it's not bad to engage in Lesbianism or gay since it's the same gender they are doing it and that will prevent unwanted pregnancy.

While he lied to some to believe that masturbation is not bad at all

That it's just a means of satisfying yourself that it's better to do such than to be engage in fornication or adultery

Hmmm

This is a total lies from the devil

These things is a demonic spirit finding expression through the body of those involved

And the more they engage in it the more the spirit has legal authority to work on earth and carryout other activities

So the Spirit uses their atmosphere and body to operate on earth

Hence, it will never stopped even after they got married

Such that they he/she never say no to their sexual advances

Yet these people are still struggling with masturbation

Even if the person is at home

For now reason they will just prefer to masturbate alone than to approach their partner for sex even though they knew that the person will never reject the advance

They will just want to go and masturbate

Even after having a good sex with their partner and few hours later they feel the urge again

They will just go and do it alone for no reason

They can't explain why

And these people are genuinely born again

They are believers

They pray in tongues and walk in the gifts of the Spirit

And the Anointing never stop manifesting in their lives despite these things

And this is where the devil and fooled Man people to think that because they still see the anointing at work hence, what they are doing is not wrong

Or that God is pleased with it

Though God is not angry at you for doing it

Yes he is not angry that is why you still hear his voice and walk in the Anointing of the Spirit

But he doesn't approve such acts because they are against his nature and character

They are of the devil

Therefore a true son will seek to mend his ways according to his father's ways

And bring his body under subjection

So now, how do you deal with this issue † ♂

The first thing you must understand is that these things first began in your soul not your body

Hence, dealing with your body won't solve it

Even prayers won't solve it permanently

It can stop for a while but it will still come back if you don't deal with it in your soul

It all began in your soul

There are things which your soul has been exposed to that trigger those things in your life

Now you have to expose your soul to the knowledge of Christ

Because it's the idleness of your soul that gave the enemy the space in your soul to use for that

That is why I love the post that mama Elfrida shared with us here yesterday

Though it's not allowed to share post here without receiving permission first

But this post is timely

Hence, I will share it here again myself after the class

Hmmmm

Sin is dead

The reason why many believers are struggling with these addictions is because they are careless in their soul

They watch just any movies they want to

Relate with opposite sex anyhow

Now they are struggling with lust

Because, they left their soul idle for devil to use

One of the importance of your soul is to help you to engage Christ

If you are the type that watch just any movies relate with opposite sex anyhow, then you must know that you have a lot of work to do in your soul

You must to constantly engage your soul with the knowledge of Christ

Hence, lust will begin to find expression in your soul

This is why you see me teaching about Meditation alot

It's to help your soul

You cannot walk with God without your soul

And devil knew this, hence, the reason why he keeps sowing bad thoughts and imaginations to your soul

So as to distract your soul

And keep you from been conscious of Christ indwelling within you

Setting your soul free is your responsibility not God

So stop praying to God to set you free

You are the one that cause that issue in your soul and you are the one that must take

responsibility for it to stop it

Then, when you play your part, God will play his own part too

I hope this help those that keep messaging me and telling me that they have prayed and fasted about it yet it didn't stoped

† ♂

It's not God responsibility

Your and your body is your responsibility

You have to set them in partnership with God

You play your part and God play is own part 2

Thank you Jesus

If you are a lady and you are struggling with any issues in your soul, like anger, hatred, malice etc we will meet at ladies group tonight

Jesus

Hmmmmmm

Ever since I started teaching on sex, rape etc here

Have received alot of messages from people suffering from these things

And they desired to be free

Btw that time and now

I and my babe have spent over ₦12,000 to buy airtime to call and teach those people involved

We can pray a simple prayer for them and they will be free but those things will still come back afresh even Stronger if they didn't understand certain kingdom principles of how the soul and body works

So, to save them completely we have to take time to teach them in details how to deal with it themselves so that they too can also set others free

And to our surprise these people have started sharing their Testimonies with us

And we both celebrate over this

So, if you are struggling with addictions

I have a good news for you

God didnt hate you because of that

As a matter of fact he knew before you were born that you will likely struggle with it

But also, he has set you free from it ahead of time

So what you just need to do is to engage your victory in Christ

By practicing these things I taught here and you will be surprised at how these things will be stopped

Now let me say this before I close

It's possible that after you begin to apply these principles the urge can still come once in a while

But that doesn't mean that the spirit is still in your atmosphere no

The spirit has left

Now It's just your body that is desiring it because your body has been used to it

Hence, you have to reprogram your body and resist that urge

Don't give in to it

When you resist it , over time your body will then adjust fully into this new way of life

The urge will not come again

This is where many people also failed

They give in to the urge again

And then do it again and again

And over time the Spirit comes back again

And then give them a worst experience than the one they had before

So, there is a need to keep guiding your soul every time

Don't be careless

Okay † ♂

For sisters struggling with crush

We will meet in ladies group

But you can also apply this same principle and you will be free from that

It's a demonic oppression in your soul which you need to deal with

Am talking about sisters that have tried everything possible within their capacity to stop having desires for a guy but yet it looks as if they can't control it

Many of you don't even have desires or love any other guy again

We will help you out

Of you belong to this category, pls message me

Okay † ♂
