

1 : Create a new account or login your account

قم بإنشاء حساب جديد أو قم بتسجيل الدخول إلى حسابك

<https://accounts.google.com/ServiceLogin/signinchooser?passive=1209600&continue=https%3A%2F%2Faccounts.google.com%2F&followup=https%3A%2F%2Faccounts.google.com%2F&hl=en-GB&flowName=GlifWebSignIn&flowEntry=ServiceLogin>

NOTE: Create account need to support your email address and your phone

ملاحظة: إنشاء حساب بحاجة إلى دعم عنوان بريدك الإلكتروني وهاتفك

The image shows the Google sign-in page for Google Cloud Platform. At the top is the Google logo, followed by the text "Sign in to continue to Google Cloud Platform". Below this is a text input field labeled "Email or phone" with a red border. To the left of the input field is a vertical line. Below the input field is a link that says "Forgot email?". At the bottom of the page, there are two buttons: "Create account" on the left and "Next" on the right, both with red borders. Above the "Create account" button is the text "Not your computer? Use Guest mode to sign in privately. Learn more".

2 : How to get key

كيفية الحصول على المفتاح

A: After login create a new project

بعد تسجيل الدخول إنشاء مشروع جديد

B: New project

مشروع جديد

Select a project

NEW PROJECT

Search projects and folders

Q |

RECENT

ALL

C:

D: project name:you can enter whatever char

اسم المشروع: يمكنك إدخال أي حرف

A screenshot of the 'New Project' form in the Google APIs console. At the top, there's a header with the Google APIs logo and a search bar. Below the header, the main section is titled 'New Project'. There's a warning message about the project quota. Below the warning, there's a 'Project name' field with a red outline, containing the text 'youtube1'. Below the 'Project name' field, the 'Project ID' is shown as 'youtube1-269508'. Below the 'Project ID', there's a 'Location' field with a red outline, set to 'No organization'. Below the 'Location' field, there's a 'Parent organization or folder' field. At the bottom, there are two buttons: 'CREATE' (highlighted with a red box) and 'CANCEL'.

Add credentials to your project

- Find out what kind of credentials you need

We'll help you set up the correct credentials. If you wish you can skip this step and create an [API key](#), [client ID](#), or [service account](#).

Which API are you using?

Different APIs use different auth platforms and some credentials can be restricted to only call certain APIs.

YouTube Data API v3

Where will you be calling the API from?

Credentials can be restricted using details of the context from which they're called. Some credentials are unsafe to use in certain contexts.

Web browser (Javascript)

What data will you be accessing?

Different credentials are required to authorize access depending on the type of data that you request.

☒ Public data
Access publicly available data provided by the API

☐ User data
Access data belonging to a Google user, with their permission

What credentials do I need?
