Irrecha means by it self giving thanks or saying thank you. Irrecha is divided in to two this are:-

1,Irreecha Tulu

2,Irrecha Malka

Irreecha Tulu

First of all tulu mean in afaan oromoo is mountain. Before the summer entering Abba Geda (the leader of Geda),Haada sinqee(women leader of Geda) went to 1 great mountain and pry for God to give rain in the summer for them. By the way not only them but also Abba Luba, Abba Dula, Qallicha and also all people wish this and Pry for God.This is known as **Irrecha Tulu.**

Irreecha Malka

This is the second type of irreecha this happen after the irreecha tulu.when the summer pass and the winter comes all oromo people meet in one place and give thanks for God. Oromo believes in moisture so this occurs around the river.

Generally irrecha is our symbol. It is one of the term in Geda policy. Mainy it celebrated in Hora Arsedi. But before 152 years age all oromo people celebrate this in Hora

Finfinne but by some political problems they start celebrating this holiday in Hora Arsedi. After this years know they start celebrating this holiday in both places. The oromo people have proudable culture and policy. GEDA policy is a gift for the world because it is the base for the dimocracy.Not only irrecha but also other terms of Geda are amazing.the culture of oromo people is very huge.
