The Lady who Lives on a Plane

Joanne Ussery, 54, from Mississippi is happy with her two grandsons because she lives on a Jet plane. Her home is a Boeing 727, so a visit to grandma is very special. Joanne's front door is at the top of the plane's steps, but you don't need a ticket or passport when you visit. There are three bedrooms, a living room, a modern kitchen, a luxury bathroom. The bathroom is in the cockpit, with the bath under the windows. Next to this is Joanne's bedroom in the first class section of the plane. Then there's living room with four emergency exit doors, which she opens on summer evenings. On the wall there's photo of the plane flying for continental airlines from Florida to the Caribbean. There are also four toilets, all with no smoking signs the plane is 27 years old and it is the best home in the world, says Joanne. It has all the things you want in a home: a telephone, air conditioning, a cooker, a washing

machine, even a dishwasher. It's always very warm even in winter, and it's big, **42** meters long. My grandchildren love running up and down. And my friends love parties here, but there aren't any flight attendants to serve them their drinks!' The plane cost Joanne just **\$2,000**.
