Welcome

Welcome to the world of Legal English, a comprehensive guide to mastering the language that underpins the legal profession. In this **Audiobook**, we embark on a journey through the intricate web of legal terminology, concepts, and communication, equipping you with the essential knowledge and skills required to navigate the vast landscape of law with confidence and precision.

Thanks, and Acknowledgments

Before we begin this enlightening journey through Legal English, we would like to express our heartfelt thanks and appreciation to all the legal scholars, educators, and professionals whose expertise and contributions have made this book possible. Your dedication to the field of law and language is the driving force behind this endeavor.

We also extend our gratitude to the readers and learners of Legal English, whose curiosity and commitment to mastering this complex yet crucial language continue to inspire us. We hope this book serves as a valuable resource on your path to legal excellence.

Let us begin this transformative exploration of Legal English together, and may it empower you to excel in the fascinating and challenging world of law.

Legal English

The Legal English Audiobook' is a complete introduction to legal English. It contains legal reading, speaking, listening, exercises and a full answer key. It is the perfect starting point for learners who are at pre-intermediate level in general English and continues all the way to a high-intermediate level of legal English. Learners can use this Audiobook over a long period of time, if necessary.

The book has 10 units, including sections on the legal terms, common sentences , topics, reading and listening.

There is also plenty of testing material to help learners remember the new legal terminology & vocabulary.

We get great feedback about this book; teachers and students often tell us it's the clearest and most work-related legal English book available.

What is covered in this book?

- + 800 legal terms with audios and exercises
- 8 (eight) areas of law
- + 500 common and important legal expression
- + 500 common and important legal sentences

These practice areas are the following:

- Law of contract
- Law of Tort,
- Law of criminal,
- Law of international and comparative,
- Law of property,
- Law of commercial,
- Law of Employment,
- legal English for Litigation.

DESCRIPTION OF PRACTICE AREAS

This part the book covers a detailed and comprehensive description of eight practice areas.

- by providing brief intros, texts and audios, and
- by presenting all key legal terms in use in these practice areas, and
- by describing how these terms are to be used as native professionals use these terms.

In summary, the reader will

- have a thorough understanding of these areas of law
- memorize and practice all the common legal terms used in each area
- be able to use these terms at native pro level.

This book is useful for

Law students, lawyers, legal translators , or legal English course instructors to teach legal English for their students.

In summary, it is a book describing 8 practice areas of law and +800 legal terms, using +500 sentence patterns, which will guide you to perfect legal English command, all the while you have a command of English a bit better than intermediate level, as the sentence patterns provided in the book enable you to express your message instantly at native pro level.

This book is an investment whereby you can perfect your legal English, thereby promoting your career in law and in legal translations.

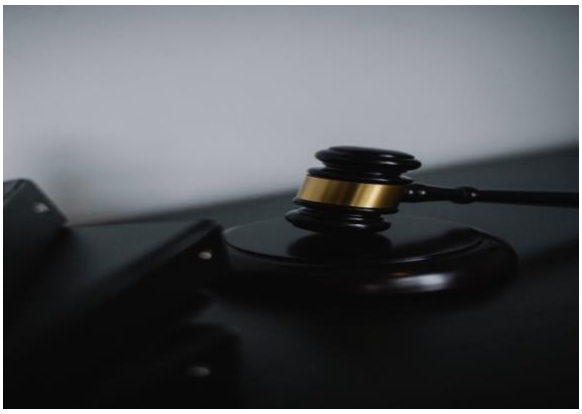
Introduction

Legal English is not just a specialized language; it is the cornerstone of legal practice, a bridge that connects the legal community across borders, and the key to unlocking the doors of justice. In this introductory section, we will lay the foundation for our exploration of Legal English by delving into its definition and the profound importance it holds within the legal world.

Understanding the legal system is paramount, and we will unravel the distinctions between common law and civil law systems, shedding light on the fundamental differences that shape the practice of law in various parts of the globe. Furthermore, we will explore the dichotomy between civil law and criminal law, examining how these two pillars of the legal field diverge in their objectives and principles.

As we delve deeper, we'll delve into the intricate realms of Tort Law and Criminal Law, differentiating between these distinct branches and elucidating their role in seeking justice and providing remedies for wrongs committed.

To comprehend the vast landscape of the law, we must also grasp the significance of constitutions, laws, and statutes, which form the bedrock of legal systems. These foundational aspects of the legal world



will be demystified, making them more accessible and understandable to those embarking on this journey with us.

Legal English is a multifaceted tool, and as we progress through this Audiobook, we will explore its application in various areas of law, from Contract Law to Torts and Liability, Criminal Law to International and Comparative Law. We will equip you with the vocabulary, knowledge, and skills necessary to thrive in each of these domains, helping you communicate effectively, draft meticulous documents, and understand the intricacies of legal proceedings.

By the time you conclude your journey through this Audiobook, you will not only possess a firm grasp of Legal English but also the confidence to engage in legal discourse, whether in the courtroom, the boardroom, or any legal setting. So, without further ado, let us embark on this enlightening journey into the realm of Legal English.
