

Light Of The World

God's word is life and His life when received in our heart births light. It is the light which comes from God's word (Jesus) that fades away darkness in our heart. When we fill ourselves more of God's word, we are being filled more with life and the extent to which we are filled will determine the intensity of light that'll radiate from our inner being. We are in a world of darkness and the only way we can survive as light is to keep our lamp fueled with life. Any sin you commit is a cut in power supply, if you always fall, Jesus is always ready to receive, but you're doing yourself more harm than good, because your light will be so low like that of a match stick.

It is the entrance of the word of God in our hearts that invites the holy spirit in us. When we accept Jesus, He gives us His word which is also His life as deposits. it is the holy spirit that help us become more like Jesus. However, just as the holy spirit helps us to become more like Jesus, He's also has a fiery dimensions, the holy fire of God, a fire that never burns, but sanctifies. Unless we fan these flames of the holy ghost with the fuel of life, God's word) He won't be able to engulf our entire being, sanctifying us from all impurity for God to dwell in our heart. He's a fire that feeds on life to destroy death.

The reason many fall to sin is not because it's impossible to stop sin, in God all things are possible, but we have to fight to attain salvation even as we are called by grace. Only those who strive to fan the flames of the holy ghost will attain salvation. Many has fallen, because they refuse to ignite the flames of the holy ghost in their heart through God's word, the fire of the holy ghost sanctifies and we need to be filled so we can be engulfed in His flame in order to be purged of all impurity for God to dwell fully in our temple.

Unless we feed the fire with the word, we cannot be engulfed in His flames. The more we fuel our heart with life and the more we pray, the more His fire burns to sanctifies, when we are truly sanctified, then there'll be space for the Lord it dominate our heart completely. It is the fullness of the nature of God living in us that causes us to live a life without sin, it's not impossible, you only need follow the right and simple processing. All you need is Just the; word, obedience and prayers.

We ought not to talk about sin, but about Gods kingdom, it's because we chose to dwell in sin we have no choice but to. Many will say it's not possible to live without sin, well, so you say. God wants to restore us back to our original state in His kingdom, sin is just a hindrance to that which God wants for us and salvation is just a ticket to enter that life of the kingdom where we become functionaries in God's government. We are on earth here as intern, if you all live for the king, then you'll serve as an intern of the kingdom, when all is said and done you'll be judged and rewarded in accordance to how much sacrifice you put on your internship.

When you receive the word you become a light in a dark and fallen world, not just a light, but a dim light, and where there is light, darkness will come to put it out, they'll surely come. That's why when we walk under the government of the

Christ, there comes persecution, temptations, affliction and so on. All these are light devourers if you let them be, but they are also light enhancers if you choose to let them draw you closer to God, that is. And if you don't pray you'll give way for darkness to swallow up your light.

God's angels are ministering spirits and they are always there, but they won't function if you don't let them function. It is when you pray to walk under open heaven, God's will give them authorization to guard and shield you from the evil one. The reason why a family can't be touched by the devil even while most of them are ungodly is, because of the few or that one person who is a light bearer, even if leaves the house, the presence of the light is still there, and so the Lord's hand is over them.

God's word gives us life, it is this life that resonates the light of God in us and God's angels only walk with those who are of light, your light attaches them to you. Your ability to harness life from God's word will increase the intensity of your light attaching angels of high calibre at your disposal, these angels draw from God's life in you in order to function effectively. They're indeed powerful according to their rankings, but still your rank in the spirit realm and your faith will determine how much they'll exercise their powers to defend and minister to you, they need your life.

So when next you're being afflicted or oppressed, know then, your life is too low in the spirit and your light is weak, weak enough to dissipate darkness. When your light shines, will darkness be able to comprehend it or not?

If you've become a light, you must be a brighter and burning light, you have no choice if you want to survive, else you'll be swallowed up by darkness. Many have lost their light already, because they refuse to tend it when it was given. We must keep our light burning through God's word, it's the only way we can survive in the world of darkness.

We are the light, but not all light are of much use, it's only the light that illuminates brighter that is placed on the master's table to be of use. All other light are placed elsewhere in the house at low intensity, but the one with the master is always at the brightest. There are light that shines in the dark, but there are also lights that are being used to venture deeper into utter darkness, for the advancement of the kingdom.

2 Timothy 2:20-21

"Now in a large house there are not only gold and silver vessels, but also vessels of wood and of earthenware, and some to honor and some to dishonor. Therefore, if anyone cleanses himself from these things, he will be a vessel for honor, sanctified, useful to the Master, prepared for every good work."

If we are God's children, we are light bearers in this world of darkness. However, one can choose to remain a light of lower intensity and he'll be left alone in the house without much use. But, if we purge ourselves, and increase the fire in our lamp we'll be always with the master ready to be used. In other words; those who spend more time with God are

lamps radiating light at a higher energy, they are vessels of silver or gold and in reality at the end of time, the Lord will reward them in accordance to their value, not how much he used them, but in accordance to their value.

I once said, the harvest is for God, the sacrifice is yours alone. So even a man who didn't preach the gospel can be an Intercessor and because of how much sacrifice he poured out before God, he'll be rewarded much more than the one who preached and even won souls.

However, if you want to be changed from an earthen vessel into a vessel of honor, then you must purge yourself of all traces of impurity and subject more to the government of the holy spirit so you can be sanctified and refined unto a vessel of honor.

Proverbs 25:4

"Take away the dross from the silver, And there comes out a vessel for the smith;"

Take away the traces of impurity from the heart and out comes a vessel fit for God. We must practice the act of waiting in the presence, for that's the only way all of our dross can be removed. The reason why many aren't relevant unto God even though they're lamps in His household is, because they're not fully purged. A man can be free from sin, but there still, there lies within scars left that causes his heart not to be fit for the Father to dwell. And in order for God to dwell in a temple to be used for service it must be purged completely.

Trust me you won't know you still lack love until someone offends you and your heart becomes heavy for a while, you've not sinned, but the holy spirit wants God to use you and so he keeps telling you to purge yourself. At times you won't feel alright no matter how much you pray, until you apologize, you must apologize even though you are in the right. When you do this, you're being refined into a vessel of honor fit for the Father.

When a lamp is being lit, it burns and burns until the glass is clouded in soot, now if the soot isn't removed from the glass although, the lamp still has its light, but its light won't be radiated brightly in the room, because the lamp is covered in soot. And so, the master keeps it in a place where it's not needed much. The master doesn't clean the lamp, unless you're ready to be cleaned then, the holy spirit (the cleaner) will come and remove the soot from the lamp's glass. As you die more to yourself by crucifying your old nature at the cross to become more like God, the more your soot will be cleaned then, you'll shine brighter and you'll be of great value to the master.

Work on your character, it is the nature of the flesh subdued that brings God to walk with a man. I've been saying it and I'll continue saying it, dwell in the word to draw water for the holy spirit (the soap) to clean your lamp. The more water you draw the cleaner you'll become, no matter how much detergent you have you can't get your lamp clean unless you have the right amount of water. If you can do this you'll see, soon God will reveal Himself to you and you'll be of value.

We are the light of the world, but as I earlier said, not all lights are relevant. You come to a gathering where all believers are light bearers, but a man who has harnessed much life and has died might come into their midst and his light will radiate brighter, surpassing the light of all the believers put together, rendering them irrelevant. That's why we have too many believers, but still darkness prevails, because the light intensity of even the few children of God is too low. The reason the church is dying is, because we chose to become light of low intensity, we chose to become functionaries with dim lights.

Our failure to become light of higher intensity is a decline in the advancement of God's kingdom. Of what intensity is your light? How much can your light be of use? This is why souls are won, not just to save people from hell, but rather to litter the earth with light bearers so that darkness will be subdued. And as long as they maintain and increase the intensity of the light in them, the territory of darkness will begin to crumble, even in your family, some family are still afflicted because that light bearer haven't risen up.

Matthew 5:14-15

"You are the light of the world. A city set on a hill cannot be hidden; nor does anyone light a lamp and put it under a basket, but on the lampstand, and it gives light to all who are in the house.

Do you know how a higher intensity light is in the spirit realm? You know how a lightning strike is visible to all, that's how a man with greater light resonates from unto heaven. Once he enters a city, not a house, but a city, every power of darkness knows a great threat has arrived. I wish it would be possible to use diagrams to illustrate these things like a cartoon, then you'll have a vivid image of what I'm talking about. I pray the Lord widens the scope of your spiritual imagination.

All kind of heavenly activities begins to take place under the ambience of such person. If an angel is to come to the earth realm, it is his heavenly gateway of light they'll use, he becomes popular in the heavens. If your light is low, how do you want an angel to breach the earth realm, can you pass through a key hole?

The moment we realize our lives also give assistance to spirit entities we'll do everything to live only for God. All Christians do is ask God for physical bread as if God wouldn't provide for them in the first place. No one will tell you to pray to widen the scope of your heavenly gateways twice. For most Christians, the reason they're still lacking, or afflicted in anyway is because their heavenly gateway is too narrow for anything to get through. If you can build intimacy and widen it, then you'll no longer need to pray for material bread.

The holy spirit has taught us severally how to pray, it'll take pages to bring that here. Learn how to pray the will of God and you'll build intimacy and widen your heavenly portal that'll resonate the light of God from your being to the heavens, no darkness can dare function normally under such condition.

But light cannot break forth fully where there is flesh. In kingdom advancement we need a great intensity of light to break the thick cloud of darkness that governs a territory or the hearts of men, men can't really be saved, because enough light has not been dawned into their soul to break the barrier of darkness that hinders the entrance of God's life. If we still focus more on our desires, we cannot release more of God's light, because the spiritual barrier of the flesh will block it, although you have light but no one will see it, no angel not even demons.

You should know flesh actually is in dual personality, the physical flesh and the spirit of the flesh, they function hand in hand, you can bind any other spirit, but you can't bind flesh, you deal with it spiritually as you deal with it first in the physical. If you've not deny the flesh of many pleasures, you not yet have a noticeable light even though you're born again. The reason a man can shout Jesus and a demon disappears is because his spiritual barrier of the flesh has been destroyed to release freely the high intensity of God's light that destroys darkness.

We must die to the flesh, we must carry our cross daily and die to the flesh in order for its barrier to be thinned for the breaking forth of God's life in us. We might be filled and packed with God's life, but unless the flesh still subdues the breaking forth of God's life and light in us, we'll remain a dim light. Demons, no even witches the lowest of the realm of darkness will invade your space and nothing will happen, because your light is dim. As we die to the flesh the more the fleshly barrier cracks to emanate the light of God.

When this barrier is fully dissolved, then we are clothed fully in God spirit to illuminate the fullness of His life in us with great intensity. It is this light that shifts the balance scale of darkness for God's kingdom to prevail, because a great light has come. Even Jesus the son of God wore flesh and He understands this, He understands the flesh has to be dealt with to reveal His glory within and so after He was filled with the Holy Spirit, He was led into the wilderness to be tempted, to become refined by destroying the flesh in order to break forth the glory and light within. It was when Jesus came out of the wilderness his light was revealed, and it was said;

Matthew 4:15-16

"The land of Zebulun and the land of Naphtali, By the way of the sea, beyond the Jordan, Galilee of the Gentiles. The people who were sitting in darkness saw a great Light, And those who were sitting in the land and shadow of death, Upon them a Light dawned."

For everyone who wants to manifest this great light must first be filled with the holy spirit. It when you're filled you're being led by the holy ghost into the wilderness to destroy the old nature, the flesh, then you'll be refined and the light of God will break forth with great intensity.

Men who are refined for God's kingdom, are the light of the word and they are highly recognized in God's kingdom. Unless you sacrifice, you'll be a light, but not unto the world, you'll be only of low intensity, limited and of low value.

How much you die to reveal the glory, will determine how much God's light in you will break forth. Are you noticeable? And even if you're, are you a threat to darkness? Those who are light of the world are like a house in a hill top and that's why when they venture into a new territory a huge pillar and energy of light is resonated from the earth to the heavens, no evil would dare... they're a grave threat to darkness.

Be the light of the world not just your house, the places of irrelevance the master kept the dim lights represents places like our homes, because that's the only environment they can be of use, but when the master steps out the door, (the world) it is a complete and thick darkness that can be felt, He then takes the brightest of lamps that dissipates darkness.
