Answer **all** *the questions.*

Each question is followed by four options lettered A to D. Find the correct option for eac
tion and shade in **pencil** on your answer sheet the answer space which bears the same letter as th
you have chosen. Give only **one** answer to each question. An example is given below.

Linen should be ironed with a
A. cool iron.
B. warm iron.
C. medium hot iron.
D. hot iron.

The correct answer is hot iron which is lettered D and therefore answer space D would b

⊂A⊃ B ⊂C⊃ ▬D▬

Think carefully before you shade the answer spaces; erase completely any answers you
change.

Do all rough work on this question paper.

Now answer the following questions.

1. To retain the quality of food items bought in bulk, one should
   A. provide adequate storage facilities.
