The Oath & Notices Flow Chart

We Take an Oath of Allegiance to the Constitution

By taking the 'oath to self' we are changing allegiance from the crown back to the constitution removing all unlawful contracts with the crown.

Please print 2 copies of the 'oath to self' making 2 originals. Both originals must have wet ink signatures, have 3 witnesses unrelated to you sign it, they must be 21+ years of age with no criminal convictions within the past 10 years.

Send an original 'oath to self' back to yourself via registered mail. Please do not open the envelope when it arrives, but keep it somewhere safe. Now staple the receipt and tracking number to the 2nd original; this is proof of your lawful standing. Now make photocopies for the notices.

ALL notices along with the oath MUST be sent via registered mail; making them undeniable in law. Notices: The 1st original is to be sent via registered mail, so print off ALL the pages. The 2nd original is to be kept as evidence so print up-to the signatures section; now you'll have 2 originals with wet ink. Now staple the receipt and tracking number to your 2nd original. Please make a note of the date it was delivered. ALWAYS allow at least 10 days between each notice before sending out the next notice. You must ALWAYS complete the 5 notice process. Remember we are collecting the evidence.
