

NETWORK OF ETHIOPIAN LEGAL PROFESSIONALS (NELP)

ANNOUNCEMENT OF BURSARY

The *Network of Ethiopian Legal Professionals (NELP)*, recently established by like-minded legal professionals, announces the creation of a bursary for low-income students registered in the regular LL.B program in Ethiopian Law Schools with a monthly amount of 500 Birr for the coming ten months.

The _____ is invited to identify two students, a female and a male, who face financial difficulties to assist them in covering their incidental expenses during their stay in the Law School through the *Network of Ethiopian Legal Professionals Bursary*.

To ensure that the greatest possible number of low-income students receive financial support, we recommend that you conduct a fair and transparent selection process by collecting relevant information and assessing applicants' financial status. In your selection process, we recommend that you (1) require applicants to provide evidence of economic hardship, such as testimony from the Kebele/woreda administration in which they reside, (2) prioritize those from areas affected by conflict (3) rank applicants based on such factors as to whether they are first in their family to attain a University level education and whether they have better grades compared to others in a similar financial position.

The deadline for submission of student names and contact details to NELP is November 25, 2022.

Date of announcement:
04 November 2022
