

S/N	CRSCODE	QUESTION	OPTION A
1	PAD710	Rational comprehensive theory is best suited for	War theory
2	PAD710	The basic objective of Public Analysis is?	To assess the degree to which the policies are meeting their goals
3	PAD710	Elements of good policies include	Validity, importance, Originality, Physibility
4	PAD710	Public Policy analysis include one of these	Evaluation research, Outcome analysis, Implementation analysis and utilization
5	PAD710	Planning involves three major processes	Formulation of plan, Evaluation and implementation of plan
6	PAD710	The following are the different kinds of budget in public financial management except	Balanced budgets, Revenue budget and performance budget
7	PAD710	Budget adoption is what stage in budgetary process?	Fist stage
8	PAD710	All of these account for budget failure in Nigeria except	Edelay in preparation, submission and appropriation
9	PAD710	Some of these are techniques in Public policy analysis except	System analysis, cost-benefit analysis
10	PAD710	Critical Path Method (CPM) is a	Project Modelling technique

OPTION B	OPTION C	OPTION D	ANSWER	TMANO
Planning theory	Economic theory	Political theory	B	TMA3
To assess the degree to which the policies are not meeting their goals	To assess the degree to which the policies are good	To assess the degree to which the policies deviate public funds	A	TMA3
Validity, importance, Originality, feasibility	Valuable, importance, Originality, feasibility	Validity, importance, Originality, features	B	TMA3
Evaluation research, income analysis, Implementation analysis and utilization	Evaluation research, Outcast analysis, Implementation analysis and utilization	Evolution research, income analysis, Implementation analysis and utilization	A	TMA3
Formulation of plan, Evaluation of plan and development of plan	Formulation of plan, identification and Evaluation of plans	Formulation of plan, execution of plan and Evaluation of plans	D	TMA3
Performance budget, unbalanced budget, Revenue budget	Balanced budgets, Revenue budget and perfect budget	Balanced budget, perfect budget and Revenue budget	A	TMA3
Final stage	Second to last/final stage	Third stage	B	TMA3
Bureaucratic process of securing funds release	Increase in revenue	Lack of implementation plan	C	TMA3
Cost-effectiveness and cost-ineffectiveness analysis	Planning Programming, budgeting system (PPBS) & critical path method (CPM)	Cost-effectiveness analysis and Management by objective (MBO)	B	TMA3
Evaluation modelling technique	Budgetary technique	Implementation technique	A	TMA3
