

Peace, Be Still

The servant beheld the future and a sea being shifted. A sea being shifted to a certain position and the force shifting the sea stopped. [This is revelation not to be revealed plainly]

Underneath this sea was like three depression like waterfall. There after, came a great servant of God prophesying like unto this; "If this continues, there'll be three vortex stirred in the sea [just like waves are caused by earthquake underneath the ocean]." Or a vortex of water caused by a child forcefully stirring with his hand, water in a bucket

One of the vortex ceased to be [prevented], yet only two remains. As the servant beheld this wave caused by these vortex, [not yet reality but like In a vision]; it came forcefully sweeping through the city.

Within this Revelation there was this impression; "The Lord reveals to restore. This can be stopped, this can be stopped. The people can stop this if only they live a life of prayer." This was a voice and also not a voice, but rather a knowing of what is to happen and the prevention

Pray for the continent of Africa. Do not say "this is Africa," for what was seen was Africa yet the city and the geographical location is not Africa's. A true intercessor like Jesus, intercedes not for a nation but for the whole world. Do not forget also the body of Christ. If there's is a wave of darkness in the physical, then it is because there also has been already in the spirit [the body of Christ]. This is not yet reality, but a wave coming

The gates of hell shall not prevail. The Heart of God cannot be stopped from coming into being. If we fail God, He'll simply use another who's heart will become a fertile ground for His seed. But if we fail God, time of darkness will be stretched upon the people just as the Israelites spent extra years awaiting for a Moses who will become Love [God].

They who reject love, they who're not walking closely with God often are casualties of war. However still, do not forget you're not saved to live for self. Keep and feed them as Jesus has commanded. If you truly Love, you'll not live for self, For love exist for the other. There is greatest darkness; God is not

necessarily looking for "Christians," but rather those whom are Journeying to become or has become Love [God]

What is this wave? A wave of darkness? What is it? But one thing is certain; Only Jesus can calm or prevent the storm. Only the Word [God] has dominion over all. Like Joshua, who is the Christian in whom the Word dwells in fullness? God is looking for Himself, God is looking for a man, a woman in whom He can find Love [Himself]

This Revelation is not new to us. The servant must reveal what has been revealed. God does nothing without Love, Revelation from God is Love

Let not this scripture becomes reality in your life

"And because lawlessness will abound, the love of many will grow cold."

[Matthew 24:12]

Become Love

Shalom
