Content omitted From Grade 7 physics from 2013 E.C academic year b/c corona pandemic

No	unit	Content/sub-content adjusted	No of periods	Rationale (for omission of the content)
1	Unit 1	1.2 Standardization and Measurement	2	This subtopic is included in Grade 9 physics in different depth so students will learn it there
3	Unit4	4.3. Transformation and conservation of energy	2	This subtopic is included in Grade 8 physics in different depth so students will learn it there
4	Unit 5	5.3. Types of simple machines	4	This subtopic will be covered in Grade 9
5	Unit 6	6.4. Conversion of temperature scales (2 periods)	**2**	This subtopic will be covered in Grade 9 in different depth
7	Unit 8	8.6 Law of electrostatics (2 periods)	**2**	Students will learnt this content in Grade 8 in detail
	Total Period		**12**
